Jack The Ripper Scotland Yard Investigates:

Jack the Ripper: Scotland Yard Investigates Stewart P Evans, Donald Rumbelow, 2010-05-21 In 1888 the dreaded figure of Jack the Ripper stalked London's East End murdering prostitutes. His crimes set in motion a huge police operation and have held a dark fascination over the public's imagination for over a century yet his identity has never been proved. Now for the first time two leading Ripper experts have joined forces to treat the case like a police investigation. Drawing on their unparalleled knowledge of the Jack the Ripper murders and their professional experience as police officers they uncover clues that have remained undetected for over a hundred years. There are five canonical Ripper victims yet Scotland Yard's Whitechapel Murders files include another six suspected victims. Drawing the reader into the world of police investigation in Victorian London Evans and Rumbelow reveal the conflict between the City and Metropolitan forces and the ridicule heaped on the police by the press. Investigating each murder they conclude that only four of the eleven victims were actually killed by the Ripper. Perhaps most tellingly they question the motives behind the destruction of evidence particularly the message 'The Jewes are the men that will not be blamed for nothing' which was chalked on the wall near one murder site and rubbed out on order of the Chief Commissioner and ask whether the enigmatic Dr Robert Anderson officer in charge of the investigation knew the Ripper's true identity. **Jack the Ripper: Scotland Yard Investigates** strips away much of the nonsense that has accumulated since 1888 and reopens files on a case that will perhaps never be fully solved but will always fascinate.

Yard thought but couldn't prove was Jack the Ripper. Dozens of theories have attempted to resolve the mystery of the identity of Jack the Ripper, the world's most famous serial killer. Ripperologist Robert House contends that we may have known the answer all along. The head of Scotland Yard's Criminal Investigation Department at the time of the murders thought Aaron Kozminski was guilty but he lacked the legal proof to convict him. By exploring Kozminski's life, House builds a strong circumstantial case against him showing not only that he had means, motive, and opportunity but also that he fit the general profile of a serial killer as defined by the FBI today. The first book to explore the life of Aaron Kozminski, one of Scotland Yard's top suspects in the quest to identify Jack the Ripper, combines historical research and contemporary criminal profiling techniques to solve one of the most vexing criminal mysteries of all time. Draws on a decade of research by the author including trips to Poland and England to uncover Kozminski's past and details of the case. Includes a Foreword by Roy Hazelwood, a former FBI profiler and pioneer of profiling sexual predators. Features dozens of photographs and illustrations. Building a thorough and convincing case that completes the work begun by Scotland Yard more than a century ago, this book is essential reading for anyone who wants to know who really committed Jack the Ripper's heinous and unforgettable crimes.
