Emily Spiers, 2018-04-05 In *Pop Feminist Narratives* Emily Spiers explores the recent phenomenon of pop feminism and pop feminist writing across North America Britain and Germany Pop feminism is characterised by its engagement with popular culture and consumerism its preoccupation with sexuality and transgression in relation to female agency and its thematisation of intergenerational feminist discord portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop feminist politics The heightened visibility of mainstream feminist discourse and feminist activism in recent years especially in North America Britain and Germany means that the time is ripe for a coherent comparative scholarly study of pop feminism as a transnational phenomenon This volume provides such an account of pop feminism in a manner which takes into account the varied and complex narrative strategies employed in the telling of pop feminist stories across multiple genres and platforms including pop literary fiction the popular guide to feminism film music and the digital **Contemporary Novelists and the**

**Aesthetics of Twenty-First Century American Life** Alexandra Kingston-Reese, 2020-01-01 *Contemporary Novelists and the Aesthetics of Twenty First Century American Life* gives us a new way to view contemporary art novels asking the key question How do contemporary writers imagine aesthetic experience Examining the works of some of the most popular names in contemporary fiction and art criticism including Zadie Smith Teju Cole Siri Hustvedt Ben Lerner Rachel Kushner and others Alexandra Kingston Reese finds that contemporary art novels are seeking to reconcile the negative feelings of

contemporary life through a concerted critical realignment in understanding artistic sensibility literary form and the function of the aesthetic Kingston Reese reveals how contemporary writers refract and problematize aesthetic experience illuminating an uneasiness with failure firstly about the failure of aesthetic experiences to solve and save and secondly the literary inability to articulate the emotional dissonance caused by aesthetic experiences now **Immediacy** Anna

Kornbluh, 2024-01-30 Why speed flow and direct expression now dominate cultural style Contemporary cultural style boosts transparency and instantaneity These are values absorbed from our current economic conditions of disintermediation cutting out the middleman Like Uber but for art Immediacy names this style to make sense of what we lose when the contradictions of twenty first century capitalism demand that aesthetics negate mediation Surging realness as an aesthetic program synchs with the economic imperative to intensify circulation when production stagnates Flow is the ultimate twenty first century buzzword but speedy circulation grinds art down to the nub And the bad news is that political turmoil and social challenges require more mediation Collective will inspiring ideas and deliberate construction are the only way out but our dominant style forgoes them Considering original streaming TV popular literature artworld trends and academic theories Immediacy explains the recent obsession with immersion and today's intolerance of representation and points to alternative forms in photography TV novels and constructive theory that prioritize distance impersonality and big ideas instead *The Digital*

*Banal* Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media Yet in their ubiquity digital media have become increasingly banal making it harder for us to register their novelty or the scope of the social changes they have wrought What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate and depict banal use of everyday technologies How do we encounter our own media use in scenes of waiting for e mail watching eBay bids programming as work and worrying about numbers of social media likes friends and followers Zara Dinnen analyzes a range of prominent contemporary novels films and artworks to contend that we live in the condition of the digital banal not noticing the affective and political novelty of our relationship to digital media Authors like Jennifer Egan Dave Eggers Sheila Heti Jonathan Lethem Gary Shteyngart Colson Whitehead Mark Amerika Ellen Ullman and Danica Novgorodoff and films such as *The Social Network* and *Catfish* critique and reveal the ways in which digital labor isolates the individual how the work of programming has become an operation of power and the continuation of the Californian ideology which has folded the radical into the rote and the imaginary into the mundane The works of these writers and artists Dinnen argues also offer ways of resisting the more troubling aspects of the effects of new technologies as well as timely methods for seeing the digital banal as a politics of suppression Bridging the gap between literary studies and media studies *The Digital Banal* recovers the shrouded disturbances that can help us recognize and antagonize our media environment *Girl on Girl* Sophie Gilbert, 2025-04-29 From Atlantic critic and Pulitzer Prize finalist Sophie Gilbert a blazing critique of how early aughts pop culture turned women and girls against each other and themselves with disastrous consequences An urgent read that

addresses questions around the current regression of feminism When did feminism lose its way This question feels increasingly urgent in a moment of reactionary cultural and legislative backlash when widespread uncertainty about the movement's power focus and currency threatens decades of progress Sophie Gilbert a staff writer at The Atlantic and finalist for the Pulitzer Prize in criticism provides one answer identifying an inflection point in the late 1990s and early 2000s when the energy of third wave and riot grrrl feminism collapsed into a regressive period of hyper objectification sexualization and infantilization Gilbert mines the darker side of nostalgia training her keen analytic eye on the most revealing cultural objects of the era across music film television fashion tabloid journalism and more What she recounts is harrowing from the unattainable aesthetic of Victoria's Secret ads and explicit music videos to a burgeoning internet culture vicious towards women in the spotlight and damaging for those who weren't Gilbert tracks many of the period's dominant themes back to the explosion of internet porn tracing its widespread influence as it began to pervade our collective consciousness Gilbert paints a devastating picture of an era when a distinctly American confluence of excess materialism and power worship collided with the culture's reactionary puritanical and chauvinistic currents Amidst a collective reconsideration of the way women are treated in public *Girl on Girl* is a blistering indictment of the matrix of misogyny that undergirded the cultural production of the early twenty first century and how it continues to shape our world today

The H-Spot Jill Filipovic, 2017-05-02 What do women want The same thing men were promised in the Declaration of Independence happiness or at least the freedom to pursue it For women though pursuing happiness is a complicated endeavor and if you head out into America and talk to women one on one as Jill Filipovic has done you ll see that happiness is indelibly shaped by the constraints of gender the expectations of feminine sacrifice and the myriad ways that womanhood itself differs along lines of race class location and identity In The H Spot Filipovic argues that the main obstacle standing in between women and happiness is a rigged system In this world of unfinished feminism men have long been able to have it all because of free female labor while the bar of achievement for women has only gotten higher Never before have women at every economic level had to work so much whether it s to be an accomplished white collar employee or just make ends meet Never before have the standards of feminine perfection been so high And never before have the requirements for being a good mother been so extreme If our laws and policies made women s happiness and fulfillment a goal in and of itself Filipovic contends many of our country s most contentious political issues from reproductive rights to equal pay to welfare spending would swiftly be resolved Filipovic argues that it is more important than ever to prioritize women s happiness and that doing so will make men s lives better too Here she provides an outline for a feminist movement we all need and a blueprint for how policy laws and society can deliver on the promise of the pursuit of happiness for all **The Mermaid of**
