Governance Accountability And The Future Of The Catholic Church:

Governance, Accountability, and the Future of the Catholic Church Francis Oakley, Bruce Russett, 2004 Proceedings of a conference held Mar 28 30 2003 at Yale University Includes bibliographical references p 203 228 and index **The ^ACrisis of Authority in Catholic Modernity** Michael J. Lacey, Francis Oakley, 2011-04-06 It is fairly clear that while Rome continues to teach as if its authority were unchanged from the days before Vatican II 1962 65 the majority of Catholics within the first world church at least take a far more independent line and increasingly understand themselves rather than the church as the final arbiter of decision making especially on ethical questions This collection of essays explores the historical background and present ecclesial situation explaining the dramatic shift in attitude on the part of contemporary Catholics in the U S and Europe Catholic Theological Ethics, Past, Present, and Future James F. Keenan, 2011 Theological ethicists confront key questions and issues from around the globe to provide a state of the art volume in 21st century moral theology

Best Practices in Catholic Church Ministry Performance Management Charles Zech, 2010-06-23 The Church is not a business but it does have a stewardship responsibility to ensure that all of its resources are used as effectively as possible to carry out God s work on earth In the case of human resource assets good stewardship involves assisting those engaged in ministry whether clerical or lay to achieve their greatest potential through the various components of performance management including performance assessment This unique collection brings together both scholars and practitioners who tackle the tricky questions related to the performance management of lay Church workers and clergy priests and deacons Performance management is multi faceted ranging from issues about hiring job descriptions performance criteria performance appraisal formation and firing procedures As a charitable organization the Church is subject to the same civil law employment regulations as companies in the private sector Contributors demonstrate that Canon Law and Church tradition supports the performance management of Church ministers including clergy This is a valuable resource for programs in church ministry pastoral administration and in the emerging field of church management **The Catholic**

years after the Second Vatican Council emerging theologians are in a unique position to offer hopeful visions for the next fifty years of the Church in light of the pressing internal and external challenges it faces today Rooted in the texts of Vatican II and a commitment to the church Visions of Hope brings together the research of leading young scholars around five important topics dialogue ecclesiology ethics liturgy and ministry These ideas represent the future shape of the Church because they are from the theologians who are planting the seminal ideas of Church

Theology without Borders Leo D. Lefebure, 2022-06-01 Peter C Phan's contributions to theology and pioneering work on religious pluralism migration and Christian identity have made a global impact on the field The essays in Theology without Borders offer a variety of perspectives across Phan's fundamental work providing an overview for anyone interested in his body of work and its influence

American Catholics Today William V. D'Antonio, 2007 American Catholics Today presents trends in American Catholic opinion from 1987 to 2005 using four identical surveys These surveys depict trends in Catholics' views of the sacraments church authority church teachings in the area of sex and gender and strength of Catholic identity This book suggests that the future will see more Catholics making decisions about their own faith and fewer Catholics who are fervently committed to church life

Democracy in the Christian Church Luca Badini Confalonieri, 2012-05-10 Are church structures divinely willed and consequently both permanent and irreversible Can Christians modify the polity of their church like they do with that of civil society What would be the role of the office of oversight in a Christian church democratically organized What would its relationship with specialized authorities within the community be Building on a remarkable number of specialist studies in exegesis church history political philosophy canon law and ecclesiology this book convincingly fulfils three goals First it encourages Christians to determine the political outlook of their faith community Secondly it provides some fundamental criteria for judging the ethical value of church structures on the basis of Bernard Lonergan's cognitional theory and with the help of recent insights from contemporary political philosophy Thirdly it outlines a largely novel and groundbreaking understanding of a democratic church In the process it engages with some of the most difficult ecclesiological issues faced by most Christian churches

Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural

conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts Here Comes Everybody William C. Graham, 2009 Some of these essays were first delivered as lectures in the Here Comes Everybody series to inaugurate the establishment of the Braegelman Program of Catholic Studies at The College of St Scholastica in Duluth Minnesota The authors gathered here begin to suggest something of the depth and breadth of the living Catholic Intellectual Tradition They are leading the way in new and important discussions These programs are about more than Catholic institutions exploring and asserting their identity Surely those involved seek rigorous engagement with the Catholic Intellectual Tradition examining religious ideas and ideals and participating in the study of Catholic thought and culture They seek dialogue with Catholics of all mind sets with Christians from other denominations believers from other faith traditions and all who seek the truth Book Jacket *Repair My House* Michael H. Crosby, 2012 Repair my house From a crucifix in a ruined chapel St Francis heard this instruction which set him on a mission of evangelical renewal In the light of unprecedented crisis afflicting the Catholic church Michael Crosby calls us all to undertake a wholesale project of repair and renewal The crisis is visible in the sex abuse scandal and the questions it has raised about internal structures of authority and clerical culture Meanwhile a spate of new atheists has challenged traditional worldviews The percentage of those identifying themselves as former Catholics grows at an alarming rate In response Fr Crosby sees a challenge to return to the core evangelical message of Jesus Christ This message is supported not contradicted by discoveries in science and cosmology He envisions a new way of being Catholic and a set of practices that draws on the contemplative compassionate and life giving spirit of the Kingdom that God's will may be realized on earth as it is in heaven **The Oxford History of British and Irish Catholicism, Volume V** Alana Harris, James Edward Kelly, John David McCafferty, 2023 The fifth volume of The Oxford History of British Irish Catholicism which assembles synoptic chapters from leading historians of modern Catholicism offers a comprehensive and accessible overview of the changing contours of the Church on two islands and with connections across the world throughout the twentieth century *Doing Good, Well* Dr. Craig A. Bell, 2020-03-20 This book is an attempt to synthesize the logic of mathematics organizational behavioral management policy of an MBA and ecclesial scholarship of a Doctorate of Strategic Leadership into the pages of one book This book begins with the premise that similar to corporate leaders faith based leaders are also capable of implementing these skills and resources to maximize the efficiency of church organizations It is critical that they have a full toolkit of resources to leverage when administering their organizations It also acknowledges and recognizes that a life fully engaged in active ministry doesn't necessarily allow time to pursue degrees in each of the aforementioned subjects As a result Dr Bell

has attempted to create a medium through which ecclesial practitioners and scholars may review these various topics to obtain insight. Similar to survey courses in college readers should see it as a beginning point for further exploration. Take from it what you will and apply it to your God-given vision. Use it as a springboard to the progressively revealed Will of God for the effective administration of your call.

An Introduction to Catholicism Lawrence S. Cunningham, 2009-02-16 The Vatican The Inquisition Contraception Celibacy Apparitions and miracles Plots and scandals The Catholic Church is seldom out of the news. But what do its one billion adherents really believe and how do they put their beliefs into practice in worship the family and society? This down-to-earth account goes back to the early Christian creeds to uncover the roots of modern Catholic thinking. It avoids getting bogged down in theological technicalities and throws light on aspects of the Church's institutional structure and liturgical practice that even Catholics can find baffling: why go to confession? How are people made saints? What is infallible about the Pope? Topics addressed include scripture and tradition sacraments and prayer popular piety personal and social morality reform mission and interreligious dialogue. Lawrence Cunningham, a theologian prize-winning writer and university teacher, provides an overview of Catholicism today which will be indispensable for undergraduates and lay study groups.

Conciliarism Paul Valliere, 2012-02-09 A comprehensive introduction to conciliarism decision making and conflict resolution in the history of the Christian church.

Communion, Diversity, and Salvation Brian Flanagan, 2011-06-09 Questions surrounding the understanding of communion are a significant feature of much contemporary ecclesiology, but their prominence calls attention to wider questions regarding ecclesiological method. Brian Flanagan addresses the questions of how to characterize a systematic ecclesiology and the possibility of a systematic communion ecclesiology through an investigation of the concept of communion in the work of Jean Marie Tillard. OP Tillard's theology is noted as the most prominent Roman Catholic communion ecclesiology. Flanagan argues that Tillard contributes to systematic ecclesiology by defining the concept of communion in relation to Christology soteriology and theological anthropology, thereby framing an answer to the contemporary question of ecclesial unity and diversity. The book also assesses the danger of idealism in Tillard's thought and suggests that further engagement with social scientific study of the church will help strengthen nuance and critique Tillard's idea of communion.

Orthodoxy and the Roman Papacy Adam A. J. DeVille, 2011-03-15 Among the issues that continue to divide the Catholic Church from the Orthodox Church, the two largest Christian bodies in the world together comprising well over a billion faithful, the question of the papacy is widely acknowledged to be the most significant stumbling block to their unification. For nearly forty years commentators theologians and hierarchs from popes and patriarchs to ordinary believers of both churches have acknowledged the problems posed by the papacy. In *Orthodoxy and the Roman Papacy: Ut Unum Sint and the Prospects of East-West Unity*, Adam A. J. DeVille offers the first comprehensive examination of the papacy from an Orthodox perspective that also seeks to find a way beyond this impasse toward full Orthodox-Catholic unity. He first surveys the major postwar Orthodox and Catholic theological

perspectives on the Roman papacy and on patriarchates enumerating Orthodox problems with the papacy and reviewing how Orthodox patriarchates function and are structured In response to Pope John Paul II s 1995 request for a dialogue on Christian unity set forth in the encyclical letter *Ut Unum Sint* DeVille proposes a new model for the exercise of papal primacy DeVille suggests the establishment of a permanent ecumenical synod consisting of all the patriarchal heads of Churches under a papal presidency and discusses how the pope qua pope would function in a reunited Church of both East and West in full communion His analysis involving the most detailed plan for Orthodox Catholic unity yet offered by an Orthodox theologian could not be more timely
