### **Haikus Oscuros Spanish Edition:**

**Haiku** Gabriel Rosenstock, 2009-05-27 In *Haiku the Gentle Art of Disappearing* a renowned Irish poet shows us how haiku may be used as a powerful tool for spiritual interpenetration. This implies that we divest ourselves of the ever chattering mind, shed the voracious ego and enjoy momentary glimpses of unity with natural phenomena. In the companion volume *Haiku Enlightenment* he further explores these thoroughly delightful experiences and invites us to disappear. Haiku is dynamically focussed on the present from season to season from day to day from hour to hour from second to second. But how illusory how fleeting is that present moment. How caught up is it with the past with the future. Can we stop its flow. Are there more ways than one of experiencing its essence. If we experience a moment intensely enough might we disappear. Surprises await those readers who may have considered haiku to be nothing more than an innocuous three line poem. A renowned poet shares his experience of haiku and its potential to surprise us again and again into a sudden awakening and thus to a deeper sense of what it is to be truly alive. His remarkably refreshing insights have delighted confreres around the world.

**Historical Dictionary of Latin American Literature and Theater** Richard Young, Odile Cisneros, 2010-12-18 The *Historical Dictionary of Latin American Literature and Theater* provides users with an accessible single volume reference tool covering Portuguese speaking Brazil and the 16 Spanish speaking countries of continental Latin America: Argentina, Bolivia, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Guatemala, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Uruguay and Venezuela. Entries for authors ranging from the early colonial period to the present give succinct biographical data and an account of the author's literary production with particular attention to their most prominent works and where they belong in literary history. The introduction provides a review of Latin American literature and theater as a whole while separate dictionary entries for each country offer insight into the history of national literatures. Entries for literary terms, movements and genres serve to complement these commentaries and an extensive bibliography points the way for further reading. The comprehensive view and detailed information obtained from all these elements will make this book of use to the general interest reader, Latin American studies students and the academic specialist.
