A History of Young People in the West: Stormy evolution to modern times Giovanni Levi,Jean-Claude Schmitt,1997 However swiftly it passes youth is always with us a perpetual passing phase an apprenticeship to the myriad ways of the world subject of panegyrics and diatribes romances and cautionary tales from antiquity to our day This two volume history is the first to present a comprehensive account of what youth has been in the West and what it has meant through the ages Brought together by Giovanni Levi and Jean Claude Schmitt a company of gifted historians and social scientists traces the changing character and status of young people from the gymnasium of ancient Greece to the lycées of modern France from the sweatshops of the industrial revolution to the crucibles of Nazi youth Monumental in its scope minute in its attention to detail A History of Young People takes us into the sensational rituals surrounding youth in Roman antiquity such as the Lupercalia with its nudity and whipping and into the chivalric trials awaiting the privileged young of the Middle Ages Elisabeth Crouzet Pavan and Michel Pastoureau explore the elusive question of what defines youth a concept that over time has reached from infancy to the age of forty Elliott Horowitz and Renata Ago consider the young in the context of the family within the different worlds of European Judaism and Catholicism through the Renaissance Sabina Loriga takes us through three centuries of military experience to temper and complicate our assumptions about the youthful face of war Michelle Perrot focuses on working class youth and Jean Claude Caron on the young at school The obedient and the rebellious are here the cherished and the sacrificed the children catapulted into adult responsibility the adults who have yet to forsake the protections of childhood What emerges in this history as never before is

Peter Esterhazy Alain Ferrari Jean Paul Enthoven Dossiers Pour Roland Barthes Autour d'un in dit de Kojve Avec Tadeusz Kantor **Canetti lecteur de Stendhal** , L'ouvrage met en évidence le rôle que joue la lecture de Stendhal et en particulier le livre Vie de Henry Brulard dans l'élaboration de l'écriture autobiographique d'Elias Canetti. Il montre les enjeux de cette transposition et sa concrétisation dans la trilogie de Canetti La langue sauvage Le flambeau dans l'oreille Jeux de regard 1977 1985. Par delà les différences d'époque de style et d'orientation, les œuvres de Stendhal et de Canetti reposent sur un certain nombre de postulats communs : que sont le code des valeurs républicain et humaniste, la hiérarchisation des expériences primitives et un parti pris de subjectivité affirmé. Face au doute qui persiste sur leur entreprise dans un contexte de crise de plus en plus aiguë de la subjectivité, les deux autobiographes recourent à des stratégies analogues : provocation, fuite en avant, transfiguration de l'histoire personnelle en un mythe assumé de la personnalité parfaite. **Par une mer basse et tranquille** Donal Ryan, Marie Hermet, 2021-03-31 Ce livre m'a longtemps habité. Je me demande si nous ne sommes pas en train de vivre un nouvel âge doré de la littérature. Jonathan Franzen. Devenu une voix incontournable des lettres irlandaises depuis *Le Coeur qui tourne*, Donal Ryan s'éloigne pour la première fois de son dialecte familier du comté de Limerick pour embrasser un territoire plus vaste. Fuyant les bombardements de Farouk, un mercenaire syrien décide de traverser la Méditerranée avec sa femme et sa fille pour trouver asile en Irlande. Ce pays est le seul qu'il a jamais connu. Lampy, un jeune homme qui rêve de tout plaquer, commence par sa famille et son boulot depuis que Chloe, sa petite amie, l'a quitté. Quant à John, il peut très bien parce qu'il sent la mort approcher, il cherche la redémption après une vie passée à faire le mal autour de lui. Le réfugié a perdu au cœur brisé et le plus évident de la Syrie en guerre, la campagne irlandaise. Trois hommes blessés à la croisée de leurs destins, trois très différents qui se opposent et dont les chemins vont converger de manière inattendue. Un roman bouleversant d'humanité et de justesse.
