The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007 08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country *Advancing Africa's Sustainable Development* Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Facing Forward Sajitha Bashir, Marlaine Lockheed, Elizabeth Ninan, Jee-Peng Tan, 2018-09-20 Facing Forward lays out a range of policy and implementation actions that are needed for countries in Sub Saharan Africa to meet the challenge of improving learning while expanding access and completion of basic education for all The book underscores the importance of aligning the education system to be relentlessly focused on learning outcomes and to ensuring that all children have access to good schools good learning materials and good teachers It is unique in characterizing countries according to the challenges they faced in the 1990s and the educational progress they have made over the past 25 years allowing countries in

the region to learn from each other The authors review the global literature and add to it by their extensive new analyses of multiple datasets from more than three dozen countries in the region they integrate findings about what affects children's learning their access to schooling and progress through basic education The book draws lessons from the region and for the region about what works and what is needed to better implement what is known to have worked The book examines four areas to help countries better align their systems to improve learning 1 completing the unfinished agenda of reaching universal basic education with quality 2 ensuring effective management and support of teachers 3 targeting spending priorities and budget processes on improving quality and 4 closing the institutional capacity gap It concludes with an assessment of how future educational progress may be affected by projected fertility rates and economic growth

Radiology in Global Health Daniel J. Mollura, Melissa P. Culp, Matthew P. Lungren, 2018-12-31 Exploring the question as to why more than half the world continues to have little or no access to medical imaging and radiology this important second edition fully revised and expanded offers not only answers but practical solutions providing new tools ideas and strategies for bringing vital radiology to low resource areas Based on RAD AID's ten years of work 2008-2018 serving indigent communities around the world the book's interdisciplinary approach offers the synthesis of business management government policy formulation clinical methods and engineering in order to integrate economic development technology innovation clinical model planning educational strategies and public health measures The gold standard title in the field Radiology in Global Health 2nd Edition is intended for a broad audience including physicians especially radiologists and radiology residents radiology technologists radiology nurses sonographers hardware software engineers policy makers business leaders researchers and public health specialists at all levels who use or implement health care services for underserved populations In addition as health care providers use radiology in the process of clinical decision making this title is also designed for clinical physicians nurses nurse practitioners physician assistants and paramedical personnel Administrators and public health personnel will also be interested as the planning of radiology services for health care systems at both the facility level and at the population level requires a clear understanding of the technological challenges and management opportunities

Negotiating Identities in Contemporary Africa Toyin Falola, Emmanuel M. Mbah, 2023-08-29 Negotiating Identities in Contemporary Africa Gender Religion and Ethno cultural Identities explores the changing dynamics of identities in Africa with a focus on gender ethno cultural and religious identity Toyin Falola and Emmanuel M Mbah argue that because identity defines who we are as individuals or groups studies on African identities must focus on understanding the changing dynamics in the socio economic and political spheres in the continent These chapters cover subjects such as women's career identity gender roles and knowledge childlessness ethnocentrism and democracy cultural identity through theater Black identity in the diaspora and diasporic consciousness Using existing scholarship the chapters in this edited volume challenge our understanding of what identity entails and provide new discussions on the hitherto politicized historiography of some

identities in Africa *Effects of Engagement and Resources on Learning Outcomes in Vocational Colleges: Emerging Research and Opportunities* Malechwani, Joseph Muthiani, 2019-08-30 A main staple of today's world that has played a key role in the development of society is education and institutions of higher learning. An ongoing concern however has been the lack of access and resources to superior teaching in developing areas of the world. Student engagement and learning environments are just a few elements that play into the success of colleges in areas like the Coast Region of Kenya. Research must be done in understanding the correlation between the tools that these institutions are equipped with and the educational results of their students. *Effects of Engagement and Resources on Learning Outcomes in Vocational Colleges: Emerging Research and Opportunities* is an essential reference source that discusses the relationship between college resources and students' learning outcomes as well as contributing factors in promoting quality education and training. Featuring research on topics such as research philosophies, teaching workloads, and student engagement, this book is ideally designed for teachers, deans, researchers, education professionals, administrators, policymakers, government officials, and academicians seeking coverage on the methods of acquiring and maintaining quality education in developing countries.

Handbook of Research on Modern Educational Technologies, Applications, and Management Khosrow-Pour D.B.A., Mehdi, 2020-07-10 As technology and technological advancements become a more prevalent and essential aspect of daily and business life, educational institutions must keep pace in order to maintain relevance and retain their ability to adequately prepare students for their lives beyond education. Such institutions and their leaders are seeking relevant strategies for the implementation and effective use of new and upcoming technologies and leadership strategies to best serve students and educators within educational settings. As traditional education methods become more outdated, strategies to supplement and bolster them through technology and effective management become essential to the success of institutions and programs. *The Handbook of Research on Modern Educational Technologies, Applications, and Management* is an all-encompassing two-volume scholarly reference comprised of 58 original and previously unpublished research articles that provide cutting-edge multidisciplinary research and expert insights on advancing technologies used in educational settings as well as current strategies for administrative and leadership roles in education.
