W. M. Lund, 2015-07-20 Excerpt from *Como and Italian Lake Land* My thoughts were first drawn to the project of writing this book by what I saw in the course of many visits to the Lake of Como People came and went and going knew little more of the resources of this Queen of Italian waters than when they came The want of some book in English to point out what the Lake had to offer seemed to be at the root of the general failure And so I began to make notes of the natural features history architecture antiquities and art of the immediate locality in the vague hope of

some day helping my compatriots to a better use of their opportunities I next saw that what was true of Como was true also of the splendid interests which lie within easy reach of it and would naturally be embraced in the plan of a visit to its shores Bergamo Saronno Milan La Certosa Chiaravalle the lakes of Iseo and Orta Varallo Novara and Vercelli are to a large extent terra incognita passed by hurried over in some cases even less than a name And so I formed the idea of doing in part at least for them what I had done for Como About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *"Classical" Instruction: its use and abuse.*
