H. van Wijk-Bos, 2025-11-15 Deuteronomy the final book of the Torah is ostensibly addressed to males but it does not mean it lacks a concern for women In this commentary on Deuteronomy Johanna W H van Wijk Bos provides serious feminist engagement with the complete text paying specific attention to the effect it may have on women's perspectives and considers ways the text highlights female presence or absence In this commentary van Wijk Bos encourages readers to question not only the patriarchal practices reflected in Deuteronomy but also modern misogynist and androcentric assumptions that they may bring to the world of the text Divided into eleven sections Deuteronomy offers insight for our present time as well as an opportunity to hear new voices examine cultural and gender biased interpretations and draw other conclusions to open up new avenues of understanding God and ourselves **Gendering the Renaissance** Meredith K. Ray, Lynn Lara Westwater, 2023-04-14 The essays in this volume revisit the Italian Renaissance to rethink spaces thought to be defined and certain from the social spaces of convent court or home to

the literary spaces of established genres such as religious plays or epic poetry Repopulating these spaces with the women who occupied them but have often been elided in the historical record the essays also remind us to ask what might obscure our view of texts and archives what has remained marginal in the texts and contexts of early modern Italy and why The contributors suggesting new ways of interrogating gendered discourses of genre identities and sanctity offer a complex picture of gender in early modern Italian literature and culture Read in dialogue with one another their pieces provide a fascinating survey of currents in gender studies and early modern Italian studies and point to exciting future directions in these fields

The Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality

Wisdom Commentary: Romans Christian A. Eberhart, 2025-03-15 Can a feminist interpretation of Romans discover anything new In this volume Christian Eberhart pays special attention to the fact that Paul entrusted Phoebe a gentile woman with the task of delivering the letter to Rome There she would have been the person who recited it aloud and by heart in front of various audiences Yet as the leader of a congregation in Corinth Phoebe had likely also been involved in the process of composing the letter as some passages reveal This multifaceted engagement of a woman gives new meaning to the vision of human society in Romans that celebrates the full participation of women and men Jews and gentiles weak and strong and free and slave
