Historia de Estados Unidos & Historia Universal & White Deverell, *Historia de Estados Unidos de América* Neysa

Rodriguez-Deynes,2021-08-02 United States History Textbook *Historia contemporánea de América* Joan del Alcàzar,2003

Este volumen responde a un todo tan amplio y sugerente como Historia contemporánea de América con un análisis exhaustivo de la evolución histórica del continente americano desde la poca de las independencias nacionales hasta finales del siglo XX en el que se incluyen tanto las características comunes como las específicas de los dos hemisferios continentales. Los autores por razones metodológicas y con intenciones didácticas han estructurado el volumen desde una doble perspectiva temática y narrativa basada en la aproximación de todas aquellas cuestiones problematizadas que se han demostrado especialmente relevantes en diversos momentos reales y sociedades superando con ello la opción más habitual y común de convertir la historia contemporánea de América en una colección concatenada de pequeñas historias nacionales de cada uno de los países. *Breve historia de Estados Unidos* Philip Jenkins,2019-01-17 Nació que suele suscitar las más encontradas reacciones la imagen de los Estados Unidos de América se compone sin embargo en gran medida de prejuicios y estereotipos. Esta Breve historia de Estados Unidos recorre el desarrollo histórico de este país desde los inicios de la colonización hasta nuestros días destacando no solo los grandes acontecimientos políticos y militares sino también aspectos como la diversidad regional la pluralidad cultural e ideológica la importancia de las minorías o la relevancia que tuvieron en determinados momentos personajes y corrientes que hoy consideramos marginales. En un relato sencillo y brillante Philip Jenkins nos muestra la vitalidad de la sociedad la economía y la cultura norteamericanas planteando hasta qué punto se trata de una historia rica y excepcional alejada de sus raíces europeas. Esta quinta edición de la obra nuevamente revisada y actualizada lleva su desarrollo hasta la elección presidencial de 2016 que puso a Donald Trump en la Casa Blanca y toca asuntos recientes como el movimiento Black Lives Matter la legalización del matrimonio gay o la transformación del escenario geopolítico mundial.

Historia de Estados Unidos Carmen de la Guardia,2013-06-12 La historia de los Estados Unidos es una historia rica y con muchas más sutilezas que la que en muchas ocasiones sus historiadores nos han dejado ver. Esta Historia de los Estados Unidos pretende acompañar al lector a través de un recorrido por el tiempo y el espacio estadounidense. Engarzado alrededor de su crecimiento territorial demográfico económico político y de prestigio cultural este libro también se detiene en los conflictos y en las fisuras que hacen que la historia de esta potencia sea una historia rica compleja y que su comprensión esté expuesta a múltiples interpretaciones. Uno de los rasgos que más han resaltado las obras centradas en la Historia de los Estados Unidos es el de su excepcionalismo. Si bien en casi todas las historias nacionales se habla de excepcionalismo en los trabajos históricos sobre los Estados Unidos la insistencia sobre la singularidad de su desarrollo histórico es todavía mayor. Desde la fundación de las primeras colonias inglesas en América del Norte el deseo de alejamiento y de realización de un mundo verdaderamente nuevo

Subject Headings for School and Public Libraries Joanna F. Fountain, 2012-01-16 For public and school libraries this resource reflects recent changes in Library of Congress subject headings and authority files and provides bilingual information essential to reference librarians and catalogers serving Spanish speakers. Libraries must provide better access to their collections for all users including Spanish language materials. The American Library Association has recognized this increasing need. Subject Headings for School and Public Libraries Bilingual Fourth Edition is the only resource available that provides both authorized and reference entries in English and Spanish. A first check source for the most frequently used headings needed in school and public libraries this book incorporates thousands of new and revised entries to assist in applying LCSH and CSH headings. Of the approximately 30 000 headings listed most include cross references and all of the cross reference terms are translated. MARC21 tags are included for all authorized entries to simplify entering them into computerized catalogs while indexes to all headings and free floating subdivisions are provided in translation from Spanish to English. This book gives librarians access to accurate translations of the subject terms printed in books published and cataloged in English speaking countries invaluable information in settings with Spanish speaking patrons
