about persons The later chapters consider whether objective knowledge is possible in science and ethics Problems from Philosophy represents the final work of philosopher James Rachels In it he brings the same liveliness and clarity to the introduction of philosophy present in his other best selling texts Problems from Philosophy has been revised by James Rachels son Stuart who has carefully refined his father s work to further strengthen its clarity and accessibility The fourth edition features revisions on discussions of free will artificial intelligence idealism and Kantian ethics The Death of God Commission of Spiritual Awareness,2017-07-05 Book on religious thought and practices of today s society Deals with christianity atheism and Agnosticism Splendors of Godly Love Chris N. van der Merwe,2017-08-03 The ethics of the Bible can be summarized in one word love Love became flesh in the person of Jesus in the narrative of his life his teachings his death and his resurrection Jesus was the Word of God John 1 1 Splendors of Godly Love brings a fresh perspective on age old Christian concepts to guide us through life Chris van der Merwe is a literary scholar who carefully analyzes biblical texts and explores the richness of their content He reflects on seven Christian values and explains how faith hope righteousness truth humility and joy are all connected to the central Christian virtue of love While talking about some of the tough choices that present day Christians have to make and the emptiness that so many of us experience he delves deep into the truths of the biblical texts and shares with his readers some of the wonderful wisdom of poets and writers from all over the world He argues that the emptiness of our existence can be filled with meaning only if we seek to reflect the splendor of God s love in our daily lives **Working with Words** Stanley Hauerwas,2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life s complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God **Three Philosophies of Life** Peter Kreeft,2009-12-08 I ve been a philosopher for all my adult life and the three most profound books of philosophy that I have ever read are Ecclesiastes Job and Song of Songs These are the opening lines of Kreeft s Three Philosophies of Life He reflects that there are ultimately only three philosophies of life and each one is represented by one of these books of the Bible life is vanity life is suffering life is love In these three books Kreeft shows how we have Dante s great epic The Divine Comedy played out from Hell to Purgatory to Heaven But it is an epic played out in our hearts and lives here and now Just as there is movement in Dante s epic so there is movement in these books from Ecclesiastes to Job from Job to Song of Songs Love is the final answer to Ecclesiastes quest the alternative to

vanity and the true meaning of life Finally Kreeft sees in these books the epitome of theological virtues of faith hope and love and an essential summary of the spiritual history of the world Learning to Speak Christian Stanley Hauerwas,2014-07-24

The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life s complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary

Through Surrender Pete Robertson,2018-09-14 Jesus s desire for every Christian is to see that He is actively working within their daily lives and that His power evident in everything they do Many Christians view Jesus more from a religious responsibility rather than from a relational point of view With this relational mind set we can learn the practical understanding of how to thrive in every moment that God has given us Life itself has a lot of ups and downs and to live holy in the midst of everything falling apart can sometimes seem impossible Pete weaves his story with God s story by bringing a fresh relevant approach to the topic of surrender Conquer through Surrender will help the follower of Christ learn to see everything from God s eternal perspective As a Christian you will receive practical ways to live holy when daunting circumstance arises You will also explore why you have acted and reacted in certain ways in the past and what you can do to gain victory when trials arise in the future How we think about God will ultimately determine how we live for Him Conquer through Surrender builds a strong framework for practical day by day Christian living The God We Serve is Awesome
