Gurcke, 2011-12-01 When gold was discovered in the far northern regions of Alaska and the Yukon in the late nineteenth century thousands of individuals headed north to strike it rich This massive movement required a vast network of supplies and services and brought even more people north to manage and fulfill those needs In this volume archaeologists historians and ethnologists discuss their interlinking studies of the towns trails and mining districts that figured in the northern gold rushes including the first sustained account of the archaeology of twentieth century gold mining sites in Alaska or the Yukon The authors explore various parts of this extensive settlement and supply system coastal towns that funneled goods inland from ships the famous Chilkoot Trail over which tens of thousands of gold seekers trod a host of retail oriented sites that supported prospectors and transferred goods through the system and actual camps on the creeks where gold was extracted from the ground Discussing individual cases in terms of settlement patterns and archaeological assemblages the essays shed light on issues of interest to students of gender transience and site abandonment behavior Further commentary places the archaeology of the Far North within the larger context of early twentieth century industrialized European American society

*Changing Paths* Bill Sherwonit, 2010-03-15 Changing Paths Travels and Meditations in Alaska s Arctic Wilderness is an autobiographical exploration of author Bill Sherwonit s relationship with the Alaska wilderness Written in three parts it first

describes Sherwonit's introduction to the Brooks Range and his years as an exploration geologist. Taking a step back, the author then takes us into the past to explore his childhood roots in rural Connecticut and his recognition of wild nature as a refuge. He concludes with his emergence as a nature writer and wilderness advocate. An engrossing, fascinating, and eye-opening tale of one man's life and of wilderness conceptions, this vivid description of an area of Alaska that few people get to experience is authentic and enlightening. It is an extraordinary contribution to the literature of place from one of Alaska's most accomplished nature writers.

Arctic Traverse Michael Engelhard, 2024-04-01 National Outdoor Book Award Winner Independent Publisher Book Award Winner Nautilus Book Award Winner Foreword INDIES Book of the Year Awards Finalist Engelhard locates life, biological, cultural, and geophysical in every mile of this vast wild landscape. Robert Moor, author of *On Trails: An Exploration*, a lyrical memoir that interweaves wilderness, homeland, cultural connections, historical figures, humor, and gritty experiences across northern Alaska. *Arctic Traverse: A Thousand Mile Summer of Trekking the Brooks Range* takes readers along on a once-in-a-lifetime journey. From the award-winning author of *Ice Bear: The Cultural History of an Arctic Icon* comes an intimate exploration of Alaska's northernmost mountain range with observations on Indigenous cultures, conservation, and intense cross-country travel, all shaped by respect for the land. Follow author Michael Engelhard through tussock-studded tundra for a remarkable tale of bear encounters and white-knuckled river moments, as well as poetic reflections on a vast untamed landscape. A trained anthropologist, Engelhard evokes classic writers like Edward Abbey, Barry Lopez, and Ellen Meloy with profound dives into human and natural history and vivid meditations on Alaskan wildlife, flora, and geology. When he embarked on this thru-hike, fewer people had completed it solo in a single push than had dived to the floor of the Mariana Trench, the deepest part of Earth's oceans. Much more than a captivating account of a human-powered solo thru-hike and float, *Arctic Traverse* illuminates the spirit of Alaska, drawing on encounters with Indigenous elders, guided clients, scientists, and others, as well as on Engelhard's long-held dream and his experiences of the land itself.

Our Perfect Wild Kaylene Johnson-Sullivan, Ray Bane, 2016-02-15 Ray and Barbara Bane worked as teachers in Barrow and Wainwright, Alaska, in the early 1960s, but they didn't simply teach the children of their Inupiat Eskimo and Koyukon friends and neighbors; they fully embraced their lifestyle. Doing so, they realized how closely intertwined life in the region was with the land and specifically how critical wilderness was to the ancient traditions and wisdom that undergirded the Native way of life. That slow realization came to a head during a 1,200-mile dogsled trip from Hughes to Barrow in 1974, a trip that led them to give up teaching in favor of working through the National Park Service to preserve Alaska's wilderness. This book tells their story, a tale of dedication and tireless labor in the face of suspicion, resistance, and even violence. At a time when Alaska's natural bounty remains under threat, *Our Perfect Wild* shows us an example of the commitment and love that will be required to preserve it.

Choice, 2008 **The George Wright Forum**, 2000 This Last Treasure William Edward Brown, 1982 Describes Alaska's national parklands in words and pictures drawn from earlier writings, etc. episodic and impressionistic.
