**The Road to Chinese Exclusion** Liping Zhu,2013-10-15 Denver in the Gilded Age may have been an economic boomtown but it was also a powder keg waiting to explode When that inevitable eruption occurred in the Anti Chinese Riot of 1880 it was sparked by white resentment at the growing encroachment of Chinese immigrants who had crossed the Pacific Ocean and journeyed overland in response to an expanding labor market Liping Zhu s book provides the first detailed account of this momentous conflagration and carefully delineates the story of how anti Chinese nativism in the nineteenth century grew from a regional political concern to a full fledged national issue Zhu tells a complex tale about race class and politics He reconstructs the drama of the riot with Denver s Rocky Mountain News fanning the flames by labeling the Chinese the pest of the Pacific and relates how white mobs ransacked Chinatown while other citizens took pains to protect their Asian neighbors Occurring two days before the national election it had a decisive impact on sectional political alignments that would undercut the nation s promise of equal rights for all peoples made after the Civil War and would have repercussions lasting well into the next century By examining the relationship between the anti Chinese movement and the rise of the West this work sheds new light on our understanding of racial politics and sectionalism in the post Reconstruction era As the West s newfound political muscle threatened Republican hegemony in national politics many Republican legislators compromised their commitment to equal rights and unfettered immigration by joining Democrats to pass the noxious 1882 Chinese Exclusion Act which was not repealed until 1943 and only earned congressional apologies in 2011 and 2012 The Denver Anti Chinese Riot strikes at the core of the national debate over race and region in the late nineteenth century as it demonstrates a correlation between the national retreat from the campaign for racial equality and the rise of the American West to national political prominence Thanks to Zhu s powerful narrative this once overlooked event now has a place in the saga of American history and serves as a potent reminder that in the real world of bare knuckle politics competing for votes often trumps fidelity to principle

*History of the Forged "Morey Letter": A Narrative of the Discovered Facts Respecting This Great Political Forgery: 2* John B.

Davenport,2023-07-18 Published in 1896 this book is a thrilling and detailed account of one of the most audacious political

hoaxes in American history Davenport traces the origins of the Morey letter which purportedly showed that Abraham Lincoln had advocated for the spread of slavery and exposes the conspirators who created and spread it With meticulous research and vivid storytelling this book is a must read for anyone interested in the history of American politics or the art of forgery This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **HIST OF THE FORGED MOREY LETTE** John I. (John Isaacs) B. 184

**Land** Michael Luo, 2025-04-29 From New Yorker writer Michael Luo comes a masterful narrative history of the Chinese in America that traces the sorrowful theme of exclusion and documents their more than century long struggle to belong A MOST ANTICIPATED BOOK OF 2025 Time A NEW YORK TIMES NONFICTION BOOK TO READ THIS SPRING A story about aspiration and belonging that is as universal as it is profound Patrick Radden Keefe author of Say Nothing A gift to anyone interested in American history I couldn't stop turning pages Charles Yu author of Interior Chinatown What history should be richly detailed authoritative and compelling David Grann author of The Wager and Killers of the Flower Moon Strangers in the Land tells the story of a people who beginning in the middle of the nineteenth century migrated by the tens of thousands to a distant land they called Gum Shan Gold Mountain Americans initially welcomed these Chinese arrivals but as their numbers grew horrific episodes of racial terror erupted on the Pacific coast A prolonged economic downturn that idled legions of white workingmen helped create the conditions for what came next a series of progressively more onerous federal laws aimed at excluding Chinese laborers from the country marking the first time the United States barred a people based on their race In a captivating debut Michael Luo follows the Chinese from these early years to modern times as they persisted in the face of bigotry and persecution revealing anew the complications of our multiracial democracy Luo writes of early victims of anti Asian violence like Gene Tong a Los Angeles herbalist who was dragged from his apartment and hanged by a mob during one of the worst mass lynchings in the country's history of demagogues like Denis Kearney a sandlot orator who became the face of the anti Chinese movement in the late 1870s of the pioneering activist Wong Chin Foo and other leaders of the Chinese community who pressed their new homeland to live up to its stated ideals At the book's heart is a shameful chapter of American history the brutal driving out of Chinese residents from towns across the American West The Chinese became the country's first undocumented immigrants hounded counted suspected surveilled In 1889 while upholding Chinese exclusion Supreme Court Justice Stephen J Field characterized them as strangers in the land Only in 1965 did America's gates swing open to people like Luo's parents immigrants from Taiwan Today there are more than twenty two million people of Asian descent in the United States and yet the stranger label Luo writes remains Drawing on archives from across the country and written with a New Yorker writer's style and sweep Strangers in the Land is revelatory and unforgettable an essential American story
