Quakers and Their Allies in the Abolitionist Cause, 1754-1808 Maurice Jackson, Susan

Kozel,2016-03-17 This volume explores the significant connections between the Quaker community and the abolitionist cause in America The case studies that make up the collection mainly focus on the greater Philadelphia area a hotbed of the abolitionist movement and the location of the first American abolition society founded in 1775 Despite the importance of Quakers to the abolitionist movement their significance has been largely overlooked in the existing historiography These studies will be of interest to scholars of slavery and abolition religious history Atlantic studies and American social and political history

Moral Capital Christopher Leslie Brown,2012-12-01 Revisiting the origins of the British antislavery movement of the late eighteenth century Christopher Leslie Brown challenges prevailing scholarly arguments that locate the roots of abolitionism in economic determinism or bourgeois humanitarianism Brown instead connects the shift from sentiment to action to changing views of empire and nation in Britain at the time particularly the anxieties and dislocations spurred by the American Revolution The debate over the political rights of the North American colonies pushed slavery to the fore Brown argues giving antislavery organizing the moral legitimacy in Britain it had never had before The first emancipation schemes were dependent on efforts to strengthen the role of the imperial state in an era of weakening overseas authority By looking at the initial public contest over slavery Brown connects disparate strands of the British Atlantic world and brings into focus shifting developments in British identity attitudes toward Africa definitions of imperial mission the rise of Anglican evangelicalism and Quaker activism Demonstrating how challenges to the slave system could serve as a mark of virtue rather than evidence of eccentricity Brown shows that the abolitionist movement derived its power from a profound yearning for moral worth in the aftermath of defeat and American independence Thus abolitionism proved to be a cause for the abolitionists themselves as much as for enslaved Africans

The Interesting Narrative of the Life of Olaudah Equiano Olaudah Equiano,2001-02-22 The Interesting Narrative of the Life of Olaudah Equiano was a key work of nineteenth century slave narrative autobiography Written and published by Equiano a former slave it became a prototype for the narratives that followed Kidnapped in Africa as a child Equiano was transported to the Caribbean and then to Virginia bought by a Quaker shipowner and placed in service at sea Aboard various American and British ships he sailed throughout the world and he continued to do so after having purchased his freedom in 1766 Once settled in London he fought tirelessly to end slavery This edition of Equiano s Narrative places the text in the center of abolitionist activity in the late eighteenth century Equiano knew many of the leading abolitionist figures of his time and this edition allows readers to trace the common ideas and cross influences in the works of the political and literary figures who fought for the end of slavery in America and England The original 1789 text of the narrative has been used for the Broadview edition with Equiano s subsequent emendations included in the appendices

The Unnatural Trade Brycchan Carey,2024-08-27 A look at the origins of British abolitionism as a problem of eighteenth century science as well as one of economics and humanitarian sensibilities How did late eighteenth century British abolitionists come to view the slave trade and British colonial slavery as unnatural a dread perversion of

nature Focusing on slavery in the Americas and the Caribbean in particular alongside travelers accounts of West Africa Brycchan Carey shows that before the mid eighteenth century natural histories were a primary source of information about slavery for British and colonial readers These natural histories were often ambivalent toward slavery but they increasingly adopted a proslavery stance to accommodate the needs of planters by representing slavery as a natural phenomenon From the mid eighteenth century abolitionists adapted the natural history form to their own writings and many naturalists became associated with the antislavery movement Carey draws on descriptions of slavery and the slave trade created by naturalists and other travelers with an interest in natural history including Richard Ligon Hans Sloane Griffith Hughes Samuel Martin and James Grainger These environmental writings were used by abolitionists such as Anthony Benezet James Ramsay Thomas Clarkson and Olaudah Equiano to build a compelling case that slavery was unnatural a case that was popularized by abolitionist poets such as Thomas Day Edward Rushton Hannah More and William Cowper
