Red Sox vs. Braves in Boston Charlie Bevis, 2017-11-21 For 52 years Boston was a two team Major League city home to both the Red Sox and the Braves This book focuses on the two teams period of coexistence and competition for fans The author analyzes the Boston fan base through trends in transportation communication geography population and employment Tracing the pendulum of fan preference between the two teams over five distinct time periods a deeper understanding emerges of why the Red Sox remained in Boston and the Braves moved to Milwaukee

Design History Beyond the Canon Jennifer Kaufmann-Buhler, Victoria Rose Pass, Christopher Wilson, 2019-02-07 Design History Beyond the Canon subverts hierarchies of taste which have dominated traditional narratives of design history The book explores a diverse selection of objects spaces and media ranging from high design to mass produced and mass marketed objects as well as counter cultural and sub cultural material The authors research highlights the often marginalised role of gender and racial identity in the production and consumption of design the politics which underpins design practice and the role of designed objects as pathways of nostalgia and cultural memory While focused primarily on North American examples from the early 20th century onwards this collection also features essays examining European and Soviet design history as well as the influence of Asia and Africa on Western design practice The book is organised in three thematic sections Consumers Intermediaries and Designers The first section analyses a range of designed objects and spaces through the experiences and perspectives of users The second section considers intermediaries from both technology and cultural industries as well as the hidden labour within the design process itself The final section focuses on designers from multiple design disciplines including high fashion industrial design interior design graphic design and design history pedagogy The essays in all three sections utilise different research methods and a wide range of theoretical approaches including feminist theory critical race theory spatial theory material culture studies science and technology studies and art history

Design History Beyond the Canon brings together the most recent research which stretches beyond the traditional canon and looks to interdisciplinary methodologies to better understand the practice and consumption of design

Lost Evansville Dr. James Lachlan MacLeod, 2023-10-09 From the Wabash and Erie Canal to the Faultless Caster Factory Evansville has seen much of its history disappear In the early twentieth century vestiges of old Evansville like the Bnai Israel temple and Coal

Mine Hill gave way to a modern city Numerous changes in the thirty years following World War II altered the physical appearance of the city including the removal of the old Central High School Assumption Cathedral Gear Town and more Less physical but nevertheless vital history like the struggle over Civil Rights in Evansville has been overlooked and until now lost Weaving together a captivating fast paced account illustrated with over eighty images award winning Evansville historian Dr James MacLeod tells the fascinating story of what was lost what came in its place and what was preserved against the odds

Queering the Interior Andrew Gorman-Murray, Matt Cook, 2020-06-11 *Queering the Interior* problematizes the familiar space of home It deploys a queer lens to view domestic interiors and conventions and uncovers some of the complexities of homemaking for queer people Each of the book's six sections focuses on a different room or space inside the home The journey starts with entryways and continues through kitchens living spaces bedrooms bathrooms and finally closets and studies In each case up to three specialists bring their disciplinary expertise and queer perspectives to bear The result is a fascinating collection of essays by scholars from literary studies geography sociology anthropology history and art history The contributors use historical and sociological case studies spatial art and literary analyses interviews and experimental visual approaches to deliver fresh detailed and grounded perspectives on the home and its queer dimensions A highly creative approach to the analysis of domestic spaces *Queering the Interior* makes an important contribution to the fields of gender studies social and cultural history cultural studies design architecture anthropology sociology and cultural geography

The Design of Childhood Alexandra Lange, 2018-06-12 From building blocks to city blocks an eye opening exploration of how children's playthings and physical surroundings affect their development Parents obsess over their children's playdates kindergarten curriculum and every bump and bruise but the toys classrooms playgrounds and neighborhoods little ones engage with are just as important These objects and spaces encode decades even centuries of changing ideas about what makes for good child rearing and what does not Do you choose wooden toys or plastic or increasingly digital What do youngsters lose when seesaws are deemed too dangerous and slides are designed primarily for safety How can the built environment help children cultivate self reliance In these debates parents educators and kids themselves are often caught in the middle Now prominent design critic Alexandra Lange reveals the surprising histories behind the human made elements of our children's pint size landscape Her fascinating investigation shows how the seemingly innocuous universe of stuff affects kids behavior values and health often in subtle ways And she reveals how years of decisions by toymakers architects and urban planners have helped and hindered American youngsters' journeys toward independence Seen through Lange's eyes everything from the sandbox to the street becomes vibrant with buried meaning *The Design of Childhood* will change the way you view your children's world and your own

Transparency Daniel Jutte, 2023-04-25 A wide ranging illustrated history of transparency as told through the evolution of the glass window Transparency is a mantra of our day It is key to the Western understanding of a liberal society We expect transparency from for instance political institutions corporations and

the media But how did it become such a powerful and global idea From ancient glass to Apple s corporate headquarters this book is the first to probe how Western people have experienced conceptualized and evaluated transparency Daniel J tte argues that the experience of transparency has been inextricably linked to one element of Western architecture the glass window Windows are meant to be unnoticed Yet a historical perspective reveals the role that glass has played in shaping how we see and interpret the world A seemingly pure material glass has been endowed throughout history with political social and cultural meaning in manifold and sometimes conflicting ways At the same time J tte raises questions about the future of vitreous transparency its costs in terms of visual privacy but also its ecological price tag in an age of accelerating climate change

How Cities Matter Richard Harris,2021-08-12 Most historians and social scientists treat cities as mere settings In fact urban places shape our experience There daily life has a faster artificial rhythm and for good and ill people and agencies affect each other through externalities uncompensated effects whose impact is inherently geographical In economic terms urban concentration enables efficiency and promotes innovation while raising the costs of land housing and labour Socially it can alienate or provide anonymity while fostering new forms of community It creates congestion and pollution posing challenges for governance Some effects extend beyond urban borders creating cultural change The character of cities varies by country and world region but it has generic qualities a claim best tested by comparing places that are most different These qualities intertwine creating built environments that endure To fully comprehend such path dependency we need to develop a synthetic vision that is historically and geographically informed

Modern in the Middle Susan Benjamin,Michelangelo Sabatino,2020-09-01 The first survey of the classic twentieth century houses that defined American Midwestern modernism Famed as the birthplace of that icon of twentieth century architecture the skyscraper Chicago also cultivated a more humble but no less consequential form of modernism the private residence Modern in the Middle Chicago Houses 1929 75 explores the substantial yet overlooked role that Chicago and its suburbs played in the development of the modern single family house in the twentieth century In a city often associated with the outsize reputations of Frank Lloyd Wright and Ludwig Mies van der Rohe the examples discussed in this generously illustrated book expand and enrich the story of the region s built environment Authors Susan Benjamin and Michelangelo Sabatino survey dozens of influential houses by architects whose contributions are ripe for reappraisal such as Paul Schweikher Harry Weese Keck Keck and William Pereira From the bold early example of the Battledock House by Henry Dubin 1930 to John Vinci and Lawrence Kenny s gem the Freeark House 1975 the generation spanning residences discussed here reveal how these architects contended with climate and natural setting while negotiating the dominant influences of Wright and Mies They also reveal how residential clients typically middle class professionals progressive in their thinking helped to trailblaze modern architecture in America Though reflecting different approaches to site space structure and materials the examples in Modern in the Middle reveal an abundance of astonishing houses that have never been collected into one study until now

Mid-Century Modernism and the American Body Kristina Wilson, 2021-04-13 The first investigation of how race and gender shaped the presentation and marketing of Modernist decor in postwar America In the world of interior design mid century Modernism has left an indelible mark still seen and felt today in countless open concept floor plans and spare geometric furnishings Yet despite our continued fascination we rarely consider how this iconic design sensibility was marketed to the diverse audiences of its era Examining advice manuals advertisements in Life and Ebony furniture art and more Mid Century Modernism and the American Body offers a powerful new look at how codes of race gender and identity influenced and were influenced by Modern design and shaped its presentation to consumers Taking us to the booming suburban landscape of postwar America Kristina Wilson demonstrates that the ideals defined by popular Modernist furnishings were far from neutral or race blind Advertisers offered this aesthetic to White audiences as a solution for keeping dirt and outsiders at bay an approach that reinforced middle class White privilege By contrast media arenas such as Ebony magazine presented African American readers with an image of Modernism as a style of comfort security and social confidence Wilson shows how etiquette and home decorating manuals served to control women by associating them with the domestic sphere and she considers how furniture by George Nelson and Charles and Ray Eames as well as smaller scale decorative accessories empowered some users even while constraining others A striking counter narrative to conventional histories of design Mid Century Modernism and the American Body unveils fresh perspectives on one of the most distinctive movements in American visual culture

Chicagoland Dream Houses Siobhan Moroney, 2024-01-23 Chicagoland Dream Houses is an engaging addition to the growing body of scholarship concerning Chicago's twentieth century residential landscape characterized by a diverse group of architects and builders Michelangelo Sabatino coauthor of Modern in the Middle Chicago Houses 1929 1975

Racing to Justice John A. Powell, 2024 In *Racing to Justice* renowned social justice advocate John A. Powell persuasively argues that we have yet to achieve a truly post racial society and that there is much work to be done to redeem the American promise of inclusive democracy Gathered from a decade of writing about social justice and spirituality these meditations on race identity and social policy provide an outline for laying claim to our shared humanity and a way toward healing ourselves and securing our future With an updated foreword and a new chapter on polarization this new edition continues to challenge us to replace the attitudes and institutions that promote and perpetuate social suffering with those that foster relationships and a way of being that transcends disconnection and separation *Racing to Justice* is a thought provoking book that offers readers a look into the issues that continue to plague our society It is a reminder that we have yet to address and reckon with the challenges we face in providing equal opportunities for all people in this country and the world

Exiled in L.A. Volker M. Welter, 2025-11-18 The first English language volume to explore the work of architect Leopold Fischer and the inaugural study of his California legacy In 1936 Leopold Fischer 1901 1975 in exile from Nazi Germany arrived in California where he created a small but distinct oeuvre of mostly domestic architecture In

contrast to his famous peers Rudolph Schindler and Richard Neutra immigrants whose Southern California buildings are frequently examined and who like Fischer studied with the modernist architect Adolf Loos Fischer and his California structures have until now escaped the attention of architectural history Exiled in L A examines Fischer's important yet overlooked contributions to Southern California architecture As the whereabouts of Fischer's archives remain unknown Volker M Welter grounds the designer's California works in comparison with his pre-exile projects and the compositions of fellow architects in California In the 1920s Fischer created experimental working class housing estates in Germany that pioneered ecological construction and living practices Comparable to their predecessors Fischer's California buildings revolve around the functioning the organization of a home as he defined domestic architecture in 1926 Featuring new photography and detailed architectural plans this book is an original contribution to the literature on Southern California's built heritage

Migrant Housing Mirjana Lozanovska, 2019-03-01 Migrant Housing the latest book by author Mirjana Lozanovska examines the house as the architectural construct in the processes of migration Housing is pivotal to any migration story with studies showing that migrant participation in the adaptation or building of houses provides symbolic materiality of belonging and the platform for agency and productivity in the broader context of the immigrant city Migration also disrupts the cohesion of everyday dwelling and homeland integral to housing and the book examines this displacement of dwelling and its effect on migrant housing This timely volume investigates the poetic and political resonance between migration and architecture challenging the idea of the house as a singular theoretical construct Divided into three parts Histories and theories of post war migrant housing House home and Mapping migrant spaces of home it draws on data studies from Australia and Macedonia with literature from Canada Sweden and Germany to uncover the effects of unprivileged post war migration in the late twentieth century on the house as architectural and normative model and from this perspective negotiates the disciplinary boundaries of architecture

The Rise of the Neighbourhood in Canada, 1880s-2020s Richard Harris, 2025-03-31 Neighbourhoods matter now more than ever before They sustain fewer social connections but in an era of great social inequality and high levels of immigration they have become vital as places for homeowner investment and educational opportunity for children The Rise of the Neighbourhood in Canada 1880s 2020s traces the changing character and significance of Canadian urban neighbourhoods city and suburban since the 1880s The book highlights patterns in neighbourhood life particularly noticeable in larger urban areas which are especially important for the least mobile people workers lower income households immigrants women children and the elderly It explores how the physical and social characteristics of neighbourhoods affect public health crime rates social capital and job opportunities while shaping the lifelong prospects of children Analysing long term trends the book examines the importance of

communications technology in the context of rising inequality and immigration It shows how as homeownership rose neighbourhoods became vital settings for investment increasingly financialized reducing affordability Using examples from all types of neighbourhoods in cities small and large from St John s through Montreal and Winnipeg to Victoria The Rise of the Neighbourhood in Canada argues that the current prominence of neighbourhoods will persist **The Decorated Tenement** Zachary J. Violette, 2019-04-30 Winner of the International Society of Place Landscape and Culture Fred B Kniffen Award A reexamination of working class architecture in late nineteenth century urban America As the multifamily building type that often symbolized urban squalor tenements are familiar but poorly understood frequently recognized only in terms of the housing reform movement embraced by the American born elite in the late nineteenth century This book reexamines urban America s tenement buildings of this period centering on the immigrant neighborhoods of New York and Boston Zachary J Violette focuses on what he calls the decorated tenement a wave of new buildings constructed by immigrant builders and architects who remade the slum landscapes of the Lower East Side of Manhattan and the North and West Ends of Boston in the late nineteenth century These buildings highly ornamental facades became the target of predominantly upper class and Anglo Saxon housing reformers who viewed the facades as garish wrappings that often hid what they assumed were exploitative and brutal living conditions Drawing on research and fieldwork of more than three thousand extant tenement buildings Violette uses ornament as an entry point to reconsider the role of tenement architects and builders many of whom had deep roots in immigrant communities in improving housing for the working poor Utilizing specially commissioned contemporary photography and many never before published historical images The Decorated Tenement complicates monolithic notions of architectural taste and housing standards while broadening our understanding of the diversity of cultural and economic positions of those responsible for shaping American architecture and urban landscapes Winner of the International Society of Place Landscape and Culture Fred B Kniffen Award
