God in Gotham Jon Butler, 2020-09-29 Perhaps nothing has ever been so frightening to people of faith as the modern Pluralistic and

rationalizing modernity would seem the antithesis of traditional religious practice But as historian Jon Butler shows even Manhattan the supposed capital of American secularism has consistently proven a place steeped in devotion Shuffle Along Noble Sissle, Eubie Blake, 2018-11-30 The Broadway musical Shuffle Along with book by Flournoy Miller and Aubrey Lyles lyrics by Noble Sissle and music by Eubie Blake premiered on 23 May 1921 at the Cort Theatre on 63rd Street and became the first overwhelmingly successful African American musical on Broadway Langston Hughes who saw the production said that Shuffle Along marked the beginning of the Harlem Renaissance Both black and white audiences swarmed to the show which prompted the integration of subsequent Broadway audiences The dances were such a smash that choreographers for white Broadway shows hired Shuffle Along chorus girls to teach their chorus lines the new steps Love Will Find a Way the first successful unburlesqued love song in a black Broadway show was so well received that audiences demanded multiple encores The show's influences went far beyond Broadway Some of the period's most influential black musicians including dancer Josephine Baker vocalist Paul Robeson composer Hall Johnson and composer William Grant Still all got their start in Shuffle Along The editors have assembled the full score and libretto for this critical edition from the original performance materials The critical report thoroughly explains all sources and editorial decisions The accompanying scholarly essay examines the music dances and script of Shuffle Along and places this influential show in its social racial and historical context

The Garretts of Columbia David Nicholson, 2024-01-09 A fascinating excursion into a past that though relatively recent has long been hidden from view Kirkus Reviews starred review 2024 Women's National Book Association Great Group Reads pick A multigenerational story of hope and resilience The Garretts of Columbia is an American history of Black struggle sacrifice and achievement At the heart of David Nicholson's beautifully written and carefully researched book The Garretts of Columbia A Black South Carolina Family from Slavery to the Dawn of Integration are his great grandparents Casper George Garrett and his wife Anna Maria Papa as Garrett was known to his family was a professor at Allen University a lawyer and an editor of three newspapers Dubbed Black South Carolina's most respected disliked man he was always ready to attack those he believed disloyal to his race When his quixotic idealism and acerbic editorials resulted in his dismissal from Allen his wife who was called Mama came into her own as the family bread winner She was appointed supervisor of rural colored schools trained teachers and oversaw the construction of schoolhouses At 51 this remarkable woman learned to drive taking to the back roads outside Columbia to supervise classrooms conduct literacy drives and instruct rural farm women in the basics of home economics Though Papa and Mama came of age in the bleak Jim Crow years after Reconstruction they believed in the possibility of America Resolutely supporting their country during the First World War they sent three of their sons to serve One son wrote a musical with Langston Hughes during the Harlem Renaissance Another son became a dentist A daughter earned a doctorate in French And the family persevered But for all that Papa and Mama did to make Columbia a nurturing place their sons and daughters joined the Great Migration scattering

north in search of the freedom the South denied them The Garretts embraced the hope of America and experienced the melancholy of a family separated by the search for opportunity and belonging On the basis of decades of research and thousands of family letters which include Mama s tart tongued observations of friends and neighbors The Garretts of Columbia is family history as American history rich with pivotal events viewed through the lens of the Garretts s lives

March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature Historical Dictionary of Choral Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music **Blues**

Mamas and Broadway Belters Masi Asare,2024-09-20 In Blues Mamas and Broadway Belters songwriter scholar and dramatist Masi Asare explores the singing practice of black women singers in US musical theatre between 1900 and 1970 Asare shows how a vanguard of black women singers including Gertrude Ma Rainey Bessie Smith Ethel Waters Pearl Bailey Juanita Hall Lena Horne Eartha Kitt Diahann Carroll and Leslie Uggams created a lineage of highly trained and effective voice teachers whose sound and vocal techniques continue to be heard today Challenging pervasive narratives that these and other black women possessed untrained voices Asare theorizes singing as a form of sonic citational practice how the sound of the teacher s voice lives on in the student s singing From vaudeville blues shouters black torch singers and character actresses to nightclub vocalists and Broadway glamour girls Asare locates black women of the musical stage in the context of historical voice pedagogy She invites readers not only to study these singers but to study with them taking seriously what they and their contemporaries have taught about the voice Ultimately Asare speaks to the need to feel and hear the racial history in contemporary musical theatre **Bunk Johnson: His Life and Times** Christopher Hillman,2012-04-11 The life and times of Bunk Johnson

Night's Dancer Yaël Tamar Lewin,2015-08-14 The biography of the first African American prima ballerina Winner of the The Marfield Prize National Award for Arts Writing 2011 Dancer Janet Collins born in New Orleans in 1917 and raised in Los Angeles soared high over the color line as the first African American prima ballerina at the Metropolitan Opera *Night's Dancer* chronicles the life of this extraordinary and elusive woman who became a unique concert dance soloist as well as a black trailblazer in the white world of classical ballet During her career Collins endured an era in which racial bias prevailed and subsequently prevented her from appearing in the South Nonetheless her brilliant performances transformed the way black dancers were viewed in ballet The book begins with an unfinished memoir written by Collins in which she gives a captivating account of her childhood and young adult years including her rejection by the Ballet Russe de Monte Carlo Dance scholar Ya l Tamar Lewin then picks up the thread of Collins s story Drawing on extensive research and interviews with Collins and her family friends and colleagues to explore Collins s development as a dancer choreographer and painter Lewin gives us a profoundly moving portrait of an artist of indomitable spirit **Racial Uplift and American Music, 1878-1943** Lawrence Schenbeck,2012-02-03 Racial Uplift and American Music 1878 1943 traces the

career of racial uplift ideology as a factor in elite African Americans embrace of classical music around the turn of the previous century from the collapse of Reconstruction to the death of composer conductor R Nathaniel Dett whose music epitomized uplift After Reconstruction many black leaders had retreated from emphasizing inalienable rights to a narrower rationale for equality and inclusion they now sought to rehabilitate the race s image by stressing class distinctions respectable middle class behavior and service to the masses Musically the black intelligentsia resorted to European models as vehicles for cultural vindication Their response to racism was to create and promote morally positive politically inoffensive art that idealized the race By incorporating black folk elements into the dignified genres of art song symphony and opera uplifters demonstrated worthiness through high achievement in acknowledged arenas Their efforts were variously opposed tolerated or supported by a range of white elites with their own notions about African American culture The resulting conversation more a stew of arguments than a dialogue occupied the pages of black newspapers and informed the work of white philanthropists Women also played crucial roles Racial Uplift and American Music 1878 1943 examines the lives and thought of personalities central to musical uplift Dett Sears CEO Julius Rosenwald author James Monroe Trotter sociologist W E B Du Bois journalist Nora Douglas Holt and others with an eye to recognizing their contributions and restoring their stature

Spirit in the Dark Josef Sorett, 2016-08-01 Most of the major black literary and cultural movements of the twentieth century have been understood and interpreted as secular secularizing and at times profane In this book Josef Sorett demonstrates that religion was actually a formidable force within these movements animating and organizing African American literary visions throughout the years between the New Negro Renaissance of the 1920s and the Black Arts movement of the 1960s Sorett unveils the contours of a literary history that remained preoccupied with religion even as it was typically understood by authors readers and critics alike to be modern and therefore secular Spirit in the Dark offers an account of the ways in which religion especially Afro Protestantism remained pivotal to the ideas and aspirations of African American literature across much of the twentieth century From the dawn of the New Negro Renaissance until the ascendance of the Black Arts movement black writers developed a spiritual grammar for discussing race and art by drawing on terms such as church and spirit that were part of the landscape and lexicon of American religious history Sorett demonstrates that religion and spirituality have been key categories for identifying and interpreting what was or was not perceived to constitute or contribute to black literature and culture By examining figures and movements that have typically been cast as secular he offers theoretical insights that trouble the boundaries of what counts as sacred in scholarship on African American religion and culture Ultimately Spirit in the Dark reveals religion to be an essential ingredient albeit one that was always questioned and contested in the forging of an African American literary tradition
