Gothic-postmodernism Maria Beville, 2009 Being the first to outline the literary genre Gothic postmodernism this book articulates the psychological and philosophical implications of terror in postmodernist literature analogous to the terror of the Gothic novel uncovering the significance of postmodern recurrences of the Gothic and identifying new historical and philosophical aspects of the genre While many critics propose that the Gothic has been exhausted and that its significance is depleted by consumer society's obsession with instantaneous horror analyses of a number of terror based postmodernist novels here suggest that the Gothic is still very much animated in Gothic postmodernism These analyses observe the spectral characters doppelgangers hellish waste lands and the demonised or possessed that inhabit texts such as Paul Auster's *City of Glass* Salman Rushdie's *The Satanic Verses* and Bret Easton Ellis's *Lunar Park* However it is the deeper issue of the lingering emotion of terror as it relates to loss of reality and self and to death that is central to the study a notion of terror formulated from the theories of continental philosophers and contemporary cultural theorists With a firm emphasis on the sublime and the unrepresentable as fundamental to this experience of terror vital to the Gothic genre and central to the postmodern experience this study offers an insightful and concise definition of Gothic postmodernism It firmly argues that terror with all that it involves remains a connecting and potent link between the Gothic and postmodernism two modes of literature that together offer a unique voicing of the unspeakable terrors of postmodernity

Gothic Motifs in Stephen King's Work With Special Regard to Salem's Lot and The Shining Judith Schwickart, 2005-05-17 Seminar paper from the year 2004 in the subject English Language and Literature Studies Literature grade 1.0 University of Trier course Der englische Schauerroman language English abstract Stephen King is one of the most published contemporary authors He has written more than 50 novels and movie scripts some of them under the pseudonym of Richard Bachmann His stories deal with the supernatural with aliens or the abysses of the human mind Due to his topics his books are often regarded as trivial literature by many of his readers and also by people who have never read a single one of his books and who only judge him by his name But what these critics seem to miss is the fact that Stephen King has adapted many themes and motifs from highly regarded authors of classic Gothic fiction such as Horace Walpole Ann Radcliffe and Bram Stoker to mention just a few In each of Stephen King's books the reader can identify traces of classic Gothic fiction although the topics and settings are normally adapted to modern times Stephen King says of himself that most of my Stephen King's books have been derivative to some extent Bloom p 96 which is not surprising regarding his

educational background After studying English at the University of Maine Stephen King worked as a high school teacher although he did not get too much teaching practice due to the commercial success of his books Therefore it is not very surprising that Stephen King uses the sources he has become acquainted with during his studies He uses the motifs of Gothic novels in different ways and in many of his books In fact he says that what I Stephen King try to do is to pour new wine from old bottles Bloom p 96 What I would like to do in this term paper is to show some of the Gothic motifs Stephen King uses in his books and in what way he uses them For this purpose I have chosen two novels from Stephen King s earlier working period Salem s Lot and The Shining But before actually beginning the comparison between Stephen King s books and classic Gothic novels I will give an overview over the characteristic features of Gothic writing in order to enable the reader to identify the tradition Stephen King s writing stands in
