Le grand si ècle d'une mission protestante. La mission de Paris de 1822 à 1914 ZORN

Jean-François, 2012-04-18 Fond e en 1822 dans le cadre du mouvement de r veil religieux qui traverse l Europe la Mission de Paris est la principale soci t missionnaire du protestantisme de langue fran aise Son premier champ de travail au Lesotho en

1833 situ hors de la zone d'influence française lui permet de tenir des positions internationalistes originales. Obligé du fait des bouleversements politiques mondiaux et de l'appel des sociétés de missions britanniques et américaines d'entrer en action en Polynésie, en Malaisie, au Gabon et Madagascar, la Mission de Paris assume ces nouveaux devoirs sans renoncer au Sénégal et au Zambèze, pays dans lesquels elle s'est engagée. Son expérience en Algérie de courte durée oblige la fois aux injonctions des groupes de pression colonialistes protestants et au désordre présente en terre d'islam. En France, en Suisse et dans le Piémont vaudois où se trouvent ses principaux soutiens, la Mission de Paris parvient à mobiliser une opinion protestante pas toujours convaincue du caractère fondamental de la mission pour la vie de l'église. Cette mobilisation permet néanmoins de susciter des vocations de missionnaires avec l'aide des pasteurs autochtones et dans des conditions souvent difficiles, ceux-ci se consacrent à l'évangélisation des populations, leur enseignement et leur promotion sous diverses formes : artisanat, agriculture, etc. Avant la veille de la Première Guerre mondiale, le mouvement missionnaire anglican et protestant semble à son apogée, comme en témoigne le clat de la conférence mondiale de dimbourg de 1910, laquelle la Mission de Paris participe et dont elle tire de nouvelles forces. Avant que le drame de 1914 ne commence à mettre en difficulté l'idéal civilisationnel et l'évangéliste venu du monde occidental, Jean François ZORN est professeur maître d'histoire du christianisme à l'époque contemporaine de l'Institut Protestant de Théologie, Faculté de Montpellier, France. Il est engagé dans plusieurs associations : le Centre de Recherche et d'échanges sur la Diffusion et l'Inculturation du Christianisme (C.R.E.D.I.C.), l'Association Francophone cumnique de Missiologie (A.F.O.M.), la revue *Perspectives Missionnaires* (P.M.), il est l'auteur de nombreux articles et ouvrages sur la mission protestante de langue française dont il est l'un des principaux spécialistes. Les protestants Sébastien Fath, 2003. **Regard historique et sociologique sur la religion protestante** partir d'une analyse des idées reçues sur le sujet **Revue d'histoire du protestantisme** Société de l'histoire du protestantisme français (France), 2017. **Anti-Catholicism in Britain and Ireland, 1600-2000** Claire Gheeraert-Graffeuille, Geraldine Vaughan, 2020-08-24. This edited collection brings together varying angles and approaches to tackle the multi-dimensional issue of anti-Catholicism since the Protestant Reformation in Britain and Ireland. It is of course difficult to infer from such geographically and historically diverse studies one single contention but what the book as a whole suggests is that there can be no teleological narration of anti-Catholicism: its manifestations were episodic, more or less rooted in common worldviews and its history does not end today. The Presence of the Word Walter J. Ong, 1967-01-01. This provocative exploration of the nature and history of the word in some of its social, psychological, literary, phenomenological and religious dimensions argues that the word is initially aural and in the last analysis always remains sound; it cannot be reduced to any other category. Father Ong contends that sound is essentially an event manifesting power and personal presence and his descriptive analysis of the development of the media of verbal expression from their oral sources through the laborious transfer to the visual world and then to contemporary means of electronic communication shows that the predicament of the human word is the predicament of man himself. Examining the

close alliance of the spoken word with the sense of the sacred particularly in the Hebreo Christian tradition he reveals that in a world where presence has penetrated time and space as never before modern man must find the God who has given himself in the Word which brings man more into the world of sound than of sight **Protestants** André Dumas,2007 Les

protestants Les voici dans leur incontestable pluralité et dans leur unité fondamentale Cette présentation limpide honnête et perspicace ne cache rien de la diversité des protestants Elle sait reconnaître la dynamique qui les anime tous Elle salue l'originalité du regard qu'ils portent sur le monde la fois libre et responsable Ce livre qui n'est petit que par son volume est fort bien venu en ces temps si soucieux de définir l'identité de chacun pour la reconnaître ou pour s'en protéger Une approche du protestantisme pour le découvrir et le comprendre Bulletin de la Société de l'histoire du protestantisme français

,2002-10 **La nouvelle France protestante** Jean-Paul Willaime,sébastien Fath,2017-11-22 Une enquête menée par l'IFOP en 2010 révèle une carte complètement renouvelée du protestantisme français Alors que l'on voit une déchristianisation massive de la France les héritiers de la Réforme progressent selon une logique inattendue certes mais inévitable D'ormais un tiers des protestants français sont vangeliques alors que 60 % d'entre eux restent ancrés dans une tradition luthéro-réformée Cette nouvelle donne suscite des questions et appelle des analyses Cet ouvrage les développe sous la conduite de deux parmi les principaux intellectuels protestants français de l'heure Sébastien Fath et Jean-Paul Willaime O sont les forces vives des protestants français d'aujourd'hui Qui sont ces chrétiens Comment expliquer non seulement leur maintien mais aussi leur essor notamment dans les banlieues Quels contours donner aux courants émergents aux nouvelles Eglises entre pentecôtisme vangelisme et communautés issues de l'immigration Comment s'articulent au sein des traditions réformée et luthérienne l'héritage et le renouvellement Comment volent les relations avec le catholicisme Telles sont quelques-unes des questions développées par les vingt-deux auteurs de ce livre qui fera date **Disciplinary at the Fin de Siècle** Amanda

Anderson,Joseph Valente,2002-01-15 Contemporary celebrations of interdisciplinary scholarship in the humanities and social sciences often harbor a distrust of traditional disciplines which are seen as at best narrow and unimaginative and at worst complicit in larger forms of power and policing Disciplinary at the Fin de Siècle questions these assumptions by examining for the first time in so sustained a manner the rise of a select number of academic disciplines in a historical perspective This collection of twelve essays focuses on the late Victorian era in Great Britain but also on Germany France and America in the same formative period The contributors James Buzard Lauren M E Goodlad Liah Greenfield John Guillory Simon Joyce Henrika Kuklick Christopher Lane Jeff Nunokawa Arkady Plotnitsky Ivan Strenski Athena Vrettos and Gauri Viswanathan examine the genealogy of various fields including English sociology economics psychology and quantum physics Together with the editors' cogent introduction they challenge the story of disciplinary formation as solely one of consolidation constraint and ideological justification Addressing a broad range of issues disciplinary formations disciplinarity and professionalism disciplines of the self discipline and the state and current disciplinary debates the book aims to dislodge

what the editors call the comfortable pessimism that too readily assimilates disciplines to techniques of management or control It advances considerably the effort to more fully comprehend the complex legacy of the human sciences
