the weakness of Liberal Italy and how the First World War increased its problems before going on to analysing and explaining the rise of Fascism and Mussolini's subsequent consolidation of power. It also includes detailed chapters on life in Fascist Italy, its economy, political system and foreign policy before concluding with an examination of why Mussolini's regime collapsed in 1943. Throughout the book, key dates, terms and issues are highlighted and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills.

Encyclopedia of African American History, 1896 to the Present: J-N, 2009. Alphabetically arranged entries from J to N that explore significant events, major persons, organizations and political and social movements in African American history from 1896 to the twenty-first century.

America, History and Life, 1983. Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.

Subject Guide to Books in Print, 1996. *Historical Abstracts*, 1996. *Paperbound Books in Print*, 1991.

Documentation Abstracts, 1996. **Italy** Mark Robson, 2000. This second edition has been thoroughly updated to take account of key developments in the historiography of Italy during this period. Placing later events in context through a survey of the emergence of the modern Italian state and the liberal monarchy, the author provides a comprehensive account of the rise of fascism and Mussolini's regime until its fall in 1945. Expanded coverage is given to the attraction of fascism for different sectors of Italian society, the fascist political system and an analysis of the regime's social policies, including its attitude towards the role of women, culture and propaganda. The text concludes by drawing relevant comparisons between more recent developments in Italy and the period 1870-1945.

Italy Mark Robson, 2006. Placing later events in context through a survey of the emergence of the modern Italian state and the liberal monarchy, this text provides a comprehensive account of the rise of fascism and Mussolini's regime until its fall in 1945.

The Rise of Italian Fascism A. Rossi, Angelo Tasca, 2010. The rise of Italian fascism is often seen as a pre-condition as well as a precursor of later developments in Europe, most notably in Germany. As such, they were also much discussed in the English-speaking world throughout the 1930s. First published in English in 1938, this book gives an account of Italian history in the years immediately following the first world war, culminating in the triumph of Mussolini. Arguing that Mussolini succeeded because he was much more ruthless than his opponents, he concludes that this is something that must be learnt from: in point of material and military strength, we must be superior to the fascists, since that is the ground on which they are trying to force a decision.

[A History of Italian Fascism](#) Federico Chabod, 1961.

Rethinking the History of Italian Fascism Giulia Albanese, 2022-03-10. In the last years, the discussion around what is fascism, if this concept can be applied to present forms of politics and if its seeds are still present today, became central in the political debate. This discussion led to a vast reconsideration of the meaning and the experience of fascism in Europe and is changing the ways in which scholars of different generations look at this political

ideology and come back to it and it is also changing the ways in which we consider the experience of Italian fascism in the European and global context The aim of the book is building a general history of Fascism and its historiography through the analysis of 13 different fundamental aspects which were at the core of Fascist project or of Fascist practices during the regime Each essay considers a specific and meaningful aspect of the history of Italian fascism reflecting on it from the vantage point of a case study The essays thus reinterrogates the history of Fascism to understand in which way Fascism was able to mould the historical context in which it was born how and if it transformed political cultural social elements that were already present in Italy The themes considered are violence empire war politics economy religion culture but also antifascism and the impact of Fascism abroad especially in the Twenties and at the beginnings of the Thirties The book could be both used for a general public interested in the history of Europe in the interwar period and for an academic and scholarly public since the essays aim to develop a provocative reflection on their own area of research Fascist Italy Hinton,Hite,1998-07 Investigates the history of Italy from 1900 to the end of World War II This work offers students exam preparation and insights into the reasons for the rise of fascism in Italy as well as an appreciation of the nature achievements and failures of Mussolini s regime

The Enigmatic Realm of **Italy The Rise Of Fascism 1896 1946 Access To History**: Unleashing the Language is Inner Magic
