Relations with Saudi Arabia and Bahrain - HC 88 Great Britain: Parliament: House of Commons: Foreign Affairs

Committee,2013-11-22 Saudi Arabia and Bahrain remain key partners for the UK but relations are complicated by the differences between our societies and the pressing need for reform in the Gulf Historic warm relations between the UK government and the leaders of Saudi Arabia and Bahrain are not mirrored in public opinion in Saudi Arabia and the UK and the UK s reputation in Bahrain has also suffered since 2011 The Government must make its public profile and reputation a more central part of its work in the Gulf consider how it can best support much needed economic and political reforms and how it can explain its policies and point to specific achievements when speaking to the public at home and in the Gulf In Saudi Arabia the Government must convert its promising steps so far in providing assistance on legal and judicial reform into solid and reportable programmes In Bahrain it must work to secure access for NGOs and the UN Special Rapporteur on Torture and press more strongly for swifter implementation of reforms Saudi Arabia s role as a key buyer for the UK defence industry is controversial but the report finds little to suggest that ending defence sales from the UK would have any positive effect The aggressive way in which the Bahraini security forces handled events in 2011 has deeply damaged Bahrain s reputation The recommendations of the Bahrain Independent Commission of Inquiry BICI were sensible and the Bahraini government s failure fully to implement them is inexplicable **The New York Times Index** ,2008 Islamic Law and Society Emine Enise Yakar,2021-09-30 This book places context at the core of the Islamic mechanism of ift to better understand the process of issuing fatw s in Muslim and non Muslim countries thus highlighting the connection between context and contemporaneity on one hand and the adaptable perception of Islamic law on the other The practice of ift is one of the most important mechanisms of Islamic law that keeps Islamic thought about ethical and legal issues in harmony with the demands exigencies and developments of time This book builds upon the existing body of work related to the practice of ift but takes the discussion beyond the current debates with the intent of unveiling the interaction between Islamic legal methodologies and different environmental contexts The book specifically addresses the three institutions Saudi Arabia s D r al Ift Turkey s Diyanet and America s FCNA and their Islamic legal opinions fatw s in a comparative framework This demonstrates the existence of complex and diverse ideas around similar issues within contemporary Islamic legal opinions that is further complicated by the influence of international social political cultural and ideological contexts The book thus unveils a more complicated range of interactive constituents in the process of the practice of ift and its outputs fatw s The work will be of interest to academics and researchers working in the areas of Islamic law Middle Eastern studies religion and politics **World of Faith and Freedom** Thomas F. Farr,2008-11-07 In this engaging insider account Farr shows that religious freedom the freedom to practice one s own religion without fear or interference is an essential prerequisite for a democratic society If the U S wants to foster democracy he says it must focus on fostering religious liberty But our foreign policy favors an aggressive secularism that is at odds with religious liberty and that is particularly unwelcome in Muslim societies It is essential says Farr that we take an approach that recognizes the great importance of religion in people s lives

How Change Happens Duncan Green, 2024-05-29 Human society is full of would be change agents a restless mix of campaigners lobbyists and officials both individuals and organizations set on transforming the world They want to improve public services reform laws and regulations guarantee human rights get a fairer deal for those on the sharp end and achieve greater recognition for any number of issues or simply be treated with respect It is striking then that universities have no Department of Change Studies to which social activists can turn for advice and inspiration Instead scholarly discussions of change are fragmented with few conversations crossing disciplinary boundaries or making it onto the radars of those actively seeking change How Change Happens bridges the gap between academia and practice bringing together the best research from a range of academic disciplines and the evolving practical understanding of activists to explore the topic of social and political change Drawing on many first hand examples from the global experience of Oxfam one of the world s largest social justice NGOs as well as the author s 40 years of studying and working on international development it tests ideas and sets out the latest thinking on what works to achieve progressive change This second edition adds a chapter by the LSE s Dr Tom Kirk on the rising importance of digital technology in activism and analyses the implications of some of the darker currents of populism and shrinking civic space for those trying to bring about positive change This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations [Civilization in the 21st Century](#) , *Realism and Moralism in International Relations* Eric J. Secularization of Islam in

Post-Revolutionary Iran Mahmoud Pargoo, 2021-05-30 Examining the trajectory of the secularization of Islam in Iran this book explains how efforts to Islamize society led self destructively to its secularization The research engages a range of debates across different fields emphasizing the political and epistemological instability of the basic categories such as Islam Sharia and secularism The volume is an interdisciplinary study of both the history of Islamic revival and Khomeini's very specific merger of Islamic law and mysticism It traces back the process of secularization to the early encounter of Iranian intellectuals with Europeans and adoption of their fundamental framework in an Islamic guise The process continued until the Islamic Revolution of Iran in 1979 when Khomeini tried to substantively de secularize Iranian social imaginaries His attempts were not followed up by his followers who vigorously reinstated the previous trend after his death resulting in a polity that is mostly secular but with Islamic ornaments Bringing together area studies Iran religious studies Islam and political theory secularism this interdisciplinary volume places findings in a broader narrative that is both specific to Iran and broad enough to engage a global readership
