A History of Surrey (Classic Reprint) Henry Elliot Malden, 2015-07-08 Excerpt from A History of Surrey A history upon this scale is not intended to compete with the stupendous folios of Manning and Bray nor with the voluminous gossip of Aubrey's Perambulation Neither is it exactly similar in its objects It aspires to give a brief general view of the history of the county not of each place in the county to notice events of general importance in English history which occurred in the county and to illustrate phases of English history by examples taken from Surrey Unlike some other counties Surrey never corresponded to the territory of a people nor of a tribe When it was a kingdom it was an insignificant dependent State and only one of its kinglets has been remembered by name It probably owed its separate existence to its position as a dependency of London and it bids fair to become a rural suburb of London But its position near London and the South Coast made striking events to happen in it Every army for instance which ever approached London from the South had to march through Surrey For many reasons local history is important About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

History of Banstead in Surrey (Classic Reprint) Henry Charles Miller Lambert, 2016-09-20 Excerpt from History of Banstead in Surrey The following pages are an attempt to sketch the history of a Surrey parish which though it goes back to Saxon times is not in any way remarkable The method adopted has been to give a brief historical introduction followed by a series of documents in chronological order from Domesday Book to our own time elucidated by notes There are many ways of writing history and the method adopted here is open to the charge that it does not cover all the ground No attempt for instance has been made to deal systematically with genealogy or architecture though the documents contain matter of interest on both subjects Contemporary documents in fact often suggest more questions

than they answer But they at least possess for the historian a value which if they are faithfully presented is permanent and the facts which they contain however fragmentary must help to throw light on many problems with which the editor is not himself capable of dealing About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
