**True Story** Ty Montague, 2013 Is your company a storyteller or a storydoer The old way to market a business was storytelling But in today s world simply communicating your brand s story in the hope that customers will listen is no longer enough Instead your authentic brand must be evident in every action the organization undertakes Today s most successful businesses are storydoers These companies create products and services that from the very beginning are manifestations of an authentic and meaningful story one told primarily through action not advertising In *True Story* creative executive Ty Montague argues that any business regardless of size or industry can embrace the principles of storydoing Indeed our best run companies from small start ups to global conglomerates organize around a coherent narrative that is then broadcast
