How God Taught Me About Prosperity:

How God Taught Me about Prosperity Kenneth E. Hagin, 1985-06 This valuable minibook instructs believers on using their faith for finances a subject which is very misunderstood in the Church world today **A Theology of Hope** Sang Yun Lee, 2019-01-03 Lee advocates a theology of hope essentially different from the Moltmann version on which the idea is developed Lee shows how Cho's message particularly in its promise of a saved healthy happy and prosperous life the Threefold Blessing was the antidote to the events that had ravaged the Korean peninsula in the 1950s At the same time Asian Pentecostal scholars might also need a greater appreciation for both the diversity and richness of their cultural and religious past They have found both culturally and biblically acceptable alternatives to and adaptations from the practices of their ancient religions and are seeking to provide answers to the needs of their own context Allan H Anderson University of Birmingham England From the Foreword *Economic Ethics & the Black Church* Wylin D. Wilson, 2017-09-07 This book examines the relationship between race religion and economics within the black church The book features unheard voices of individuals experiencing economic deprivation and the faith communities who serve as their refuge Thus this project examines the economic ethics of black churches in the rural South whose congregants and broader communities have long struggled amidst persistent poverty Through a case study of communities in Alabama's Black Belt this book argues that if the economic ethic of the Black Church remains accommodationist it will continue to become increasingly irrelevant to communities that experience persistent poverty Despite its historic role in combatting racial oppression and social injustice the Church has also perpetuated ideologies that uncritically justify unjust social structures Wilson shows how the Church can shift the conversation and reality of poverty by moving from a legacy of accommodationism and toward a legacy of empowering liberating economic ethics **Living in the Eighties** Gil Troy, Vincent J. Cannato, 2009-10-22 In this volume in the Viewpoints on American Culture series senior and junior scholars as well as one former Reagan official and a leading record executive assess the cultural social economic and political significance of the 1980s **Where Is Jesus When I Am Hurting?** Dr. Clarence V. Sanders, 2015-03-23 This book deals with subject matters that will inspire uplift and encourage its readers through biblical solutions Tasty Jesus Bryan Hurlbutt, 2013-10-28 Tasty Jesus deals with key cultural philosophical and theological representations of Christ that find expression in the North American church Each of these respective cameos of Christ has colored the Christological understanding of many believers in the local assembly We live in a society deeply embedded in a mindless individualism that is more concerned with a malleable Christ that suits their present taste than the Jesus of both the Bible and historic Christian orthodoxy This book is at once a critique a call and a consideration It is a critique of particular visions of Jesus that are embraced by specific subcultures philosophical camps and theological perspectives It is a call to the local church both its attendees and leadership intended to awaken them to the problems with these various portraits in hope of stirring them to respond appropriately It is a consideration of the primary

ideological counterpoints to each view of Jesus and a postulation of the best manner in which to equip believers in the local assembly to respond to each distortion of Jesus and live under the lordship of the real Christ It is time to get Jesus out from under the tyranny of our personal tastes *The Little Things* Leanna Adams,2022-12-08 In life we experience challenges with or without God He is the one in control of our destiny trails the good and the bad He reigns on the just as well as the unjust *The Little Things A Guide to Repentance of Unconfessed Sin with Everything Else* will help readers understand the Christian walk I have demonstrated that all things work together for our good **African Charismatics** Johnson Asamoah-Gyadu,2004-10-01 This volume examines Pentecostal charismatic renewal in an African context Ghanaian Pentecostalism in its modern charismatic form has become the most visible expression of renewal within indigenous Christianity The book first articulates the contribution of the older African initiated churches AICs to local Christianity arguing that in spite of a present decline the AICs have left an enduring theological imprint on indigenous Christian expression Furthermore it accounts for the rise of the new independent churches the charismatic ministries These have been proliferating across the West Africa sub region since the late 1970s In addition to this the book explores how the emphases of the new Ghanaian charismatics internationalism transformation prosperity healing and deliverance provide useful insights into the nature of modern African Pentecostal spirituality **The Routledge Companion to the Study of Religion** John R. Hinnells,2005 The Routledge Companion to the Study of Religion contains everything a student needs for a full understanding of theory and methods in religious studies It begins by explaining the most important methodological approaches to religion including psychology philosophy anthropology and comparative study before moving on to explore a wide variety of critical issues Written entirely by renowned international specialists and using clear and accessible language throughout it is the perfect guide to the problems and questions found in courses and exams **A King's Journey** Steve Richard,2014-01-07 Prepare for the journey of a lifetime **The Routledge Companion to the Study of Religion** John Hinnells,2005-06-21 Providing a genuinely full guide to the theory and methods related to religious studies this text written entirely by world renowned specialists is the ideal resource for those studying the discipline Charismatic Chaos John F. MacArthur,John MacArthur,1993-07-10 Charismatic Chaos thoughtfully and carefully shines the light of Scripture on teaching that is not only gaining massive and loyal television followin but also leading to disunity on a worldwide scale and promising to fuel controversy for years to come **Evangelical and African Pentecostal Unity** Hugh Osgood,2024-04-18 As the millennium approached the number of independent African Pentecostal churches in Britain increased rapidly Having assimilated classical Pentecostalism and the charismatic movement and having begun to find ways of working with the Caribbean Pentecostal denominations it remained to be seen how UK evangelicalism would fare with African Pentecostals This book looks at the intricacies of the relationship at a time that provided ample opportunities to weigh the benefits and challenges of integration from every possible angle **Apostasy!** Jeff Kluttz,2012-01-06 Apostasy is creeping into the church from

televisions books and star personality tours of rich and blasphemous self proclaimed prophets of God many of whom are the most famous pastors and teachers in the U S These counterfeit shepherds teach that faith is a material substance more powerful than God accessible to all men and capable of creating anything man s heart can desire by the mere utterance of faith filled words This doctrine has leached into all areas of the theological systems of what are known as Word of Faith churches Virtually every major area of systematic theology in this movement has been taken captive by the repercussions of this primordial error In this heresy God is limited Man is unlimited Satan fills a necessary role in atonement for sin Health wealth power and all means of temptation are heralded as virtues of the faith while millions empty their bank accounts for the promise of such ambition Preying on the poor and desperate this movement is systematically fulfilling biblical prophecies concerning a latter day apostasy within Christendom Happy Lies Melissa Dougherty,2025-01-28 In this groundbreaking book popular apologist Melissa Dougherty helps us understand how our society got to be so toxically subjective why endless positivity is inherently destructive and how we can live with faithful truth and genuine love in these self obsessed times Melissa Dougherty skillfully diagnoses the issue and provides the cure the authentic and life giving truth of the Christian worldview Wesley Huff Have you ever wondered how we ended up in a world where personal feelings could become the authority for reality Or why so many of us are on a relentless pursuit for happiness yet somehow feel more exhausted and sadder than ever You re not alone Melissa deftly traces the roots of today s social chaos back to a little known but very influential 1800s philosophy known as New Thought A former follower of its teachings Melissa provides clarity and compassion mixed with a dash of loving snark as she exposes New Thought s deceptions and its many concerning tendrils within the church and our self help culture You ll be shocked grieved and encouraged as you learn How you can experience true freedom hope and peace instead of the world s counterfeits How an anti God ideology so easily hijacked Christian sounding ideas Why thinking positively is entirely different from the unbiblical and burdensome positive thought movement Why fake authenticity short circuits real redemption How understanding the New Thought mindset can help us share our faith more effectively Uncover a dangerous ideology that nearly everyone has met yet few of us can name in order to better understand our culture and joyfully live faithful to the gospel that is so much better than our world s Happy Lies

Christianity and Politics in Doe's Liberia Paul Gifford,2002-05-16 This study examines the role of Christianity in Liberia under the corrupt regime of Samuel K Doe 1980 1990 Paul Gifford shows that in general Liberian Christianity far from being a force for justice and human advancement diverted attention from the cause of Liberia s ills left change to God s miraculous intervention encouraged obedience and acceptance of the status quo and thus served to entrench Doe s power This Christianity devised in and controlled from the United States thus furthered regional American economic and political objectives which were designed to support Doe s rule Christianity in Crisis Hank Hanegraaff,2012-06-18 Nearly two decades ago Hank Hanegraaff s award winning Christianity in Crisis alerted the world to the dangers of a cultic movement

within Christianity that threatened to undermine the very foundation of biblical faith But in the 21st century there are new dangers new teachers who threaten to do more damage than the last These are not obscure teachers that Hanegraaff unmasks We know their names We have seen their faces sat in their churches and heard them shamelessly preach and promote the false pretexts of a give to get gospel They are virtual rock stars who command the attention of presidential candidates and media moguls Through make believe miracles urban legends counterfeit Christs and twisted theological reasoning they peddle an occult brand of metaphysics that continues to shipwreck the faith of millions around the globe God cannot do anything in this earthly realm unless we give Him permission Keep saying it I have equality with God talk yourself into it Being poor is a sin The Jews were not rejecting Jesus as Messiah it was Jesus who was refusing to be the Messiah to the Jews You create your own world the same way God creates His He speaks and things happen you speak and they happen Christianity in Crisis 21st Century exposes darkness to light pointing us back to a Christianity centered in Christ From the Preface Having lost the ability to think biblically postmodern Christians are being transformed from cultural change agents and initiators into cultural conformists and imitators Pop culture beckons and postmodern Christians have taken the bait As a result the biblical model of faith has given way to an increasingly bizarre array of fads and formulas NIVAC Bundle 5: Minor Prophets Gary V. Smith, James Bruckner, Mark J. Boda, 2015-11-03 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context To bring the ancient messages of the Bible into today's world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today's preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written *Evangelicalism* Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving

cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America s culture and unabashedly populist Many Evangelicals view America as God s chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

Colored Television Marla Frederick, 2015-12-16 The presence of women and African Americans not simply as viewers but also as televangelists and station owners in their own right has dramatically changed the face of American religious broadcasting in recent decades Colored Television looks at the influence of these ministries beyond the United States where complex gospels of prosperity and gospels of sexual redemption mutually inform one another while offering hopeful yet socially contested narratives of personal uplift As an ethnography Colored Television illuminates the phenomenal international success of American TV preachers like T D Jakes Creflo Dollar Joyce Meyer and Juanita Bynum Focusing particularly on Jamaica and the Caribbean it also explores why the genre has resonated so powerfully around the world Investigating the roles of producers consumers and distributors Marla Frederick takes a unique look at the ministries the communities they enter and the global markets of competition that buffer them
