

The background of the cover is a light blue and white abstract design. It features a faint silhouette of a human figure in the center. Overlaid on this are several large, detailed, blue and black eyes, some of which are partially cut off by the edges of the frame. There are also some smaller, solid-colored circles in shades of orange and grey scattered throughout the design.

Handbook of Psychology, Forensic Psychology Irving B. Weiner, Randy K. Otto, 2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do. This award-winning twelve-volume reference covers every aspect of the ever-fascinating discipline of psychology and represents the most current knowledge in the field. This ten-year revision now covers discoveries based in neuroscience, clinical psychology's new interest in evidence-based practice and mindfulness, and new findings in social, developmental, and forensic psychology. *The Handbook of Forensic Psychology* Irving B. Weiner, Randy K. Otto, 2013-12-16 A revised new edition of one of the top references for forensic psychologists. This top professional and academic reference in forensic psychology is an established presence as both a professional reference and graduate text. This Fourth Edition is completely revised and updated for the new and rapidly growing demands of the field to reflect the new tools available to and functions required of present-day practitioners. The new edition expands coverage of neuropsychological assessment, eyewitness testimony, jury competence and decision making, including selection process and authority. In addition, the new ethics guidelines approved by the American Psychological Association (APA) are included and interpreted. Updated to include reframed content and the introduction of new chapter topics and authors. Ideal for professional forensic psychologists and graduate students. Written by experts in the field: a clinical professor of psychiatry and an associate professor of mental health policy. *Handbook of Psychology* Alan M. Goldstein, Irving B. Weiner, 2003 Includes established theories and cutting-edge developments. Presents the work of an international group of experts. Presents the nature, origin, implications, and future course of major unresolved issues in the area.
