was in short a lot like his country alternately kind and vicious brilliant and blind and a man who fought a lifelong war to keep the republic safe no matter what it took *Voices of a People's History of the United States* Howard Zinn,Anthony Arno,2004 Letter poems speeches and essays are collected in this book that tells the story of the United States from the perspective of people left out of history books such as women workers Native Americans and Latinos Original 60 000 first printing **Parameters** ,1998 United States Military Justice in the Civil War R. Gregory Lande,2024-09-19 Despite its relative invisibility to the public the administration of military justice during the Civil War played a vital role in maintaining the discipline necessary for Union military success While some scholars have criticized the Union military courts as arbitrary and excessively harsh others have defended it as a necessary means of maintaining order in the face of unprecedented challenges faced by the Union Drawing on extensive primary research this history presents a compelling narrative based on a statistical analysis of 5 000 Union military trials court records historical legal publications and insights from contemporary historians This work analyzes the relationship between alcohol misuse and misconduct covers the differing approaches to sexual misconduct across the services and exposes the uneven and sometimes unfair application of military justice Offering a balanced perspective on the struggle between maintaining discipline and protecting the legal rights of service members this history is the first of its kind *FIGHT SONG* Peter Woan,2024-02-22 Every nation s past is prologue to its present and every nation s story unfolds in its own way In this book a native Englishman and long time resident of the United States proposes four defining narratives that have helped fashion the nation s progression toward becoming America westward expansion and a fascination for the moving frontier hunger for land reflected in national expansion through nineteenth century geopolitical acquisitions and the desire of individual Americans to grab their own piece of territory leading to the iconic Homestead Act of 1862 the land grant college movement culminating in Justin Morrill s 1862 landmark legislation representing a shift away from higher education dominated by religious imperatives to a more secular model with significant state sponsorship the GI Bill of Rights enacted in 1944 for servicemen and women returning from WW II and which provided among other benefits a free college education for millions of veterans These four themes are brought together through the uniquely American phenomenon of college football **A History of the People of the United States** John Bach McMaster,1901 **Dictionary Catalog of the Department Library** United States. Department of the Interior. Library,1969 **Architecture in the United States, 1800-1850** William Barksdale Maynard,2002-01-01 This study traces the development of American architecture from the age of Jefferson to the antebellum era providing a survey of this important period W Barksdale Maynard overturns the long accepted notions that the chief theme of early 19th century American architecture was a patriotic desire to escape from European influence and that competing styles chiefly reflected the American struggle for cultural uniqueness Instead deep and consistent aesthetic ties especially with England shaped American architecture and house designs Maynard shows that the Greek Revival in particular was an international

phenomenon with American achievements inspired by British example and with taste taking precedence over patriotism
