Historical and Philosophical Foundations of Education Gerald Lee Gutek, 2001 The book is designed to provide teachers prospective teachers and educational administrators with an understanding of their profession by exploring its historical and philosophical roots through the writings of the world's great educational thinkers *A Memoir of an Educational Biographer* Gerald L. Gutek, 2024-09-01 In his interdisciplinary memoir Gerald Gutek applies history and philosophy of education to educational biography The author was guided by his focusing goals of exploring his path to becoming an educational biographer and working generalizations with his colleagues in the field Gutek's narrative begins with the author's childhood experiences that inclined him to a career in education followed by chapters on his doctoral program in the College of Education at the University of Illinois in Champaign Urbana his teaching of history and philosophy and education in the School of Education at Loyola University Chicago his research and writing of biographies of Johann Heinrich Pestalozzi and Joseph Neef and his textbook *Historical and Philosophical Foundations of Education* a Biographical Introduction and issues and strategies in writing about Maria Montessori Throughout the book Gutek analyzes concepts and applications he developed as an educational biographer such as parallel biographies slice of life writing reconsidering overlooked and understudied educators and the role of place and space in telling life stories **ENDORSEMENTS** Readers both new to educational biography or familiar with the discipline will find a valuable account of the author's long and varied career as a biographer From his childhood memory of listening to neighbors' stories in his grandfather's grocery store to encounters with the important teachers in his life Gutek brings his own story to life As he recounts the influences on his personal intellectual history and the processes of his research and writing readers gain valuable insights into the methods of an experienced educational biographer Larry Prochner University of Alberta For fifty years Gerald Gutek has been and remains one of the seminal and leading voices in the field of educational biography thus it only makes sense for him to create something new an intellectual memoir From his work on Counts in 1970 to his work on Montessori 2016 and her acolytes in the US 2020 Gutek has reliably bridged the worlds of educational history educational biography and philosophical foundations of education this work cements his legacy Gutek skillfully interweaves personal and family history with movements in educational history both formal and informal then explains how these impacted his thinking and writing Throughout this eminently readable memoir Gutek also includes political and historical context without engaging in divisiveness Scholars of life writing should give this a close reading as Gutek sprinkles nuggets of methodological brilliance throughout the manuscript Junior scholars would do well to read Gutek's more substantive sections on the methods used to write each of his books it is the academic equivalent of Master Class in textual form Ed Janak University of Toledo Case Method and Pluralist Economics Kavous Ardalan, 2017-12-09 This book discusses the relationship between pluralist economics and the case study method of teaching advocating the complimentary use of both to advance economics education Using a multi-paradigmatic philosophical frame of

analysis the book discusses the philosophical methodological and practical aspects of the case study method while drawing comparisons with those of the more commonly used lecture method The book also discusses pluralist economics through the exposition of the philosophical foundations of the extant economics schools of thought which is the focal point of the attention and admiration of pluralist economics More specifically the book discusses the major extant schools of thought in economics Neo Classical Economics New Institutional Economics Behavioral Economics Austrian Economics Post Keynesian Economics Institutional Economics Radical Economics and Marxist Economics and emphasizes that these schools of thought in economics are equally scientific and informative that they look at economic phenomena from their certain paradigmatic viewpoint and that together they provide a more balanced understanding of the economic phenomenon under consideration Emphasizing paradigmatic diversity as the cornerstone of both the case method and pluralist economics the book draws the two together and makes an effective case for their combined use A rigorous multi faceted analysis of the philosophy methodology and practice of economics education this book is important for academicians and students interested in heterodox economics philosophy and education
