History Of The Nursing Pinning Ceremony:

Modern Nursing: How We Got There Liline St. Louis, 2023-02-27 I have recently completed an educational book entitled *Modern Nursing How We Got There*. The nursing profession has undergone an enormous transformation over the past four decades and I observed every change as it unfolded during my forty one year career as a registered nurse. In this short work I explore the ancient origins of nursing and explain how what began as a mysterious art steeped in myth and folklore grew into the modern profession that it is today. I earned my master's degree in nursing in 2007 and I am the published author of *New Heart New Life* Christian Faith Publishing 2017 which documents the story of my heart transplant and how I went on to continue my career in nursing. My hope is that this book will help new nurses appreciate more that very demanding but wonderful profession.
