Kant's Humorous Writings Robert R. Clewis, 2020-11-12 While Kant is commonly regarded as one of the most austere philosophers of all time this book provides quite a different perspective of the founder of transcendental philosophy Kant is often thought of as being boring methodical and humorless Yet the thirty jokes and anecdotes collected and illustrated here for the first time reveal a man and a thinker who was deeply interested in how humor and laughter shape how we think feel and communicate with fellow human beings

In addition to a foreword on Kant's theory of humor by Noël Carroll as well as Clewis's informative chapters Kant's Humorous Writings contains new translations of Kant's jokes, quips and anecdotes. Each of the thirty excerpts is illustrated and supplemented by historical commentaries which explain their significance. The Importance of Being Funny Al

Gini, 2017-07-25 When E. B. White said analyzing humor is like dissecting a frog few people are interested and the frog dies he hadn't seen Al Gini's hilarious incisive and informative take on jokes, joke telling and the jokers who tell jokes. For Gini humor is more than just foolish fun; it serves as a safety valve for dealing with reality that gives us the courage to endure that which we cannot understand or avoid. Not everyone tells jokes. Not everyone gets a joke, even a good one. But Gini argues joke telling can act as both a sword and a shield to defend us from reality. As the late great stand-up comic Joan Rivers put it: If you can laugh at it you can live with it. This book is for anyone who enjoys a good laugh but also wants to know why. **Advocacy**

David Pannick KC, 2023-03-02 Lord Pannick celebrates advocacy that controversial legal issues are decided in court after reasoned argument in which the participants refrain usually from shouting personal insults or threats and the points on each side of the debate are tested for their relevance, their accuracy and their strength. The book seeks to identify the central characteristics of good and bad advocacy with the aid of examples from courtrooms in the UK and abroad. Lord Pannick also examines the morality of advocacy that the advocate sets out views to which he does not necessarily subscribe on behalf of clients for whom she may feel admiration, indifference or contempt. Lord Pannick seeks to answer the question he is often asked more by friends than by judges: How can you act for such terrible people? Finally he addresses the future of advocacy arguing it should and will survive pressures for efficiency and technological developments. **You Are Here: NYC**

Katharine Harmon, 2016-11-01 Maps are magical. Every graphic like every story has a point of view and New York is rife with mapmaking possibilities thick with mythology and glutted with history. You Are Here NYC assembles some two hundred maps charting every inch and facet of the five boroughs depicting New Yorks of past and present and a city that never was. A Nightclub Map of Harlem traces a boozy night from the Radium and the Cotton Club to the Savoy and then the Lafayette Wonders of New York pinpoints three hundred sites of interest including the alleged location of Captain Kidd's buried treasure. The Ghostbusters subway map plots the route from Astral Projections Place to Stay Puft Street and a rejected proposal of ornate topiaries illustrates a Central Park that might have been. This sequel to the best-selling You Are Here includes original essays by Bob Mankoff, Maria Popova, Sarah Boxer and Rebecca Cooper among others. *Funny Stuff* Philip

Witte, Rex Hesner, 2024-07-16 Funny Stuff is a tribute to a unique art form: the single-panel gag cartoon. It looks at why so many of us enjoy cartoons and what makes for a great cartoon. Authors Phil Witte and Rex Hesner consider how cartoonists can present a complex or odd scenario that we immediately grasp and what enables us to get the humor in a flash. Based on interviews with cartoonist legends Roz Chast, Sam Gross, Harry Bliss, Joe Dator, Mick Stevens and many others, Funny Stuff will show how cartoons reveal much about the psyches of their creators. For instance, Roz Chast, known for her neurotic

cartoon characters feared she might die taking a bath because the tub could crash through the floor The text is abundant with cartoons illustrating the observations of Witte and Hesner They point to cartoonists who rely on common situations the desert island Garden of Eden hell and stock characters the pirate business executive scientist as well as cartoonists who subvert these conventions They analyze types of humor absurd dark ironic satirical They address how the wording of a caption can mean the difference between a cartoon succeeding and almost succeeding and the extra degree of difficulty required of the caption less cartoon They discuss cartooning as an art form and specifically how the artwork of the best cartoons supports the humor This book features a foreword written by Bob Mankoff former cartoon editor at The New Yorker and a legend in the cartoon world

The Rejection Collection Matthew Diffie, 2010-05-11 Each week about fifty New Yorker cartoonists submit ten ideas yielding five hundred cartoons for no more than twenty spots in the magazine Arguably the most brilliant single panel gag cartoonists in the world create a bunch of cartoons every week that never see the light of day These rejects were piling up in the dusty corners of studios all over the country Sam Gross who has been contributing since 1962 has more than 12 000 rejected cartoons Seriously He's been numbering every single cartoon he's ever submitted to The New Yorker since the very beginning Enter editor Matthew Diffie He tapped his fellow cartoonists asking them to rescue these hilarious lost gems From the artists stacks of all time favorite rejects Diffie handpicked the standouts the cream of the crap and created The Rejection Collection a place where good ideas go when they die Too risqu silly or weird for The New Yorker the cartoons in this book offer something no other collection has They have never been seen in print until now With a foreword by New Yorker cartoon editor Robert Mankoff that explains the sound judgment respectability and scruples not found anywhere in these pages and handwritten questionnaires that introduce the quirky character of each artist The Rejection Collection will appeal to fans of The New Yorker and to anyone with a slightly sick sense of humor

The New Yorker has published over 75 000 cartoons since its founding and 95% of them were done by only a few hundred cartoonists For decades now Mankoff has been at the center of this talented group of artists He starts his story at age eight when he started doing funny drawings and follows his unlikely stints as a high school basketball star draft dodger and sociology grad student all the while turning out cartoon after cartoon We see his unwavering determination to have The New Yorker publish his work After two years of submitting all I had to show for it were enough New Yorker rejection slips to wallpaper my bathroom I kept at it I had other rooms that needed wallpaper the lucky breaks he finally gets at the magazine and his most popular cartoons the one that lends this book its title earned him a spot in The Yale Book of Quotations A story about making a career out of your passion How About Never is also about why some cartoons make us laugh and others don't and why it's so damn impossible to win the New Yorker caption contest
