[Reno \(by the\) in the Lake and Other Stories](#) Jim Hartman, 2010-03-31 I guess in truth *Reno by the in the Lake* is my Autobiography Light. The material is indeed autobiographical in that little has been gleaned from any outside source and it is definitely light both in serious content and the serious nature often portrayed by an autobiography. So read on just for fun. Reno Beach was a magical place in the 1920s, 30s, 40s, and 50s, a resort town that never really quite reached its prime. It had, however, attained great stature in the hearts and minds of all it entertained, especially in the imagination of a young boy who could see adventure even in the smallest buttonhole or banal blemish. In his mind, a vegetable garden became a wilderness plantation, an overturned rowboat became a fortress, a pirate's treasure cave, or a magician's maudlin mansion. A willow tree, only recently uprooted by the wind and waves of an angry, possessive lake, trying desperately to reclaim its own, this became the perfect home for Tarzan Jimmie of the Apes. The fact that I'm even writing this book belies the fact that the place and that little boy still live if only in my imagination. The stories you're about to read are about that small waterfront community just east of Toledo, Ohio, on the western end of Lake Erie, and how its life, death, and frequent revitalizations affected the life of one small boy, namely me. The stories are absolutely true, except as altered by an aging memory, wishful thinking, and delusions of grandeur, not necessarily in that order, and they represent some of the very best

days of my life I've been told that it's good to share your very best I hope you enjoy reading my stories nearly as much as I enjoyed living them The writing's been fun too Some names and places may have been altered to protect the innocent and or the guilty but not many Some may also be changed just because I've forgotten or don't really know what I'm talking about Please forgive me Many may recognize themselves a friend or family member in some of these stories and each one probably deserves whatever treatment or attention they received either good or bad This book is intended to be a Bathroom Book This is not a negative For those unable to grasp this creative terminology I provide the following explanation in the form of a prescription Take in small doses Continuous exposure could be hazardous to your health and could lead to an abrasive situation requiring an immediate application of Preparation H This does not imply that either you the reader or the writer is full of Anything Should you disapprove of any of the material in this book please feel free to remove the offending pages and put them to better use right there in the Reading Room solving the problems of the moment I'm sure you understand Enjoy Life is short Don't waste it on seriousness

**My Life and Other Stories** Bob Elles, 2013-05-14 Intelligence comes from ignorance as wisdom comes from naiveté and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that I've had the opportunity to absorb and learn about aspects of life that I'm sure I wouldn't have learned otherwise In fact my whole belief system was changed over the past forty five years through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his face then you should so bother If you don't then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life I'll even go so far as to say that given even a fraction of introspection in you your life will be significantly altered after you've read this book I know that doesn't sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and that's the way it will remain

**Rodman The Boatsteerer And Other Stories** Louis Becke, 2019-12-12 In Rodman The Boatsteerer And Other Stories Louis Becke masterfully weaves a collection of narratives rooted in maritime life offering a vivid exploration of adventure survival and the human condition against the backdrop of the South Seas Becke's literary style is characterized by rich evocative descriptions and a keen sense of realism akin to the works of his contemporary Joseph Conrad The collection encapsulates the allure and threat of oceanic

escapades reflecting the complexities of both colonization and the indigenous experience in the Pacific thus situating his work firmly within the context of late 19th century colonial literature Louis Becke a prominent figure in Australasian literature drew upon his extensive experiences as a sailor and trader in the South Seas to craft these stories His personal encounters with the diverse cultures and harsh realities of island life influenced his keen insights into human nature and society Becke s own life marked by adventure and hardship resonates through the characters he portrays imbuing them with authenticity and depth that stem from genuine understanding and empathy Readers seeking a poignant and immersive glimpse into the maritime world will find Rodman The Boatsteerer And Other Stories an engaging and thought provoking collection Becke s ability to blend narrative tension with social critique ensures that his stories remain relevant and evocative making this book a valuable addition to any literary exploration of the Pacific colonialism and the intricacies of human relationships
