this attitude of disquiet because they know that buried in the brain of Houdini lies the secret of an unknown power he alone possesses that makes their prisons as powerless as Japanese screens and renders their multiple locking handcuffs leg irons and all the other prison paraphernalia no more binding than store twine Suppose the innate and inherent integrity of character that Houdini possesses in common with most men brought up within the circle of a mother's sweet influence were to be swept aside by the desire for riches not his own There are many men of many millions to day whose money is not their own Suppose he should be captured by a band of desperate men determined to wrest from Houdini this secret worth millions Suppose a great hypnotist were to obtain dominance over this mystery enveloped genius and use his baneful powers for evil designs What then A slight knowledge of the marvels Houdini has accomplished mixed with a little imagination would create as many more suppositions of this kind as this book could contain But to be brief admitting the possibility of the happening of any of these suppositious instances and you will gain a clear idea of the extraordinary character and quality of Houdini's powers It is often the best way to see the full scope of a cause by carefully ascertaining its effect This analytical method is equally applicable to Houdini and recognizing the harm he would receive were his secrets confided to unworthy hands you gain an adequately impressive idea of the enormity of responsibility that rests upon him *Escape!* Sid

Fleischman,2008-04-22 How did he walk through walls escape drowning and shatter iron chains that were tightly wrapped around him The rare photos in this book might help you figure it out So might the exclusive update about the rumor that Houdini was poisoned But just remember a true magician never reveals his tricks *Houdini!* Kenneth Silverman,1996
