Essays on Music Theodor Adorno, Richard Leppert, 2002-08-08 A book of landmark importance It is unprecedented in its design a brilliantly selected group of essays on music coupled with lucid deeply incisive and in every way masterly analysis of Adorno's thinking about music No one who studies Adorno and

music will be able to dispense with it and if they can afford only one book on Adorno and music this will be the one. For in miniature it contains everything one needs: a collection of exceptionally important writings on all the principal aspects of music and musical life with which Adorno dealt; totally reliable scholarship and powerfully illuminating commentary that will help readers at all levels read and re-read the essays in question. Rose Rosengard Subotnik, author of *Deconstructive Variations: Music and Reason in Western Society*, an invaluable contribution to Adorno scholarship with well-chosen essays on composers' works, the culture industry, popular music, kitsch, and technology. Leppert's introduction and commentaries are consistently useful; his attention to secondary literature remarkable; his interpretation responsible. The new translations by Susan Gillespie and others are outstanding not only for their care and readability but also for their sensitivity to Adorno's forms and styles. Lydia Goehr, author of *The Quest for Voice: Music, Politics, and the Limits of Philosophy*, with its careful full edition of Adorno's important musical texts and its exhaustive yet eminently readable commentaries. Richard Leppert's magisterial book represents a brilliant solution to the age-old dilemma of bringing together primary text and interpretation in one volume. James Deaville, Director, School of the Arts, McMaster University. The developing variations of Adorno's life-long involvement with musical themes are fully audible in this remarkable collection. What might be called his literature on notes brilliantly complements the notes to literature he devoted to the written word. Richard Leppert's superb commentaries constitute a book-length contribution in their own right which will enlighten and challenge even the most learned of Adorno scholars. Martin Jay, author of *The Dialectical Imagination: A History of The Frankfurt School and the Institute of Social Research*. There is a foot in Anglo-American musicology today: the first wholesale reconsideration of Adorno's thought since the pioneering work of Rose Rosengard Subotnik around 1980. *Essays on Music* will play a central role in this effort. It will do so because Richard Leppert has culled Adorno's writings so as to make clear to musicologists the place of music in the broad critique of modernity that was Adorno's overarching project, and it will do so because Leppert has explained these writings in commentaries that amount to a book-length study so as to reveal to non-musicologists the essentially musical foundation of this project. No one interested in Adorno from any perspective or for that matter in modernity and music at all can afford to ignore *Essays on Music*. Gary Tomlinson, author of *Metaphysical Song: An Essay on Opera*. This book is both a major achievement by its author-editor and a remarkable act of scholarly generosity for the rest of us. Until now, English translations of Adorno's major essays on music have been scattered and often unreliable. Until now there has been no comprehensive scholarly treatment of Adorno's musical thinking. This volume remedies both problems at a single stroke. It will be read equally and eagerly for Adorno's texts and for Richard Leppert's commentary on them, both of which will continue to be essential resources as musical scholarship seeks increasingly to come to grips with the social contexts and effects of music. No one knows Adorno better than Leppert, and no one is better equipped to clarify the complex interweaving of sociology, philosophy, and musical aesthetics that is central to Adorno's work. From now on everyone who reads Adorno on music

leader of the last forty years but he has never been popular Now Australians want to know what kind of man is he and how would he perform as prime minister In this dramatic portrait David Marr shows that as a young Catholic warrior at university Abbott was already a brutally effective politician He later led the way in defeating the republic and as the self proclaimed political love child of John Howard rose rapidly in the Liberal Party His reputation as a head kicker and hard liner made him an unlikely leader but when the time came his opposition to the emissions trading scheme proved decisive Marr shows that Abbott thrives on chaos and conflict Part fighter and part charmer he is deeply religious and deeply political What happens then when his values clash with his need to win This is the great puzzle of his career but the closer he is to taking power the more guarded he has become Since witnessing the Hewson catastrophe at first hand Abbott has worn a mask He has grown and changed Life and politics have taught him a great deal But how this has shaped the fundamental Abbott is carefully obscured What has been abandoned What is merely hidden on the road to power What makes people so uneasy about Abbott is the sense that he is biding his time that there is a very hard operator somewhere behind that mask waiting for power David Marr Political Animal This is no character assassination Marr is not afraid to praise Abbott in places and respects his political skills and intelligence Michael McGuire the Advertiser David Marr is as brilliant a biographer and journalist as this country has produced Peter Craven Australian Spectator If you want to hit a man where it hurts hit him in the groin David Marr doesn't miss in his Quarterly Essay profile Chris Wallace Canberra Times David Marr is the multi award winning author of Patrick White A Life Panic and The High Price of Heaven and co author with Marian Wilkinson of Dark Victory He has written for the Sydney Morning Herald the Age and the Monthly been editor of the National Times a reporter for Four Corners and presenter of ABC TV's Media Watch He is also the author of five bestselling biographical Quarterly Essays

The Happy Hsiungs Diana Yeh,2014-03-01 Try Something Different Something Really Chinese *The Happy Hsiungs* recovers the lost histories of Shih I and Dymia Hsiung two once highly visible but now largely forgotten Chinese writers in Britain who sought to represent China and Chineseness to the rest of the world Shih I shot to worldwide fame with his play *Lady Precious Stream* in the 1930s and became known as the first Chinese director to work in the West End and on Broadway Dymia was the first Chinese woman in Britain to publish a fictional autobiography in English Diana Yeh traces the Hsiungs lives from their childhood in Qing dynasty China and youth amid the radical May Fourth era to Britain and the USA where they rubbed shoulders with George Bernard Shaw James M Barrie H G Wells Pearl Buck Lin Yutang Anna May Wong and Paul Robeson In recounting the Hsiungs rise to fame Yeh focuses on the challenges they faced in becoming accepted as modern subjects as knowledge of China and the Chinese was persistently framed by colonial legacies and Orientalist discourses which often determined how their works were shaped and understood She also shows how Shih I and Dymia in negotiating acceptance performed not only specific forms of

Chineseness but identities that conformed to modern ideals of class gender and sexuality defined by the heteronormative nuclear family Though f ted as The Happy Hsiungs their lives ultimately highlight a bitter struggle in attempts to become modern In the 1930s China became briefly fashionable again after decades of Fu Manchu style demonising This switch coincided with the rise of anti fascism in the West and a new visibility of Chinese art In a path breaking contribution to the study of artistic production by British Chinese Yeh recovers the Hsiungs forgotten history their role in this new China wave and their struggle against hostile stereotyping Shedding light on a history few can have expected the book shows high narrative skill and the author s strong empathetic imagination brings everything to life Gregor Benton author of Chinese Migrants and Internationalism and The Chinese in Britain Through the riveting story of a successful couple of British Chinese artists the Hsiungs this book contributes to our understanding of the real struggles involved in the acceptance of Chineseness not as a fixed identity governed by unchanging tradition as Western Orientalism would have it but as a resolutely modern performative invention shaped by a confluence of globally circulating hybrid ideas concepts and images Ien Ang author of On Not Speaking Chinese Living Between Asia and the West Thanks to the phenomenal success of his play Lady Precious Stream Shih I Hsiung was a household name in the US and UK during the 1930s Diana Yeh explores the Hsiungs role in representing China and Chineseness to the rest of the world forcing us to rethink our vision of the British Chinese as invisible and insular with little social cultural or political impact on wider society Anne Witchard author of Lao She in London and Thomas Burke s Dark Chinoiserie The story of Shih I and Dymia Hsiung fills a gap in our understanding of the Chinese experience in England and highlights how very different it is from that in America Yeh does a remarkable job in unravelling the relationship between the Hsiungs the couple who landed in London in the 1930s and the Hsiungs as personas constructs designed to suit as well as to subvert British tastes for and preconceptions of Chineseness Ronald Egan Professor of East Asian Languages and Cultures Stanford University
