How God Works A Logical Inquiry On Faith:

How "God" Works Marshall Brain, 2015-01-06 Does God exist Using an intellectually rigorous scientific approach Marshall Brain the founder of HowStuffWorks com and author of the How Stuff Works series sets out to resolve the eternal debate once and for all With a compelling sense of curiosity he breaks down mankind s search for a higher power tackling such quandaries as Who is God What are his attributes What is God doing and why How does God interact with humanity And ultimately how can humans know with certainty whether God is real or imaginary *How God Works* is an enlightening journey in critical thinking that challenges readers to boldly approach the subject of personal faith and put aside intuition in favor of objectivity and logic

Antidote to Trumpism Luis Bernardo Mercado, 2019-12-09 Antidote to Trumpism is a wide ranging collection of essays meant to help Americans embrace intellectual honesty improve their critical thinking skills and avoid being deceived by propaganda The most important chapters explore how to improve our understanding of the way our government functions how the Trump administration has attacked the rule of law and our Constitution the importance of protecting our democracy and our environment and interesting political religious and scientific concepts Other essays discuss how to deal with anxiety disorders food allergies and rosacea Most of the chapters end with a list of recommended texts that will help those interested in learning more about the subjects discussed

The Bible, Homer, and the Search for Meaning in Ancient Myths John Heath, 2019-04-29 *The Bible Homer and the Search for Meaning in Ancient Myths* explores and compares the most influential sets of divine myths in Western culture the Homeric pantheon and Yahweh the God of the Old Testament Heath argues that not only does the God of the Old Testament bear a striking resemblance to the Olympians but also that the Homeric system rejected by the Judeo Christian tradition offers a better model for the human condition The universe depicted by Homer and populated by his gods is one that creates a unique and powerful responsibility almost directly counter to that evoked by the Bible for humans to discover ethical norms accept death as a necessary human limit develop compassion to mitigate a tragic existence appreciate frankly both the glory and dangers of sex and embrace and respond courageously to an indifferent universe that was clearly not designed for human dominion Heath builds on recent work in biblical and classical studies to examine the contemporary value of mythical deities Judeo Christian theologians over the millennia have tried to explain away Yahweh s Olympian nature while dismissing the Homeric deities for the same reason Greek philosophers abandoned them they don t live up to preconceptions of what a deity should be In particular the Homeric gods are disappointingly plural anthropomorphic and amoral at best But Heath argues that Homer s polytheistic apparatus challenges us to live meaningfully without any help from the divine In other words to live well in Homer s tragic world an insight gleaned by Achilles the hero of the Iliad one must live as if there were no gods at all *The Bible Homer and the Search for Meaning in Ancient Myths* should change the conversation academics in classics biblical studies theology and philosophy have especially between disciplines about the gods of early Greek epic while reframing on a more popular level the

discussion of the role of ancient myth in shaping a thoughtful life

Religion, Supernaturalism, the Paranormal and Pseudoscience Hodayun Sidky, 2019-11-30 Religion

Supernaturalism the Paranormal and Pseudoscience provides a comprehensive rejoinder to the challenges posed to science scientific anthropology evolutionary theory and rationality by the advocates of supernatural paranormal and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism antiintellectualism and emboldened religious fundamentalism and violence Drawing upon H Sidky's scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades the book answers several important questions Why do humans have a proclivity for the supernatural and paranormal thinking Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace promote bloodshed endless cruelties and fervent hatreds and have come at a high cost Why have ancient superstitions been held as sacred inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded Why have not humans outgrown religion and paranormal beliefs *Encyclopedia of the Reformed*

Faith Donald K. McKim, David F. Wright, 1992-01-01 Over 200 international scholars from a variety of denominations have contributed to this outstanding one volume comprehensive reference book Stressing the importance of events persons and theological concepts that have been significant to the Reformed tradition these articles provide authoritative summaries and stimulating discussion **The Emancipation of Faith** Henri Édouard Schedel, 1858 **Karl Barth on Faith** Brandon K.

Watson, 2024-03-18 The present volume examines an underdeveloped component in the theology of Karl Barth Specifically the work asks how and to what extent can faith be understood as ontologically proper to the trinitarian becoming of God The work argues for an ontological grounding of faith in the becoming of God To do so Watson performs an in depth examination

of Barth's understanding of the concept of faith Using Barth's threefold movement of revelation the work contends God can be thought of as the subject Glaubender predicate Glaube and object Geglaubte of faith Barth's theological exposition of Jesus as subject and object of election offers a promising proposal for how faith is ontologically understood At the same time the argument brings to the fore a crucial component of Barth's theological program namely the concept of recognition Anerkennung God's recognizing faith is then conceived as the condition of the possibility of human faith Drawing on Barth's entire oeuvre Watson offers an understanding of the divine becoming of faith that opens possibilities for thinking systematically about the realization of the corresponding human faith Faith Seeking Understanding Daniel L. Migliore, 2014-08-08 A superb standard Christian theology text for nearly a quarter century Daniel Migliore's Faith Seeking Understanding explores all of the major Christian doctrines in freshly contemporary ways This third edition offers new FOR FURTHER READING suggestions at the end of each chapter a substantial expansion of the glossary and new material incorporated throughout including a section on Christians and Muslims Further the three imaginary theological dialogues culminating the book pointedly playful exchanges that have delighted countless readers are here joined by a fourth dialogue between Karl Barth and Friedrich Nietzsche on atheism All in all a new generation of students pastors and Christian educators eager to better understand the rich heritage central themes and contemporary challenges of Christian theology will find both guidance and stimulation in Migliore's updated work **Truth and Mockery in Platon and in Modernity** Dale Wilt Evans, 2001 The modern world is preoccupied with correctness in its views of nature government economy and culture but at an unacceptable price We find nature blind and indifferent and we now see culture as anything legally allowed This insightful study examines the philosophy leading us here while showing how to change it If we accept the integral role of mockery in truth we gain a more comprehensive view of ourselves and the world In a perceptive study of four dialogues of Plato the ones telling the story of Socrates' defense of philosophy we find a pattern for our own growth This book calls for renewed faith in an educated perception and in noble self development It speaks to discovering heart and soul not in an aesthetic diversion but in the nature of everything around us *The Oxford Handbook of Friedrich Schleiermacher* Andrew Dole, Shelli M. Poe, Kevin M. Vander Schel, 2024 This Handbook presents authoritative interpretations of Schleiermacher's work from both German and English speaking scholars Topics covered include Schleiermacher's historical and intellectual context the structure and content of Schleiermacher's theology and philosophy and the reception of his thought **The Emancipation of Faith. ... Edited by G. Schedel** Henry Edward SCHEDEL, 1858 Thomas Aquinas Nicholas Healy, 2021-11-18 The work of Thomas Aquinas 1224-1275 has become increasingly influential in recent doctrinal theology and theological ethics aside from his extraordinary historical significance Thomas has been read ever since his death today as much as ever What is it that distinguishes his work and can his theological judgments and proposals still be brought to bear in contemporary theological inquiry This book presents a new study of Thomas Aquinas focusing on the evangelical

pastoral and theocentric character of his premodern theology Healy presents Thomas as first and foremost a theologian of the Christian life who when he used philosophical concepts did so in order to fulfill the task of theology which he conceived as an ecclesial discipline dedicated above all to helping Christians follow Jesus Christ Thomas's interpretation of Scripture and his theological method his Trinitarian ontology his Christology and his Christological anthropology conception of the church and sacramental theology are all examined from this perspective The richness and complexity yet profound simplicity of the Christian way of life Thomas reveals is shown to make a valuable contribution to the thought of contemporary readers and the significance of Thomas's writings for contemporary theological questions and concerns is revealed *The Christian Work*, 1925 *Christian Faith and Philosophical Inquiry* Charles Herndon Wagers, 1961 **Salvation by Faith** Hyonam Kim, 2019-10-07 The doctrines of covenant faith and the order of salvation are crucial components of early modern Reformed soteriology In seventeenth century England these three major doctrines of Reformed theology which had been taken over undeveloped from the Reformers took a mature shape but aroused controversies among diverse Protestant groups Modern historical scholarship on Reformed orthodoxy has produced little significant research that deals with these doctrines synthetically This examination explores the broader role of faith in relation to these two significant doctrines for salvation in the early modern Reformed theology with specific reference to the thought of Thomas Goodwin To this end Hyo Nam Kim examines Goodwin's life to review his religious experience and to understand his socio theological context Goodwin's soteriology was sharpened by his battles on two fronts The first is the threat of Arminian Neonomian and Socinian soteriologies that tended to place meritorious value on faith and on human acts The second is the Antinomian errors that undervalued faith and human responsibility Goodwin regarded faith as a key concept for his soteriology Faith plays a central role in the covenant theology not only because a lack of faith was the immediate cause of breaking the covenant of works but because saving faith was ordained in the covenant of redemption and actually functions in the covenant of grace as the instrument and a condition for the recovery of the relationship of mankind with God Examination of Goodwin's ordo salutis provides specific insight into the place and function of faith in the covenant of grace since each element of an ordo salutis refers to the blessings prepared for the elect to be finally saved Together with the role of faith in Goodwin's covenant theology therefore the reconstruction of Goodwin's ordo salutis and the close examination of the role of faith in each blessing confirm that although faith may be said to be both an instrument and a condition for salvation faith is the perfect instrument both for making salvation totally God's gracious work and for showing that the elect are not passive objects in the covenant

Profile of a Religious Man Edwin Zackrison, 2020-11-11 This book is a journey book Sitting down at a computer and producing the story has been a grand trek I have learned that there is a principle in nature that some things need to mellow calm down and soak in The refusal of winemakers to take a wine before its time is a notion I am coming to understand It works with writers as well Like a fetus signaling its mother that it is time to head for the hospital a literary work stays in the

mind until its time In my education I have read of the battles of great Church leaders who were eventually thrown out of their churches In my denominational education I was largely led to see them as heretics rebels eccentrics revolutionaries apostates and as generally representing a lower form of spirituality Church education often asked me to surrender my biases in favor of accepting a new set of assumptions my denominational ones We were to be critical of everything except our organization I submit that there is danger in that This book will cover incidents from the first forty years of my life as a religious addict You may find something here that you can identify with **The Chinese Recorder and Missionary Journal** ,1870
