

A man in a dark suit and red tie sits behind a wooden desk in a library. He is smiling slightly and looking towards the camera. On the desk are several stacks of books. In the foreground, his feet are visible, resting in a shallow grey bowl filled with water. A white cloth is on the floor next to the bowl. The background is filled with bookshelves.

An Anthropology of the Irish in Belgium Sean O' Dubhghaill, 2019-07-22 The first anthropological account of the Irish diaspora in Europe in the 21st century this book provides a culture centric examination of the Irish diaspora Focusing less on

an abstract or technical definition of Irish self identification the author allows members of this group to speak through vignettes and interview excerpts providing an anthropological lens that allows the reader to enter a frame of self reference This book therefore provides architecture to understand how diasporic communities might understand their own identities in a new way and how they might reconsider the role played by mobility in changing expressions of identity Providing firsthand experiential and narrative insight into the Irish diaspora in Europe this volume promises to contribute an anthropological perspective to historical accounts of the Irish overseas theoretical works in Irish studies and sociological examinations of Irish identity and diaspora

This edited volume offers an interdisciplinary perspective on the history of Irish Travellers. Scholars from anthropology, history, literary studies and socio linguistics explore the methodological problems that arise when a marginalised minority is portrayed by an established and powerful majority population. Each chapter addresses how different sources illuminate settled and Traveller history alike. With new research and perspectives from a number of disciplines *Irish Travellers: Histories and Representations* is a welcome consideration of a neglected aspect of Irish society: the relationship between Irish Travellers and the majority settled population. Although Irish Travellers are a conspicuous minority in contemporary Irish society their past existence is often ignored. The contributors to this volume demonstrate a range of sources and approaches that prove Travellers deserve a place in the narrative of Ireland. This book will appeal to scholars interested in majority-minority relations generally and the example of Ireland in particular.
