*Jaco* Bill Milkowski, 2005-11 Book A fitting tribute to the troubled genius who revolutionized electric bass playing and bridged the gaps between jazz R B rock and funk From his early days in R B club bands through his international stardom with fusion group Weather Report and on to his solo career and tragic death at age 35 this book portrays the life and music of Jaco Pastorius the self proclaimed world s greatest bass player This special anniversary edition features new interviews with Jaco s childhood friends prominent bass players of Jaco s era and afterward and girlfriend Teresa Nagell who was with Jaco in the last few years of his life Some incidents from the first edition have been further researched and expanded to become full chapters Exclusive to this edition the CD features newly revealed music tracks from Jaco s early years along with spoken testimonials from Jaco s friends and colleagues The book also contains new never before seen photos acquired from the Pastorius estate

**Jaco Pastorius** Igor Sardi, 2022-02-14 Why a third book dedicated to Jaco More than legitimate question The fact is that in my opinion not even a hundred would be enough to study a musician of such importance in depth After publishing my collection of 60 transcripts many colleagues asked me to write an educational book to analyze his instrumentation his techniques his clich s his compositions and so on Thus was born Jaco Pastorius Complete Study I did my best to enclose as many topics as possible in a book with not too many pages and I must admit that the final result was a success with positive reviews even from famous bass players Despite this in the last year the requests for further information from students and I repeat fellow bass players have reached hundreds and this makes me happy to be clear I therefore decided to create this sequel hoping as always with my utmost commitment to do an interesting job and above all at the height of an immense character like Jaco As always attached to the book there will be educational videos audio examples and backing tracks
