The History of the United States of America, Vol. 2 Charles Mackay,2017-01-19 Excerpt from The History of the
United States of America Vol 2 With a Continuation Including the Presidencies of Pierce and Buchanan Georgetown in the
district of Columbia gave shelter to the fugitive editor of The Federal Republican and there he continued to print and thence
to issue his newspaper until partly for the purpose of effecting if possible its re establishment in Baltimore but principally
that he might more emphatically protest against that violent infringement of his liberty both personal and political he
obtained the use of a house as a place of publication there but still printing the journal at Georgetown Having ascertained
that the constituted guardians of order and protectors of the liberties of the citizens either because they were overawed by
the mob or because they shared their madness would not defend him Hanson converted his house into a fortress and
prepared for a siege in the same manner as we have seen the holders of many a blockhouse in the forest wilderness of the
remote West preparing when the scouts had discovered that there were Indians near He was assisted by Generals Henry Lee
and Lingan the former not an undistinguished person in the country for he had been governor of Virginia and of
unimpeachable patriotism for he had fought bravely against the British in the revolutionary war Lingan had fought in the
same war and Lee has for us the additional recommendation of having been a close friend of Washington They with others
joined Hanson resolved to defend his house to the last if it should be assaulted and we can only regret that since such was
their temper and such the circumstances of peril they were placed in the house was not surrounded by a sufficient stockade
as well as occupied by gallant men It was the 27th of July and in the evening the mob appeared before the office of Hanson s
paper and as it seems without parley commenced an attack upon it with stones Disregarding a warning from the garrison to
depart the besiegers continued until they had forced open the door when they were fired upon and one of their number fell
dead many others being badly wounded of whom one died afterwards Beaten back thus the mob sent for a cannon and

meanwhile the city authorities with undoubted civic bravery and despatch besides those less venerable qualities before alluded to had sent out a troop of the mounted militia to make a show at least of acting in the name of the law The commander of this rather questionable force did by his persuasive oratory prevail upon the rioters not to use their gun but instead of dispersing them they exhorted the beleaguered editor and his little band to surrender themselves and be conducted to the prison as a place of refuge and safety They receiving the assurance of the chief magistrate of the city that they should be protected and being moreover both wearied and wounded by the assault unwisely yielded to the summons About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

History of the united states, vol.2, by george bancroft George Bancroft, 1853 [A History of the United States, Vol. 2](#) Edward Channing, 2016-10-13 Excerpt from A History of the United States Vol 2 A Century of Colonial History 1660 1760 The prompt action of the new government and the Convention Parliament in pushing on the passage of the Navigation Act was due to the financial straits of the new rulers and to the pressure which the mercantile and industrial classes put upon them 3 In those days merchants land owners and men of education were united in believing that the

exploitation Of colonists for the benefit of the people of the mother country was right and proper Such a policy does not indicate that they were actuated by a spirit of despotism or disregard of colonial interests but simply that they were living in the days when the existence Of colonies could only be defended on business grounds Moreover the system that comes to be outlined in the navigation laws and acts of trade was a system Of intrainperial free trade and preference for Eng lish products which reminds one of the policy of the United States two hundred and fifty years later About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
