Sheehan, Alfred M. Smith, 2014-07-15 **HIRED** Paths to Employment in the Social Media Era is a 300 page plus look at the steps today's job seeker should take during their job search to secure employment in the social media era. Unlike so many published books claiming that there are only one or two effective ways to get a job, **HIRED** presents a multi-faceted approach utilizing a myriad of tools. Each of these methods is discussed and explained so they can be implemented effectively, positioning you to secure a new position in the shortest period of time. The book covers a myriad of topics designed to accelerate the search. These include use of personal assessments, keywords and Boolean searches, personal branding, use of job boards, targeting of positions and companies, resumes, Social Media including Google About me, LinkedIn, Twitter and Facebook, campaign maximization, interviews, alternatives to traditional jobs and the future. There is also in-depth coverage of the enormous Hidden Job Market, which is an area that is often overlooked but where a majority of jobs actually exist. What's more, **HIRED** gives real-life examples of successful methods and demonstrates how the candidate can incorporate them into a marketing campaign similar to the launch of any Branded product. Unlike other books in the job search and career area, **Hired** is an easy read and filled with real-life examples and advice from leading experts. It is based on the experiences the two co-authors have encountered over the past 4 years speaking to and coaching thousands of job seekers. Reader's Comments: If candidates used **HIRED** as a guideline, it would be much easier to place them appropriately. Jay Boylan, Recruiter. **HIRED** is amazingly detailed; if there is a category of the job search you haven't hit, I sure don't know what it is. I think the most interesting component for a lot of people would be the methods of standing out in a process that is computerized and structured to reject most applicants without really looking at them. Newspaper Reporter, Name withheld by request. Every person looking for a new job for any reason must read **HIRED**. Jonathan Harris: there is not one way of finding a job. It has to be a good fit for you. **Hired** provides options to consider. Monica Vincent: As a life-long recruiter, even I was amazed by all the common-sense methods for getting noticed and getting found. **HIRED** misses nothing. Lisa Sisson, Recruiter. **Family Entrepreneur** Fred Dawkins, 2014-10-10 A course in family business entrepreneurship taught through a narrative about four frustrated people taking a seminar that changes their lives. *Throwing Stones in a Glass House: A career battling avalanches in Little Cottonwood Canyon* Liam Fitzgerald, 2022-12-15 This is the story of Liam Fitzgerald who as a young man in the late 1960s more or less stumbled into the exciting and often hazardous life of an avalanche worker His attraction to this line of work led him to Little Cottonwood Canyon in Utah's Wasatch Mountains the birthplace of Avalanche Control and Forecasting in North America There he landed a job as a Ski Patroller at the soon to open super resort of Snowbird a new generation ski area that would soon become synonymous with deep snow and steep terrain just as the ski industry in the US was really about to take off Following a rough start to the resort's inaugural season Liam was abruptly elevated to the position of Snow Safety Director the person responsible for the avalanche program at the fledgling ski area after the first few weeks of operation He found himself in an environment notorious for large and deadly avalanches that threatened not only the skiers flocking to the resort's snow covered slopes but also to motorists traveling along the canyon highway guests staying at the hotels and lodges and local residents who called the canyon home As he would quickly come to understand in Little Cottonwood Canyon avalanches can often be the most important thing in everyone's life Ready or not he was thrown into the fray and quickly realized he had a lot to learn in a short period of time For nearly fifty years Liam negotiated a capricious landscape of snow and avalanches aware of his considerable responsibility learning as he went in an era that not only witnessed explosive growth in the ski industry but also in the number of people willingly putting themselves at risk with their voracious attraction to deep snow and steep terrain But it was also an era of tremendous advancement in the field of avalanche research avalanche forecasting and avalanche

control when the level of knowledge and understanding of snow and avalanches increased exponentially This was an exciting time to be an avalanche guy and Little Cottonwood Canyon was arguably one of the best places in the world to follow that pursuit This is a story about learning from one's mistakes about friendship and camaraderie about exciting times interspaced with moments of fear and on occasion sorrow But above all it's a story of a rather regular person who was lucky enough to have a unique job in a very special place      *The Side Hustle Blueprint: Turning Passions Into Profits* Ahmed Musa
