Comparatives and Superlatives

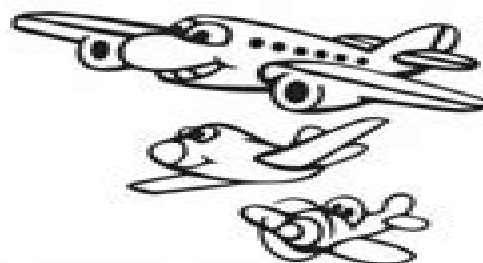

by Julie A. Daymut, M.A., CCC-SLP

Comparatives and superlatives are words we use to describe and compare things. Comparatives and superlatives can be adjectives (words that modify or change nouns) or adverbs (words that modify or change verbs and adjectives). Comparatives compare two things while superlatives compare three or more things. The superlative reflects the “most” of something, its highest degree or quality.

Examples of Comparatives and Superlatives

Most comparatives end in *-er* or *-ier*, although some start with “*more*” or “*less*” (e.g., The test is *more* difficult than the quiz). Most superlatives end in *-est* or *-iest*, although some start with “*most*” or “*least*” (e.g., The final exam is *most* difficult). Some typical examples, with the superlative highlighted, are below:

- loud, louder, **loudest**
- happy, happier, **happiest**
- cold, colder, **coldest**
- high, higher, **highest**
- big, bigger, **biggest**

As well, some comparatives and superlatives do not fit the typical rules for construction. These include: *good, better, best* and *bad, worse, worst*.

Ways to Teach Comparatives and Superlatives

- **Draw pictures of objects.** Have students draw pictures to “see” comparatives and superlatives. To start, have them draw familiar objects like shapes—*big circle, bigger circle, biggest circle*. To increase the difficulty, have them draw more abstract items—*cold, colder, coldest*.
- **Put real objects next to each other.** Show actual objects next to each other for students to compare them. For example, place a pillow (*soft*), marshmallow (*softer*), and cotton ball (*softest*) next to each other.
