## House And Garden Country Chic:

**The House & Garden Book of Country Chic** Leonie Highton, 1997 Country style has proved itself to be an enduring theme in the way we have decorated our homes over the years. It is easy to understand why country decorating is comfortable and accessible: it is forgiving of wear and tear of less than perfect combinations and provides an oasis of warmth in a high pressure world. **THE HOUSE AND GARDEN BOOK OF COUNTRY CHIC** has all the appeal of country decor but develops it into a more sophisticated look for the late 1990s, showing how to combine simplicity and warmth with style and elegance. The stunning illustrations have all been selected from the very best photographs published in *House and Garden* magazine and show how other people have set about surrounding themselves with visual pleasure. Room by room, the chapters in the book consider the essence of chic country style and informative captions pinpoint the key elements. Reflecting the variety and flexibility of the style, the homes featured encompass everything from a classic English look to the warm hues of the Mediterranean or the wonderful natural textures of a retreat in the Far East. Whatever the location and whether your taste is for cosy chintz, Scandinavian simplicity or Mediterranean earthliness, you will find in this book a wealth of ideas. *House & Garden*, 1916 *House & Garden*, 2006 *Garden Design* DK, 2009-01-06 From the publisher of category killer garden books including encyclopedias on gardening, perennials, plants and garden plans, here is the only book you will ever need to design your own garden, whether small or large. For beginners or experts and whatever the size of the garden, this reference shows the techniques step by step for tackling every aspect of garden design, from planning and planting to simple construction projects. *California Country Style* Diane Dorrans Saeks, 2006-10-26 Style expert Diane Dorrans Saeks opens the doors to California's most exclusive and inspirational rural residences. From Pebble Beach to the Napa Valley, California's country homes pair gorgeous natural surroundings with a simple elegance, whether for lounging by the pool, reading under the redwoods or walking the vineyards. Socialite Denise Hale's country hacienda marries antique treasures with adobe walls. A visit to Leslie Rudd's winery estate reveals French furnishings at home with American vintages. And the famed French Laundry restaurant puts a rustic garden on the decorating menu. With 220 bold color photographs, this is a collection sure to please designers, decorators and style watchers. Diane Dorrans Saeks' comprehensive text not only reveals elite sources for unique furnishings but paints fascinating portraits of the homeowners and designers who are as compelling as the spaces they create. *California Country Style* is an ode to great taste. *Encyclopedia of Landscape Design* DK, 2017-09-19 Be inspired to imagine the garden of your dreams with this guide that will help you plan, build and plant your perfect outdoor space. Whether you're aiming for a total redesign or targeting a specific area, *Encyclopedia of Landscape Design* offers fresh and achievable ideas for every gardener. Grasp the fundamentals of landscape and garden design, find a style that's right for you and create the structures and planting plans to bring your ideas to life. Produced by a team of award-winning horticultural experts, *Encyclopedia of Landscape Design* offers extensive design inspiration backed up with solid practical content.
