Hopital My father told us that we would go to the top where there is a hotel at Boutilier This was a memorable experience We met farmers working on the fields Some farmers build terraces We met women descending the mountain with baskets on their heads loaded of farm products The women wore blue denim dresses with a colorful piece of cloth wrapped around their waist There were naked children playing by their thatch houses At the age of ten it was fascinating for me to see the children s skin and hair of similar color red brown like the soil The air smelled like Haitian soda In the late 1955 s era the mountain sides located near Port au Prince were not constructed They were invaded by outsiders as in this modern day era In 1964 my whole family migrated to Zaire Africa to flee from the Duvalier Regime I spent a year in Zaire completing my terminal secondary class Then my father sent me to Hampton Virginia I attended Hampton Institute presently known as Hampton University majoring in Biochemistry I spoke little English The following year I stayed in New York with my older sister Gladys I did not pursue Art in college Instead I choose Science After many intermissions e g wedding travel birth I finally received a Bachelors in Science degree at Hunter College in 1978 From 1978 to 2007 I worked in Chemistry at different hospitals in the Bronx North Central Bronx Hospital Einstein Jacobi and Montefiore Hospital I painted occasionally for dear friends my sisters and brother my granddaughter Guenett Three 2 Generations painting I also painted for my niece s and nephew s wedding presents and for decors in my new house When I retired in 2007 my husband and I went to live in Jacmel Haiti his hometown Jacmel is a picturesque town by the beaches Its environment inspired me to take my brushes again Painting became my favorite past time From 2007 to 2010 I painted over thirty paintings I embrace all styles landscape personalized portrait every day occurrence folkloric dance history Haiti that I know before the earthquake of January 2010 will be beautiful again I have to display Haiti s panoramic scenery everyday life and its historic events such as Ceremony of Bois Caiman 1791 Mad Dogs chasing fugitive slaves I have to exhibit some of Haiti s heroic figures for example Toussaint Louverture and Jean Jacques Dessalines My book is mostly about visual art Visual art depicts everything that the eyes can see without embellishment Reality is represented faithfully truthfully and accurately Visual art is objectively real My book illustrates Haiti s history and culture through visual art Haiti has a unique and glorious history History is powerful and should be protected Haiti is a country full of resilience Documenting Haitian history and culture through art is my passion It is important to instruct the young so they can make educated judgment by learning from the past I **Haitian History** Alyssa Goldstein Sepinwall,2013 Despite Haiti s proximity to the United States and its considerable importance to our own history Haiti barely registered in the historic consciousness of most Americans until recently Those who struggled to understand Haiti s suffering in the earthquake of 2010 often spoke of it as the poorest country in the Western hemisphere but could not explain how it came to be so In recent years the amount of scholarship about the island has increased dramatically Whereas once this scholarship was focused on Haiti s political or military leaders now the historiography of Haiti features lively debates and different schools of thought Even as this body of knowledge has developed it has been hard for students to grasp its various
