Kramer, Richard A. Lobban Jr., Carolyn Fluehr-Lobban, 2013-03-22 The Republic of the Sudan was long the largest country in Africa and according to the general consensus also one of the least successful in many ways This was not entirely its fault since it lay along the fault line between Muslim and Christian Africa and between the Nile Valley civilizations and African Sudanic cultures This partly explains the long and bloody warfare waged by the Southerners to achieve independence

which they did in July 2011 So this hefty book actually covers not one but two states This fourth edition of the Historical Dictionary of the Sudan does so first through a lengthy and detailed chronology tracing its relatively few successes and numerous failures The introductory essay does an admirable job of putting it all in perspective But the most informative part is the dictionary with now over 700 entries for this fourth edition They deal with important personalities politics the economy society culture religion and inevitably the civil war There are also appendixes and an extensive bibliography *Historical Dictionary of the International Monetary Fund* Norman K. Humphreys, 1999 The entries in the Dictionary describe the economic and financial concepts employed by the Fund its operational policies and facilities its departmental structure and staffing and its decision making authority including the system of weighted voting by member countries This volume fully updates and expands the 1993 edition while maintaining the author's commitment to thoroughness and accuracy

The International Monetary Fund (IMF) James Raymond Vreeland, 2006-12-06 The ideal book for students who need a clear and concise introduction to the IMF and an overview of its debates and controversies *Historical Dictionary of Pakistan* Shahid Javed Burki, 1999-07-08 Pakistan is unlike most other countries in the emerging world It is one of the two nations the other being the state of Israel founded on the basis of religion Although it was created to provide a homeland for the Muslim community of British India in its original form it was able to accommodate only about half of the people of Islamic faith who lived in the subcontinent Pakistan's birth in 1947 resulted in one of the largest movements of people in human history when some 14 million people left their homes with 8 million Muslims leaving India for what is now Pakistan and 6 million Hindus and Sikhs moving in the opposite direction This was the first large scale incidence of ethnic cleansing the world was to witness

The IMF and Economic Development James Raymond Vreeland, 2003-03-03 Why do governments turn to the International Monetary Fund IMF and with what effects This book argues that governments enter IMF programs for economic and political reasons and finds that the effects are negative on economic growth and income distribution By bringing in the IMF governments gain political leverage via conditionality to push through unpopular policies Note that if governments desiring conditions are more likely to participate estimating program effects is not straightforward one must control for the potentially unobserved political determinants of selection This book addresses the selection problem using a dynamic bivariate version of the Heckman model analyzing cross national time series data The main finding is that the negative effects of IMF programs on economic growth are mitigated for certain constituencies since programs also have distributional consequences But IMF programs doubly hurt the least well off in society they lower growth and shift the income distribution upward
