Italian Cityscapes Culture And Urban Change In Contemporary Italy None:

Italian Cityscapes Robert Lumley, John Foot, 2004 This book examines the transformation of the Italian city from the 1950s to the present with particular attention to questions of identity migration and changes in urban culture It shows how major demographic movements and cultural shifts threw into relief new conceptions of the city in which old boundaries had become problem

Italian Cityscapes Robert Lumley, 2015 This book examines the transformation of the Italian city from the 1950s to the present with particular attention to questions of identity migration and changes in urban culture It shows how major demographic movements and cultural shifts threw into relief new conceptions of the city in which old boundaries had become problematic

Rome, Postmodern Narratives of a Cityscape Dom Holdaway, 2015-10-06 Until the mid twentieth century the Western imagination seemed intent on viewing Rome purely in terms of its classical past or as a stop on the Grand Tour This collection of essays looks at Rome from a postmodern perspective including analysis of the city's unmappability its fragmented narratives and its iconic status in literature and film

Righteous Anger in Contemporary Italian Literary and Cinematic Narratives Stefania Lucamante, 2020-04-02 Righteous Anger in Contemporary Italian Literary and Cinematic Narratives analyses the role of passion particularly indignation and how it shapes intention and inspires the work of many contemporary Italian writers and filmmakers Noting how art often holds the power to shed light on issues surrounding inequity inequality and injustice the book explores the ethical function of art as a tool in resistance and sociopolitical protest thereby validating the axiom that ethics and aesthetics can still collaborate in the creation of meaning Drawing on a range of Italian novels and films and examining the works of artists such as Tiziano Scarpa Simona Vinci Paolo Sorrentino and Monica Stambrini the author shows that anger can be used constructively as a weapon of resistance against negative and oppressive forces

Italian Crime Fiction Giuliana Pieri, 2011-10-15 The present volume is the first study in the English language to focus specifically on Italian crime fiction weaving together a historical perspective and a thematic approach with a particular focus on the representation of space especially city space gender and the tradition of impegno the social and political engagement which characterised the Italian cultural and literary scene in the postwar period The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present by focusing on a wide range of detective and crime novels by selected Italian writers some of whom have an established international reputation such as C E Gadda L Sciascia and U Eco whilst others may be relatively unknown such as the new generation of crime writers of the Bologna school and Italian women crime writers Each chapter examines a specific period movement or group of writers as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which when viewed without the artificial distinction between high and popular literature shows a remarkable insight

into Italy's postwar history tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong evil redemption and the search of the self Home, Memory and Belonging in Italian Postcolonial Literature Chiara Giuliani, 2021-08-27 This book examines the meaning of home through the investigation of a series of public and private spaces recurrent in Italian postcolonial literature The chapters by respectively considering Termini train station in Rome phone centres the condominium and the private spaces of the bathroom and the bedroom investigate how migrant characters inhabit those places and turn them into familiar spaces of belonging Home Memory and Belonging in Italian Postcolonial Literature suggests home spaces as a possible lens to examine these specific places and a series of practices enacted by their inhabitants in order to feel at home Drawing on a wide array of sources this book focuses on the role played by memory in creating transnational connections between present and past locations and on how these connections shape migrants sense of self and migrants identity Arte Ambientale, Urban Space, and Participatory Art Martina Tanga, 2019-05-22 Working in 1970s Italy a group of artists namely Ugo La Pietra Maurizio Nannucci Francesco Somaini Mauro Staccioli Franco Summa and Franco Vaccari sought new spaces to create and exhibit art Looking beyond the gallery they generated sculptural conceptual and participatory interventions called Arte Ambientale Environmental Art situated in the city streets Their experiments emerged at a time of cultural crisis when fierce domestic terrorism aggravated an already fragile political situation To confront the malaise these artists embraced a position of artistic autonomy and social critique democratically connecting the city's inhabitants through direct art practices **Postwar Italian Art History Today** Sharon Hecker, Marin Sullivan, 2018-06-28 Postwar Italian Art History Today brings fresh critical consideration to the parameters and impact of Italian art and visual culture studies of the past several decades Taking its cue from the thirty year anniversary of curator Germano Celant's landmark exhibition at PS1 in New York The Knot this volume presents innovative case studies and emphasizes new methodologies deployed in the study of postwar Italian art as a means to evaluate the current state of the field Included are fifteen essays that each examine from a different viewpoint the issues concerns and questions driving postwar Italian art history The editors and contributors call for a systematic reconsideration of the artistic origins of postwar Italian art the terminology that is used to describe the work produced and key personalities and institutions that promoted and supported the development and marketing of this art in Italy and abroad **The Importance of Place in Contemporary Italian Crime Fiction** Barbara Pezzotti, 2012-09-14 By taking as its point of departure the privileged relationship between the crime novel and its setting this book is the most wide ranging examination of the way in which Italian detective fiction in the last twenty years has become a means to articulate the changes in the social landscape of the country Nowadays there is a general acknowledgment of the importance of place in Italian crime novels However apart from a limited scholarship on single cities the genre has never been systematically studied in a way that so comprehensively spans Italian national boundaries The originality of this volume also lies in the fact that the author

have not limited her investigation to a series of cities but rather she has considered the different forms of social landscape in which Italian crime novels are set Through the analysis of the way in which cities the urban sprawl and islands are represented in the serial novels of eleven of the most important contemporary crime writers in Italy of the 1990s Pezzotti articulates the different ways in which individual authors appropriate the structures and tropes of the genre to reflect the social transformations and dysfunctions of contemporary Italy In so doing this volume also makes a case for the genre as an instrument of social critique and analysis of a still elusive Italian national identity thus bringing further evidence in support of the thesis that in Italy detective fiction has come to play the role of the new social novel Pier Paolo Pasolini, Framed and Unframed Luca Peretti, Karen T. Raizen, 2018-12-13 This cross disciplinary volume Pier Paolo Pasolini Framed and Unframed explores and complicates our understanding of Pasolini today probing notions of otherness in his works his media image and his legacy Over 40 years after his death Pier Paolo Pasolini continues to challenge and interest us both in academic circles and in popular discourses Today his films stand as lampposts of Italian cinematic production his cinematic theories resonate broadly through academic circles and his philosophical essayistic and journalistic writings albeit relatively sparsely translated into other languages are still widely influential Pasolini has also become an image a mascot a face on tote bags a graffiti image on walls an adjective pasolinian The collected essays push us to consider and reconsider Pasolini a thinker for the twenty first century
