

GOODBYE

Dear, Emily

As our school year ends, I want to tell you how proud I am of you. We had so much fun learning and growing together!

You've worked hard and made our classroom a happy place. I loved seeing your smiles and excitement every day.

Now it's time for summer fun! Play, laugh, and enjoy every moment. Remember, you are amazing and can do anything you set your mind to.

Thank you for a wonderful year. I will miss you and always remember our special times together. Have a great summer!

With love, Mrs Wilson

How Teachers Say Goodbye To Students:

Training Teachers in Emotional Intelligence Elena Savina, Caroline Fulton, Christina Beaton, 2021-10-28 Training Teachers in Emotional Intelligence provides pre and in service teachers with foundational knowledge and skills regarding their own and their students emotions Teachers are increasingly charged with providing social emotional learning responding to emotional situations in the classroom and managing their own stress all of which have real consequences for their retention and student achievement Focused on the primary elementary level this book is an accessible review of children s emotional development the role of emotions in learning teaching and teachers professional identity The book provides strategies for teachers to foster their emotional awareness use emotions to promote learning and relationships foster emotional competencies in students and stay emotionally healthy

Impacts of AI on Students and Teachers in Education 5.0 Mobo, Froilan Delute, 2025-01-23 The integration of artificial intelligence AI in education is reshaping the learning landscape offering personalized and adaptive experiences that cater to individual student needs In the context of Education 5 0 which emphasizes a human centered approach AI has the potential to enhance both teaching and learning by automating administrative tasks providing real time feedback and supporting customized learning pathways This not only improves educational outcomes but also allows teachers to focus on more meaningful interactions with students fostering critical thinking and creativity As society increasingly relies on digital tools the responsible use of AI in education is crucial for preparing students to thrive in a technology driven world while ensuring that learning remains accessible inclusive and engaging Impacts of AI on Students and Teachers in Education 5 0 explores the transformative effects of AI within the context of Education 5 0 It focuses on how AI enhances learning experiences and supports both students and teachers in a human centered educational framework Covering topics such as classroom management educational psychology and students with disabilities this book is an excellent resource for educators school administrators policymakers researchers academicians and more

Teachers Talking about their Classrooms Carmel Mesiti, Michèle Artigue, Hilary Hollingsworth, Yiming Cao, David Clarke, 2021-07-15 Different communities speaking different languages employ different naming systems to describe the events actions and interactions of the mathematics classroom The International Classroom Lexicon Project documented the professional vocabulary available to middle school mathematics teachers in Australia Chile China the Czech Republic Finland France Germany Japan Korea and the United States National teams of researchers and experienced teachers used a common set of classroom videos to stimulate recognition of familiar terms describing aspects of the mathematics classroom This book details the existing professional vocabulary in each international community by which mathematics teachers conceptualise their practice and explores the characteristics structures and distinctive features of each national lexicon This book has the potential to enrich the professional vocabulary of mathematics teachers around the world by providing access to sophisticated classroom practices named by teachers in different countries This one volume

offers separate individual lexicons developed from empirical research the capacity to juxtapose such lexicons and an unmatched opportunity to highlight the cultural historical and linguistic bases of teachers professional language English Uncovered - Lessons for Teachers & Students ,2025-10-06 placeholder 100 Ideas for Secondary Teachers: Supporting Students with Autism Claire Bullock,2016-11-17 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won t fail to inspire and engage all learners _____ For students at secondary school each day brings a different set of challenges to be faced especially for the increasing number of young people diagnosed with autism Not only do secondary students have to contend with the anxieties that come with adolescence but they also have to learn to cope with increasingly difficult work across numerous subject areas and the added pressure of exams This book helps teachers develop subtle learning strategies that will help create an inclusive quality teaching environment where pupils with autism can be supported during this time of change It breaks down the key areas of potential difficulty and offers step by step strategies ideas case studies and links to resources in a style that is easy and accessible Key topics include transition assessment anxiety support behaviour social skills and communication and teasing and bullying This is the ultimate troubleshooting guide that every secondary school teacher should have to hand **Mindfulness for Teachers and Students** Elizabeth McAvoy,Jacqueline Thousand,2017-02-15 A classroom is a high energy dynamic environment in which there are dozens of moving parts at any given moment Teachers need to be able to think quickly and remain calm in the face of constant change Being mindful helps teachers act effectively as opposed to reactively which facilitates classroom management and improves the climate of the classroom and school Mindfulness also helps teachers reduce stress and anxiety improve focus and organization and be more observant and responsive This six page quick reference laminated guide is designed to help busy teachers easily access a wide range of basic mindfulness practices that help them return to the present moment throughout the day It also guides teachers through the process of teaching mindfulness to students K 12 in the classroom so that students are calmer more confident more self reflective less reactive and better able to manage relationships and problem solve **Exam Copy** Beverly Stanford,Forrest Parkay,2004-02 The World We Created at Hamilton High Gerald Grant,1988 In this wonderfully evocative picture of an urban American high school and its successes and setbacks over the past thirty five years Gerald Grant works out a unique perspective on what makes a good school one that asserts moral and intellectual authority without becoming rigidly doctrinaire or losing the precious gains in equality of opportunity that have been won at great cost Grant describes what happened inside Hamilton High a real school although its identity is disguised and how different worlds evolved as the school s authority system was transformed After the opening of Hamilton High in the buoyant and self confident 1950s the school plunged into a period of violence and radical

deconstruction in the late sixties Grant charts the rise of student power in the seventies followed by new transformations of the school in the last decade occasioned in part by the mainstreaming of disabled students and the arrival of Asian immigrants Things got very bad before they got better but they did get better The school went from white power to black power to genuine racial equality Its average test scores declined and then improved Although test score means did not return to their former levels the gap in achievement between the social classes decreased Violence was replaced by a sense of relative safety and security Yet this book is not just a case study In the second half the author presents a general analysis of American education He contrasts the world of Hamilton High with other possible worlds including those at three schools one public and two private that exhibit a strong positive ethos He looks at the way the moral and intellectual worlds have been sundered in many contemporary public schools and asks whether they can be put back together again The book is grounded in a creative methodology that includes research by students at Hamilton High whom Grant trained to analyze life in their school Later he shared this research with teachers as a means of opening a dialogue about what changes they wanted to make Grant s analysis leads to recommendations for two essential reforms and in an epilogue the teachers who read this book also tell us what they make of it and offer their own conclusions Their challenging final words will spur the thinking of educators policymakers scholars parents and all those who are concerned about our schools today

Promoting Social and Emotional Learning Maurice Elias, Joseph E. Zins, Roger P. Weissberg, 1997-09-15 Fostering knowledgeable responsible and caring students is one of the most urgent challenges facing schools families and communities Promoting Social and Emotional Learning provides sound principles for meeting this challenge Students today face unparalleled demands In addition to achieving academically they must learn to work cooperatively make responsible decisions about social and health practices resist negative peer and media influences contribute constructively to their family and community function in an increasingly diverse society and acquire the skills attitudes and values necessary to become productive workers and citizens A comprehensive integrated program of social and emotional education can help students meet these many demands The authors draw upon scientific studies theories site visits and their own extensive experiences to describe approaches to social and emotional learning at all levels Framing the discussion are 39 concise guidelines as well as many field inspired examples for classrooms schools and districts Chapters address how to develop implement and evaluate effective strategies Educators who have programs in place will find ways to strengthen them Those seeking further direction will find an abundance of approaches and ideas Appendixes include a curriculum scope for preschool through grade 12 and an extensive list of contacts that readers may follow up on for firsthand knowledge about effective social and emotional programs The authors of Promoting Social and Emotional Learning are members of the Research and Guidelines Work Group of the Collaborative for the Advancement of Social and Emotional Learning CASEL [The Linguistic Toolkit for Teachers of English](#) Rolf Kreyer, 2023-10-23 In contrast to literary or cultural studies linguistics is not taught in the EFL classroom yet it

plays a major role in any English language teaching degree Given this discrepancy it does not come as a surprise that students sometimes ask I want to be a teacher Why do I need all this The main goal of this textbook is to demonstrate the relevance of linguistic expertise for the EFL classroom It explores a wide range of topics phonetics phonology lexis corpus linguistics text linguistics and the power of language with a clear focus on providing a convincing answer to the question above With its highly accessible style and layout a wealth of examples and exercises as well as a large range of additional innovative online materials this textbook sets out to convince its readers that they will be better teachers if they are good linguists
