Patanjali: The Yoga Sutras Paramhansa Yogananda,2013-06-03 What happens as we grow spiritually Is there a step by step process that everyone goes through all spiritual seekers including those of any or no religious persuasion as they

gradually work their way upward until they achieve the highest state of Self realization About 2200 years ago a great spiritual master of India named Patanjali described this process and presented humanity with a clear cut step by step outline of how all truth seekers and saints achieve divine union He called this universal inner experience and process yoga or union His collection of profound aphorisms a true world scripture has been dubbed Patanjali s Yoga Sutras Unfortunately since that time many scholarly translators with little or no spiritual realization have written commentaries on Patanjali s writings that have succeeded only in burying his pithy insights in convoluted phrases like becomes assimilated with transformations and the object alone shines without deliberation How can any reader understand Patanjali s original meaning when he or she has to wade through such bewildering terminology Thankfully a great modern yoga master Paramhansa Yogananda author of the classic Autobiography of a Yogi has cut through the scholarly debris and resurrected Patanjali s original teachings and revelations Now in Demystifying Patanjali Swami Kriyananda a direct disciple of Yogananda shares his guru s crystal clear and easy to grasp explanations of Patanjali s aphorisms As Kriyananda writes in his introduction My Guru personally shared with me some of his most important insights into these sutras During the three and a half years I lived with him he also went with me at great length into the basic teachings of yoga I was able moreover to ask my Guru personally about many of the subjects covered by Patanjali His explanations have lingered with me and have been a priceless help in the writing of this book
