Corporate Finance Stefan Cristian Gherghina, 2021-05-18 This book comprises 19 papers published in the Special Issue entitled Corporate Finance focused on capital structure Kedzior et al 2020 Ntoun et al 2020 Vintil et al 2019 dividend policy Dragot and Delcea 2019 Pinto and Rastogi 2019 and open market share repurchase announcements Ding et al 2020 risk management Chen et al 2020 Nguyen Thanh 2019 tefko et al 2020 financial reporting Fossung et al 2020 corporate brand and innovation Barros et al 2020 B ach et al 2020 and corporate governance Aluchna and Kuszewski 2020 Dragot et al 2020 Gruszczy ski 2020 Kj rland et al 2020 Koji et al 2020 Lukason and Camacho Mi ano 2020 Rashid Khan et al 2020 It covers a broad range of companies worldwide Cameroon China Estonia India Japan Norway Poland Romania Slovakia Spain United States Vietnam as well as various industries heat supply high tech manufacturing **Corporate Finance** Sunil Mahajan, 2020-12-03 The book introduces corporate finance to first year students in business schools Basic subjects such as marketing human resources and finance are all fundamental to the learning of a business manager A book on these subjects must emphasise learning that is conceptual in nature and at the same time application oriented This book attempts to achieve this in a manner that is comprehensive and shorn of complexity It examines the practice of finance without diluting theory and conceptual knowledge Corporate finance is necessarily quantitative in nature and the book duly places emphasis on that aspect It ensures the primacy of ideas and concepts utilising numbers as supportive elements A Reader in International Corporate Finance Stijn Claessens, Luc Laeven, 2006-01-01 A Reader in International Corporate Finance offers an overview of current thinking on six topics law and finance corporate governance banking capital markets capital structure

and financing constraints and the political economy of finance This collection of 23 of the most influential articles published in the period 2000-2006 reflects two new trends: interest in international aspects of corporate finance particularly specific to emerging markets; awareness of the importance of institutions in explaining global differences in corporate finance. In the last decade financial economists have increasingly focused on the role of laws and institutions in explaining differences in financial development across countries. This collection will be of great use to readers interested in the emerging new paradigm in corporate governance. Andrei Shleifer, Harvard University. Anybody seeking to understand corporate finance and corporate governance must read the papers in this book and the literature they have spawned. The financing of firms is based on contracts and the enforcement of those contracts. Without comparing firms under different contractual systems, therefore, it is impossible to grasp fully the key factors shaping the financing and behavior of firms. Ross Levine, Brown University. This reader describes how law, property rights and corporate governance contribute to financial development as well as how private interest groups can block or support financial reform and thereby shape the financial development of countries. It is a must read for any student of finance. Raghuram Rajan, International Monetary Fund.

Financial Ethics George A. Aragon, 2011. Financial Ethics: A Positivist Analysis provides a framework for the study of financial ethics built on a broad review of mainstream scholarly research published in refereed finance and economics journals. The work is aimed directly at financial academics and students who are likely to be familiar with mainstream financial economics research. It demonstrates that ethics is already an important part of financial research and therefore the approach taken is more of a rediscovery of the ethical dimension of financial economics. This approach is important not only to remind fellow academics that ethics is a legitimate area of interest to positive financial economics but also to encourage them to convey this message to their students without departing from mainstream financial theories and models. A distinctive feature of the text is that it adopts a positivist framework for the field of financial ethics. The text proposes that many finance problems are actually ethics problems and that many economic phenomena such as monitoring, bonding, certification, signaling, incentive contracts and governance structures can be explained as mechanisms for controlling moral risks. The text discusses several examples in which an ethics-centered approach to understanding economic phenomena is similar in spirit to other frameworks which have been applied in positive financial research including the framework used for understanding corporate governance mechanisms as devices for mitigating agency costs and moral hazards in contractual relationships, the transaction governance structure framework that can explain the existence of hierarchies relative to markets when opportunistic behavior is assumed and the roles of reputation and corporate culture in making credible commitments of trust in exchange. These financial ethical technologies are not mutually exclusive but rather mutually enriching ways to deepen our understanding of the same economic phenomena. They are financial technologies because they enhance economic value and they are ethical technologies because their value-enhancing contributions are produced by mitigating moral risks in

exchange **Handbook of Corporate Finance** David J. Denis, 2024-02-12 Expertly surveying the realm of corporate finance this adroitly crafted Handbook offers a wealth of conceptual analysis and comprehensively outlines recent scholarly research and developments within the field It not only delves into the theoretical dimensions of corporate finance but also explores its practical implications thereby bridging the gap between these distinct strands *Perspectives on Patentable Subject Matter* Michael B. Abramowicz, James E. Daily, F. Scott Kieff, 2014-11-28 *Perspectives on Patentable Subject Matter* brings together leading scholars to offer diverse perspectives on one of the most pressing issues in patent law the basic question about which types of subject matter are even eligible for patent protection setting aside the widely known requirement that a claimed invention avoid the prior art and be adequately disclosed Some leading commentators and policy making bodies and individuals envision patentable subject matter to include anything under the sun made by humans whereas other leaders envision a range of restrictions for particular fields of endeavor from business methods and computer software to matters involving life such as DNA and methods for screening or treating disease Employing approaches that are both theoretically rigorous and grounded in the real world this book is well suited for practicing lawyers managers lawmakers and analysts as well as academics conducting research or teaching a range of courses in law schools business schools public policy schools and in economics and political science departments at either the undergraduate or graduate level **Corporate Finance: Theory and Practice in Emerging Economies** Sunil Mahajan, 2020-12-03 The book introduces corporate finance to first year students in business schools Basic subjects such as marketing human resources and finance are all fundamental to the learning of a business manager A book on these subjects must emphasise learning that is conceptual in nature and at the same time application oriented This book attempts to achieve this in a manner that is comprehensive and shorn of complexity It examines the practice of finance without diluting theory and conceptual knowledge Corporate finance is necessarily quantitative in nature and the book duly places emphasis on that aspect It ensures the primacy of ideas and concepts utilising numbers as supportive elements **Handbook of Empirical Corporate Finance** Bjørn Espen Eckbo, 2011-10-13 This second volume of a two part series examines three major topics First it devotes five chapters to the classical issue of capital structure choice Second it focuses on the value implications of major corporate investment and restructuring decisions and then concludes by surveying the role of pay for performance type executive compensation contracts on managerial incentives and risk taking behavior In collaboration with the first volume this handbook takes stock of the main empirical findings to date across an unprecedented spectrum of corporate finance issues The surveys are written by leading empirical researchers that remain active in their respective areas of interest With few exceptions the writing style makes the chapters accessible to industry practitioners For doctoral students and seasoned academics the surveys offer dense roadmaps into the empirical research landscape and provide suggestions for future work Nine original chapters summarize research advances and future topics in the classical issues of capital structure choice

corporate investment behavior and firm value Multinational comparisons underline the volume s empirical perspectives
Complements the presentation of econometric issues banking and capital acquisition research covered by Volume 1

Introduction to Business Finance Anthony Webster,2018-04-18 This text provides a terse introduction to business and corporate finance It is aimed at students early career business professionals and career changers It includes many foundational examples drawn from the fields of Investment Management Private Equity and Investment Banking The book is a required resource for courses at Columbia Xi an and Sichuan universities Corporate Governance and Corporate Finance Ruud A.I. van Frederikslust,James S. Ang,P.S. Sudarsanam,2007-12-18 Pt 1 Alternative perspectives on corporate governance systems pt 2 Equity ownership structure and control pt 3 Corporate governance underperformance and management turnover pt 4 Directors remuneration pt 5 Governance performance and financial strategy pt 6 On takeover as disciplinary mechanism The Cambridge Handbook of the Law of the Sharing Economy Nestor M. Davidson,Michèle Finck,John J. Infranca,2018-11-22 This Handbook grapples conceptually and practically with what the sharing economy which includes entities ranging from large for profit firms like Airbnb Uber Lyft Taskrabbit and Upwork to smaller non profit collaborative initiatives means for law and how law in turn is shaping critical aspects of the sharing economy Featuring a diverse set of contributors from many academic disciplines and countries the book compiles the most important up to date research on the regulation of the sharing economy The first part surveys the nature of the sharing economy explores the central challenge of balancing innovation and regulatory concerns and examines the institutions confronting these regulatory challenges and the second part turns to a series of specific regulatory domains including labor and employment law consumer protection tax and civil rights This groundbreaking work should be read by anyone interested in the dynamic relationship between law and the sharing economy **Capital Structure and Corporate Financing Decisions** H. Kent Baker,Gerald S. Martin,2011-05-03 A comprehensive guide to making better capital structure and corporate financing decisions in today s dynamic business environment Given the dramatic changes that have recently occurred in the economy the topic of capital structure and corporate financing decisions is critically important The fact is that firms need to constantly revisit their portfolio of debt equity and hybrid securities to finance assets operations and future growth Capital Structure and Corporate Financing Decisions provides an in depth examination of critical capital structure topics including discussions of basic capital structure components key theories and practices and practical application in an increasingly complex corporate world Throughout the book emphasizes how a sound capital structure simultaneously minimizes the firm s cost of capital and maximizes the value to shareholders Offers a strategic focus that allows you to understand how financing decisions relates to a firm s overall corporate policy Consists of contributed chapters from both academics and experienced professionals offering a variety of perspectives and a rich interplay of ideas Contains information from survey research describing actual financial practices of firms This valuable resource takes a practical approach to capital structure by

discussing why various theories make sense and how firms use them to solve problems and create wealth In the wake of the recent financial crisis the insights found here are essential to excelling in today s volatile business environment **The Art of Capital Restructuring** H. Kent Baker,Halil Kiymaz,2011-07-28 The most up to date guide on making the right capital restructuring moves The Art of Capital Restructuring provides a fresh look at the current state of mergers acquisitions and corporate restructuring around the world The dynamic nature of M As requires an evolving understanding of the field and this book considers several different forms of physical restructuring such as divestitures as well as financial restructuring which refers to alterations in the capital structure of the firm The Art of Capital Restructuring not only explains the financial aspects of these transactions but also examines legal regulatory tax ethical social and behavioral considerations In addition to this timely information coverage also includes discussion of basic concepts motives strategies and techniques as well as their application to increasingly complex real world situations Emphasizes best practices that lead to M A success Contains important and relevant research studies based on recent developments in the field Comprised of contributed chapters from both experienced professionals and academics offering a variety of perspectives and a rich interplay of ideas Skillfully blending theory with practice this book will put you in a better position to make the right decisions with regard to capital restructuring in today s dynamic business world *Fundamentals of Entrepreneurial Finance* Marco Da Rin,Thomas Hellmann,2020-01-21 Fundamentals of Entrepreneurial Finance provides a comprehensive introduction to entrepreneurial finance showing how entrepreneurs and investors jointly turn ideas into valuable high growth start ups Marco Da Rin and Thomas Hellmann examine the challenges entrepreneurs face in obtaining funding and the challenges investors face in attracting promising ventures They follow the joint journey of entrepreneurs and investors from initial match to the eventual success or failure of the venture Written with the goal of making entrepreneurial finance accessible this book starts with the basics develops advanced topics and derives practical insights Da Rin and Hellmann build on academic foundations from several disciplines and enrich the text with data mini cases examples and exercises Introduction to Financial Accounting Anthony Webster,2018-04-19 This text provides a terse introduction to Financial Accounting It is aimed at students early career business professionals and career changers It includes many foundational examples drawn from the fields of Investment Management Private Equity and Investment Banking The book is a required resource for courses at Columbia Xi an and Sichuan universities
