Classification and Information Processing at the Turn of the Millennium Reinhold Decker, Wolfgang A.

Gaul, 2012-12-06 This volume contains revised versions of selected papers presented during the 23rd Annual Conference of the German Classification Society GfKl Gesellschaft für Klassifikation. The conference took place at the University of Bielefeld, Germany, in March 1999 under the title Classification and Information Processing at the Turn of the Millennium. Researchers and practitioners interested in data analysis, classification, and information processing in the broad sense, including computer science, multimedia, WWW, knowledge discovery, and data mining, as well as special application areas such as, in alphabetical order, biology, finance, genome analysis, marketing, medicine, public health, and text analysis, had the opportunity to discuss recent developments and to establish cross-disciplinary cooperation in their fields of interest. Additionally, software and book presentations as well as several tutorial courses were organized. The scientific program of the conference included 18 plenary or semi-plenary lectures and more than 100 presentations in special sections. The peer-reviewed papers are presented in 5 chapters as follows: Data Analysis and Classification, Computer Science, Computational Statistics and Data Mining, Management Science, Marketing and Finance, Biology, Genome Analysis, and Medicine, Text Analysis, and Information Retrieval. As an unambiguous assignment of results to single chapters is sometimes difficult, papers are grouped in a way that the editors found appropriate.

Her pure intent was to live her life through The Great Creator's Love and plan for her Reality was not so kind as the Twists, turns, and elusive truth she sought to find unfolds. At the most devastating time she would have to choose, I am sorry. Please forgive me. I love you. Thank you. Father, forgive them; they know not what they do. Setting down the burden of shame, she steps forward to honor The Great Creator's courageous plan for her. What would you attempt to do if you knew you could not fail?
