Bruno Carrasco, Hanif A. Rahemtulla, Rainer Rohdewohld, 2022-10-12 Since its adoption in 2015 the 2030 Agenda on Sustainable Development has shaped not only international development cooperation but also the design of national trajectories for social and economic development In tandem with other global agendas adopted that year such as the Paris Agreement on Climate Change and UN Habitat's New Urban Agenda it remains the global and regional blueprint for sustainable development despite the COVID 19 pandemic The term localizing the Sustainable Development Goals SDGs has been used to capture the importance of subnational governments for achieving national SDG agendas However there is little deeper analysis of the required nexus between fiscal political and legal arrangements for SNGs their involvement in national policy arenas which discuss and decide on national SDG strategies and the need for locally disaggregated data systems on the one hand and effective SDG localization strategies on the other hand It is this aspect which the present publication explores in greater detail by using country examples and conceptual analyses The text will be of interest to policymakers scholars students and practitioners in public policy and public administration decentralization and sustainable development with a focus on the Asia and Pacific region The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivative License CC BY NC ND 3 0 IGO

[The Role and Future of the Commonwealth](#) Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2012-11-15 The Commonwealth is working for the UK however if the organisation is to reach its potential and influence events the Commonwealth Secretariat needs to sharpen strengthen and promote its diplomatic performance Recently the Commonwealth has appeared less active and less publicly visible The Government does not appear to have a clear and coordinated strategy for its relations with the Commonwealth The moral authority of the Commonwealth has too often been undermined by the repressive actions of member governments The Committee is disturbed to note the ineffectiveness of the mechanisms for upholding the Commonwealth's values and expresses support for the Eminent Persons Group's proposal for a

Commonwealth Charter The Committee also says that it is not convinced that member states are making the most of the economic and trading opportunities offered by the Commonwealth The report welcomes the fact that the Commonwealth continues to attract interest from potential new members and the report says that there are advantages in greater diversity and an extended global reach for the Commonwealth however the application process should be rigorous There is also concern at the continuing evidence of serious human rights abuses in Sri Lanka and the Committee urges the Prime Minister to state publicly his unwillingness to attend the Commonwealth Heads of Government Meeting in Colombo meeting unless he receives convincing and independently verified evidence of substantial and sustainable improvements in human and political rights in Sri Lanka
