Halo: Envoy Tobias S. Buckell, 2017-04-25 An original full length novel set in the Halo universe and based on the New York Times bestselling video game series. It has been six years since the end of the Covenant War and yet on the planet Carrow, a world on the edge of the Joint Occupation Zone, a decisive new battle suddenly erupts. Human colonists and the alien Sangheili have already been living a tension-filled coexistence in this place with Unified Earth Government envoy Melody Azikiwe attempting to broker a lasting peace between their two species. But as civil war now engulfs the Sangheili, Melody must act on an additional covert assignment courtesy of the Office of Naval Intelligence: free the SPARTAN IIs known as Gray Team, held in stasis since the end of the war by a cunning Elite fleetmaster consumed with vengeance. And none can anticipate the ongoing violence leading to the discovery of an even greater unstoppable threat, one hidden for eons below the surface of the planet.

Halo: Retribution Troy Denning, 2017-08-29 An original full length novel set in the Halo universe and based on the New York Times bestselling video game series. December 2553: Less than a year after the end of the Covenant War, a string of violent incidents continues to threaten the tenuous peace in human-held space, culminating in the assassination of UNSC fleet admiral Gracelyn Tuva and the abduction of her family. It is a provocation so outrageous that the Office of Naval Intelligence must retaliate swiftly and ferociously, but only after its operatives identify her killer and rescue the hostages. This mission will be the first for homicide detective turned ONI operative Veta Lopis and her young team of Spartan IIIs, and something feels wrong from the start. The obvious suspect is an infamous Brute, Dokab, who leads the Keepers of the One Freedom, a Covenant splinter group in fierce opposition to the UNSC. But Lopis and her team soon realize that the truth is much more insidious than they could ever have imagined, and along with Fred-104, Kelly-087, and Linda-058 of Blue Team for combat support, must stop a plan hatched in the bowels of the secret research station, Argent Moon, a plan so sinister it could destroy all those still reeling from thirty years of intergalactic conflict.

Halo: Bad Blood Matt Forbeck, 2018-06-26 An original full length novel set in the Halo universe and based on the New York Times bestselling video game series. Just hours following their climactic battle on the Forerunner planet Genesis, the Spartans of Blue Team and Fireteam Osiris find themselves running for their lives from the malevolent machinations of the now renegade artificial intelligence Cortana. But even as they attempt to stay one step ahead, trouble seems to find Spartan Edward Buck, no matter where he turns. A secret mission enacted by the Office of Naval Intelligence could possibly help turn the tide, and has Buck reluctantly agreeing to reform his old team, Alpha Nine? Because if the band is really getting back together for this one, that means everybody, including the Spartan who Buck never wants to see again, the one who committed the ultimate betrayal of trust.
