Hartman, 2019-04-23 Joseph Hartman focuses on the public works campaign of Cuban president and later dictator Gerardo Machado Political histories often condemn Machado as a US puppet dictator overthrown in a labor revolt and popular

revolution in 1933 Architectural histories tend to catalogue his regime s public works as derivatives of US and European models Dictator's Dreamscape reassesses the regime's public works program as a highly nuanced visual project embedded in centuries old representations of Cuba alongside wider debates on the nature of art and architecture in general especially in regards to globalization and the spread of US style consumerism The cultural production overseen by Machado gives a fresh and greatly broadened perspective on his regime s accomplishments failures and crimes The book addresses the regime s architectural program as a visual and architectonic response to debates over Cuban national identity US imperialism and Stones Speak - Hebrew Tombstones from Padua, 1529-1862 David Machado s own cult of personality Malkiel, 2013-11-28 From Renaissance to Risorgimento the Hebrew tombstones of Padua express the cultural currents of their age in text and art The inscriptions are mainly rhymed and metered poems about life love and faith while the design and ornamentation of the actual stones reflect prevailing architectural and artistic tastes Additionally the inscriptions illuminate the society of Padua's Jews and the social and cultural changes they underwent during the 330 years covered by this study Thus these tombstones capture the flow of Italian Jewish culture from Renaissance to Baroque and from the early modern to The Fonte Gaia from Renaissance to Modern Times Chiara E. Scappini, David Boffa, 2025-10-01 The the modern era Fonte Gaia from Renaissance to Modern Times examines the history of Siena's famous public fountain from its fifteenth century origins to its eventual replacement by a copy in the nineteenth century and the modern fate of both The book explores how both the Risorgimento and the Symbolist movements have shaped our perceptions of the Italian Renaissance as the Quattrocento was filtered through the lens of contemporary art and politics **Public Pantheons in Revolutionary Europe** E. Bouwers, 2011-11-21 The story of how the concept of a pantheon a building honouring great individuals spread across Revolutionary Europe and interacted with socio political and cultural changes Analysing the canon and iconography of each pantheon Bouwers shows how the commemoration of war and celebration of nationhood gave way to the protection of elite interests **Country Life Illustrated** ,2005 Material Culture Review ,2012 **Italian Memorial Sculpture** Sandra Berresford, 2004-10-01 Italian monumental sculpture of the 19th and early 20th centuries is among the most remarkable ever made and remains surprisingly unknown Its emotional charge is caught in this collection of specially taken photographs while the scholarly texts analyse the iconographic cultural and art historical background to the works
