Hanna-Barbera Jared Bahir Browsh, 2022-01-11. With careers spanning eight decades, William Hanna and Joseph Barbera were two of the most prolific animation producers in American history. In 1940, the two met at MGM and created *Tom and Jerry*, who would earn 14 Academy Award nominations and seven wins. The growth of television led to the founding of Hanna-Barbera's legendary studio that produced countless hours of cartoons with beloved characters from *Fred Flintstone*, *George Jetson*, and *Scooby Doo* to *Super Friends* and the *Smurfs*. Prime-time animated sitcoms, Saturday morning cartoons, and Cartoon Network's cable animation are some of the many areas of television revolutionized by the team. Their productions are critical to our cultural history, reflecting ideologies and trends in both media and society. This book offers a complete company history and examines its productions' influences, changing technologies, and enduring cultural legacy with careful attention to Hanna-Barbera's problematic record of racial and gender representation.

Hollywood or History? Scott L. Roberts, Charles J. Elfer, 2024-10-01. In response to the limitations associated with teaching through film, we sought to develop practical lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms. One of the more interesting sources of visual media many authors in the previous volumes elected to use as the focus of their lesson plans were cartoons. These lesson plans have been some of the more popular in the series and are often easier to adapt for a variety of grade levels. In conducting research for this volume, we learned that cartoons are an often-used media source in the classroom. They have similar strengths and weaknesses in not only the teaching of history but other social studies disciplines as well. While in many cases their intended audience is younger children, people of all ages enjoy cartoons. This makes them useful for teaching students at all grade levels as well as adults, as there will be immediate buy-in if used as a source of analysis for inquiry-based lessons. As with live-action film, we believe cartoons can also serve as a powerful tool in the social studies classroom and, if appropriately utilized, can foster critical thinking and civic-mindedness. The College Career and Civic Life C3 framework adopted by the National Council for the Social Studies in 2013 represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking, reading, and writing. The C3 is comprehensive and ambitious. Moreover, we believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country, the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute. Our hope is that the present volume might play a small role in the larger *Hollywood or History*.
