Histories And Fallacies Problems Faced In The Writing Of History:

Histories and Fallacies Carl R. Trueman, 2010 Histories and Fallacies is a primer on the conceptual and methodological problems in the discipline of history from publisher description *Histories and Fallacies* Carl R. Trueman, 2010-11-03 Recent years have brought about a crisis of confidence in the historical profession leading increasing numbers of readers to ask the question How can I know that the stories told by a historian are reliable Histories and Fallacies is a primer for those seeking guidance through conceptual and methodological problems in the discipline of history Historian Carl Trueman presents a series of classic historical problems as a way to examine what history is what it means and how it can be told and understood Each chapter in Histories and Fallacies gives an account of a particular problem examines a classic example of that problem and then suggests a solution or approach that will bear fruit Readers who come to understand the question of objectivity through an examination of Holocaust denial or interpretive frameworks through Marxism will not just be learning theory but will already be practicing fruitful approaches to history Histories and Fallacies guides both readers and writers of history away from dead ends and methodological mistakes and into a fresh confidence in the productive nature of the historical task *Themelios, Volume 37, Issue 1* D. A. Carson, 2015-01-27 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary

Thoughtful Christianity Matthew C. Shrader, 2021-04-15 Baptists in the nineteenth century grew from a small struggling denomination to the second largest Protestant denomination in America They constructed conventions schools churches and benevolent works American Baptists transformed from cultural outsiders to insiders Despite this growth in size organization and influence there is surprisingly few attempts to understand them historically This is even more true for Northern Baptists

as opposed to their Southern counterparts despite the fact that Northern Baptists in many respects were the theological leaders of the denomination This raises questions about what their theology was what it was rooted in and how well it could handle the surplus of challenges that nineteenth century religion threw at it Chief among these were the challenges toward biblical and theological authority Perhaps the brightest star of the Northern Baptist constellation and doubtless the most well connected was Alvah Hovey from Newton Theological Institute in Newton Centre Massachusetts This book the first book length treatment of this Baptist giant since Hovey's son published a biography in 1929 chronicles Hovey's life and career focusing on how he coped with the challenges of biblical criticism and a rapidly changing theological context Hovey produced a theology he understood as thoughtful Christianity *Reformed Evangelicalism and the Search for a Usable Past* Ian Hugh Clary, 2020-09-07

The question of how theology shapes a Christian historian's reading of the past has been debated thoroughly in various academic periodicals Should historians recognise the role of providence in their accounts of past events Should they sympathise with their subject's theology Can objectivity be lost due to theological bias And last but not least is there a compromise of faith if one writes natural instead of supernatural history Such questions are important for understanding the historian's profession Arnold Dallimore who trained and specialised in pastoral ministry in Canada wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley Edward Irving and Charles Spurgeon How did his Reformed theological perspective impact his historiography How does his work fit into larger historiographical debates concerning the nature of Christian history While other books look at Christian historiography using abstract and methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian It does so by placing Dallimore in the context of being a minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere It also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of Christianity and slavery and the question of charismatic religious experience His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian *The Ground, Method, and Goal of Amandus Polanus' (1561-1610) Doctrine of God* Stephen B. Tipton, 2022-07-11

Amandus Polanus 1561-1610 has often been described as a highly significant theologian but also a neglected one Part of Polanus' significance comes from his inclusion of ethics and practical application in his discussion of theology and the way in which his theology mixes Ramist dichotomies and the scholastic distinctions common in Christian Aristotelianism Stephen B Tipton shows how Polanus' understanding of God's essence and attributes is built upon the ground of scripture arranged with the aid of logical arguments and reasoning and aimed at the worship and glory of the Triune God Tipton defends this conclusion against previous research which suggests that Polanus' theology is grounded in rationalism and subordinates the Trinity beneath an Aristotelian notion of God's perfect unity This research not only corrects these previous notions about Polanus but it also

provides greater insight into the early Reformed Orthodox period and the theology that arose from that time

A New Creation in Christ T. Michael Christ, 2024-08-08 What is the most important book on sanctification For John Murray it was Walter Marshall's *The Gospel Mystery of Sanctification* William Cowper praised Marshall I think Marshall one of the best and most spiritual expositors of Scripture The Marrow men also commended Marshall Even Andrew Murray believed *Gospel Mystery* to be the one book admitted by all to be the standard on sanctification Marshall's enduring value is well established yet scarcely any resources explain Marshall's theology T Michael Christ's *A New Creation in Christ* fills this void by exploring Marshall's theology in the context of the antinomian and neonomian controversies of Marshall's day At a time when interlocutors were pushing one another to further extremes Marshall achieves balance because he grounds sanctification in the believer's union with Christ and deploys two limiting concepts that discourage using one error to refute the other He insists both that some measure of assurance of salvation must precede actual works of holiness refuting neonomians and that holiness is a necessary part of salvation countering antinomianism *A New Creation in Christ* explores how these limiting concepts translate into practical help for those who as Marshall says pursue holiness under the guilt and power of indwelling sin

Survival and Resistance in Evangelical America Crawford Gribben, 2021 Over the last thirty years conservative evangelicals have been moving to the Northwest of the United States where they hope to resist the impact of secular modernity and to survive the breakdown of society they anticipate This book examines the origins evolution and cultural reach of the migration and considers what it might tell us about the future of American evangelicalism

[Love Your God with All Your Mind](#) J.P. Moreland, 2014-03-14 We know that faith means being sure of what we hope for and certain of what we do not see Hebrews 11:1 NIV *Love Your God with All Your Mind* explains the importance of using your mind not only to win others to Christ but also to experience personal spiritual growth Author J P Moreland challenges you to use logic and reason to further God's kingdom through evangelism apologetics worship and vocation This revised edition includes expanded appendixes and three new chapters that outline how to reason for the reality of God and the historicity of Jesus life teachings death and resurrection

Remembering Lived Lives Michael Jimenez, 2017-03-31 *Remembering Lived Lives* is a religious historiography book that focuses on issues and theorists located primarily in Latin America Instead of joining the chorus of contemporary European intellectuals like Slavoj Žižek who insist on a renewed Eurocentrism this study challenges both historians and theologians to take seriously the work done by theorists located in what Enrique Dussel calls the underside of modernity This is an interdisciplinary work that opens with Karl Barth's outline for historical theological study and closes with an analysis of the film *The Mission* Written for both the history or theology instructor and student it deals with subjects like church history biography as theology liberation theology as primary source material photographs and historical movies

[Reprobation: from Augustine to the Synod of Dort](#) Peter Sammons, 2020-01-20 Over the centuries the Protestant church has been severed into two major positions in regard to predestination and reprobation On one side the

Arminians largely reject these doctrines while the reformed readily embrace them as biblical truth. Although much has been written either rejecting or defending the doctrine of reprobation, little attention has been given to the historical development of the reformed position on the nature of reprobation and God's use of secondary causality in the hardening of the wicked. By means of historical analysis, Peter Sammons traces the development of the doctrine of reprobation from Augustine to the Synod of Dort. In this book, Sammons gives special attention to views on reprobation and its various parts: preterition and predamnation, along with how historically theologians have attempted to articulate its execution. Perhaps one of the greatest paradoxes in all of Scripture theology and philosophy is here addressed: How does an omnibenevolent and omnipotent God predetermine and interact with sin in the world? Answering the question proves vital, not merely to reconcile theological and philosophical concerns but to answer the all-important question of life: Who is God? This volume is intended to provide a balanced analysis of the historical and intellectual development within reformed theology as to how God is simultaneously holy and sovereign by examining how reprobation and its parts have historically been defined. Reformed understanding on this doctrine was not done in a vacuum nor was it concluded in the 180 meetings of the Synod of Dort; rather, it has a history within the church of thoughtful development.

The Language and Literature of the New Testament Lois Fuller Dow, Craig A. Evans, Andrew W. Pitts, 2016-11-28. In *The Language and Literature of the New Testament*, a team of international scholars assembles to honour the academic career of New Testament scholar Stanley E. Porter. Over the years, Porter has distinguished himself in a wide range of sub-disciplines within New Testament Studies. The contents of this book represent these diverse scholarly interests, ranging from canon and textual criticism to linguistics, other interpretive methodologies, Jesus and the Gospels, and Pauline studies.

Reformed Scholasticism Ryan McGraw, 2019-01-24. Ryan McGraw presents an introduction of historic Reformed orthodoxy, 1560-1790, and its research methodology. This book establishes the tools needed to study Reformed scholasticism and its potential benefits to the church today by describing the nature of Reformed scholasticism and outlining the research methodology, the nature and the character of this branch of theology, and providing a retrospective view on the contemporary appropriations. McGraw discusses the proper use of primary and secondary sources and offers instructions on how to write historical theology. Each chapter draws extensive examples from primary source evidence, published books, and articles in this field, as well as engaging with a wide range of ancient and medieval sources. This volume is an excellent guide for students as it teaches them how to identify primary and secondary sources, suggests good links, and tips for learning Latin, and provides an overview of the most important figures in the period.

A Heavenly Directory Ryan M. McGraw, 2014-06-18. There is a growing body of historical literature on the importance of John Owen. Ryan M. McGraw seeks to reassess Owen's theology in light of the way in which he connected his trinitarian piety to his views of public worship. McGraw argues that Owen's teaching on communion with God as triune was the foundation of his views of public worship and that he regarded public worship as the highest expression of communion.

with the triune God These themes not only highlight Owen s context as a Reformed orthodox theologian but the distinctive influence of English Puritanism on his theological emphases The connection between his practical trinitarianism and public worship runs through the course of his writings and every major area of his theology These include the nature of theology the knowledge of God the doctrine of the Trinity public worship spiritual affections apostasy covenant theology ecclesiology and Christology This work treats these themes in Owen s thought and shows how they intersect and are intertwined with the Trinity and public worship In addition this book provides a detailed exposition of the parts of Reformed worship While other works have treated the centrality of his trinitarianism in his theology few have acknowledged the importance of public worship in his thinking This research concludes that communion with God in public worship was integral to Owen s practical trinitarian theology

The World Turned Upside Down Harman Bhogal,Liam Haydon,2017-07-05 Few works of history have succeeded so completely in forcing their readers to take a fresh look at the evidence as Christopher Hill s *The World Turned Upside Down* and that achievement is rooted firmly in Hill s exceptional problem solving skills Traditional interpretations of the English Civil War concentrated heavily on a top down analysis of the doings of king and parliament Hill looked at history from below focusing instead on the ways in which the people of Britain saw the society they lived in and nurtured hopes for a better future Failing to understand these factors and the impact they had on the origins and outcomes of the wars of the 1640s means failing to understand the historical period In this sense Hill s influential work is a great example of the problem solving skills of asking productive questions and generating alternative possibilities It forced a generation of historians to re evaluate the things they thought they knew about a key pivot point in British history and went on to influence the generations that came after them

Captain Scott: Icy Deceits and Untold Realities Krzysztof Sienicki, 2016-11-01 This expertly written book is nothing less than a daring challenge to the prevailing views of Captain Robert F Scott s journey to the South Pole and consequent disaster Borrowing from various scientific disciplines Krzysztof Sienicki lucidly argues against each of the presumed causes of Captain Scott and his companions deaths In particular he demolishes the notions of extreme low temperatures ferocious winds and food fuel shortages as the main causes of the disaster Using neural network computer simulations he proves that the Extreme Cold Snap Never Ending Gale and food fuel scarcity never occurred By eliminating the alleged causes of the disaster the author provides data and arguments that the deaths Scott Wilson and Bowers were a matter of choice rather than fate The choice was made long before there was an actual end of food fuel and long before the end of the physical strength needed to reach delusive salvation at One Ton Depot

The First Thanksgiving Robert Tracy McKenzie, 2013-08-01 Veteran historian Robert Tracy McKenzie sets aside centuries of legend and political stylization to present the mixed blessing that was the first Thanksgiving Like good narrative history McKenzie s critical account of our Pilgrim ancestors confronts us with our own unresolved issues of national and spiritual identity

Understanding Affections in the Theology of Jonathan Edwards Ryan J. Martin, 2018-11-15 This volume argues that the notion of affections discussed by Jonathan Edwards and Christian theologians before him means something very different from what contemporary English speakers now call emotions and that Edwards s notions of affections came almost entirely from traditional Christian theology in general and the Reformed tradition in particular Ryan J Martin demonstrates that Christian theologians for centuries emphasized affection for God associated affections with the will and distinguished affections from passions generally explaining affections and passions to be inclinations and aversions of the soul This was Edwards s own view and he held it throughout his entire ministry Martin

further argues that Edwards's view came not as a result of his reading of John Locke or the pressures of the Great Awakening as many Edwardsean scholars argue but from his own biblical interpretation and theological education. By analysing patristic, medieval and post-medieval thought and the journey of Edwards's psychology, Martin shows how, on their own terms, pre-modern Christians historically defined and described human psychology.
