Hip Hop In American Cinema By Melvin Donalson:

Hip Hop in American Cinema Melvin Burke Donalson, 2007 Hip Hop in American Cinema examines the manner in which American feature films have served as the primary medium for mainstreaming hip hop culture into American society. With their glamorizing portrayals of graffiti writing, break dancing, rap music, clothing, and language, Hollywood movies have established hip hop as a desirable youth movement. This book demonstrates how Hollywood studios and producers have exploited the profitable connection among rappers, soundtracks, and mass audiences. Hip Hop in American Cinema offers valuable information for courses in film studies, popular culture, and American studies. The Cambridge Companion to Hip-Hop Justin A. Williams, 2015-02-12 It has been more than thirty-five years since the first commercial recordings of hip hop music were made. This Companion, written by renowned scholars and industry professionals, reflects the passion and scholarly activity occurring in the new generation of hip hop studies. It covers a diverse range of case studies, from Nerdcore hip hop to instrumental hip hop to the role of rappers in the Obama campaign and from countries including Senegal, Japan, Germany, Cuba, and the UK. Chapters provide an overview of the four elements of hip hop: MCing, DJing, break dancing, or breakin, and graffiti, in addition to key topics such as religion, theatre, film, gender, and politics. Intended for students, scholars, and the most serious of hip hop heads, this collection incorporates methods in studying hip hop flow as well as the music analysis of hip hop and methods from linguistics, political science, gender, and film studies to provide exciting new perspectives on this rapidly developing field. *A Companion to the American Novel* Alfred Bendixen, 2014-11-17 Featuring 37 essays by distinguished literary scholars, *A Companion to the American Novel* provides a comprehensive single-volume treatment of the development of the novel in the United States from the late 18th century to the present day. Hollywood film directors are some of the world's most powerful storytellers, shaping the fantasies and aspirations of people around the globe. Since the 1960s, African Americans have increasingly joined their ranks, bringing fresh insights to the characters we watch and profoundly changing the way stories are told. Today, black directors are making films in all popular genres while inventing new ones to speak directly from and to the black experience. This book offers a comprehensive look at the work of black directors in Hollywood, from pioneers such as Gordon Parks, Melvin Van Peebles, and Ossie Davis to current talents including Spike Lee, John Singleton, Kasi Lemmons, and Carl Franklin. Discussing sixty-seven individuals and over 135 films, Melvin Donalson thoroughly explores how black directors' storytelling skills and film techniques have widened both the thematic focus and visual style of American cinema.

Assessing the meanings and messages in their films Donalson convincingly demonstrates that black directors are balancing Hollywood's demand for box office success with artistic achievement and responsibility to ethnic cultural and gender issues

Hip Hop on Film Kimberley Monteyne, 2013-09-13 Early hip hop film musicals have either been expunged from cinema history or excoriated in brief passages by critics and other writers *Hip Hop on Film* reclaims and reexamines productions such as *Breakin'* 1984 *Beat Street* 1984 and *Krush Groove* 1985 in order to illuminate Hollywood's fascinating efforts to incorporate this nascent urban culture into conventional narrative forms Such films presented musical conventions against the backdrop of graffiti splattered trains and abandoned tenements in urban communities of color

setting the stage for radical social and political transformations Hip hop musicals are also part of the broader history of teen cinema and films such as Charlie Ahearn's *Wild Style* 1983 are here examined alongside other contemporary youth oriented productions As suburban teen films banished parents and children to the margins of narrative action hip hop musicals by contrast presented inclusive and unconventional filial groupings that included all members of the neighborhood These alternative social configurations directly referenced specific urban social problems which affected the stability of inner city families following diminished governmental assistance in communities of color during the 1980s Breakdancing a central element of hip hop musicals is also reconsidered It gained widespread acclaim at the same time that these films entered the theaters but the nation's newly discovered dance form was embattled caught between a multitude of institutional entities such as the ballet academy advertising culture and dance publications that vied to control its meaning particularly in relation to delineations of gender As street trained breakers were enticed to join the world of professional ballet this newly forged relationship was recast by dance promoters as a way to invigorate and remasculinize European dance while young women simultaneously critiqued conventional masculinities through an appropriation of breakdance These multiple and volatile histories influenced the first wave of hip hop films and even structured the sleeper hit *Flashdance* 1983 This forgotten ignored and maligned cinema is not only an important aspect of hip hop history but is also central to the histories of teen film the postclassical musical and even institutional dance Kimberley Monteyne places these films within the wider context of their cultural antecedents and reconsiders the genre's influence

Mediated Misogynoir Kalima Young, 2022-06-06 To be considered innocent is to be viewed as vulnerable to harm and worthy of protection from harm An innocent person's pain is recognized acknowledged and addressed *Mediated Misogynoir Erasing Black Women's and Girls' Innocence in the Public Imagination* interrogates contemporary media culture to illuminate the ways the intersections of anti blackness and misogyny i.e. misogynoir converge to obscure public perceptions of Black women and girls as people with any claim to innocence When pained images of Black female bodies appear on media devices the socio political responses are telling not only in their lack of urgency but also in their inability to be read empathetically By examining viral videos memes and recent film and television Kalima Young makes a striking case for the need to create a new Black feminist media studies framework broad enough to hold the complexity and agency of Black women and girls in a digital age invested in framing them as inherently adulterated and impure
